

Woman Joins Honors List

ALTURAS — Mrs. Zoe Darlene Sears has been named to the newly established honors list at Chico State College, Chico, according to announcement made by Dr. John Bergtresser, dean of students. Mrs. Sears achieved a cumulative grade point average of 3.50 or over, which is the equivalent of an A minus average, based upon completion of all 24 semester units at Chico State College.

The honors list, established by the president's cabinet as a means of recognizing high scholarship, is open only to undergraduate students.

Mrs. Sears was one of the 62 Chico State students out of 3,100 students in the spring semester ending June 1 who made the current honors list.

She is the daughter of Mr. and Mrs. Lovell Ingraham of Alturas.

Operating Rights Listed

Farmers who put all their eligible cropland in the Conservation Reserve of the Soil Bank will have certain "operating" rights on their farms.

In the first place, farmers who take advantage of the additional 10 per cent payment for putting all their eligible land in the reserve can continue to live on the farm.

While they cannot, of course, produce any Soil Bank base crops—generally, all grain and row crops, these farmers can grow a farm garden sufficiently large to take care of the family's needs. If they are so set up, there are several other things participating farmers can do on the farm. Among them, he listed, are: other farm buildings, and feed lots; graze noncrop open pasture or range land that is not in the Conservation Reserve; manage already existing timber stands, fruit trees, vineyards, nursery stock, or nut trees.

All farmers who have questions about putting their entire eligible acreage in the program, and any others who are interested, are urged to consult with county ASC officials. Any farmer who has a cropland regularly used for cultivated crops or tame hay is eligible to take part.

Civil Service Position Open

An examination for geologist has been announced by the U.S. Civil Service Commission for filling positions paying starting salaries of \$4,400 and \$5,400 a year in various federal agencies in Washington, D.C., and throughout the United States. Some positions in foreign countries may also be filled. Most of the positions to be filled are in the Department of the Interior, principally in the Geological Survey. Some vacancies also exist in the Bureau of Reclamation and in the Bureau of Mines.

To qualify, applicants must pass a written test. In addition, they must have completed appropriate college study or show a combination of such study and experience in geological work.

Applications must be filed with the executive secretary, Geological Survey, Department of the Interior, Washington 25, D.C., not later than December 1, 1958.

Further information and application forms may be obtained from most post offices throughout the country or from the U.S. Civil Service Commission, Washington 25, D.C.

BUSY SCHEDULE
MOUNT SHASTA—The Shastan sub-district Methodist churches have a busy early fall schedule. The high school fellowship at Dunsmuir, Etna, Fall River Mills, Fort Jones, Galle, Happy Camp, Herbrook, Montague, Yreka and Mount Shasta will meet at the Yreka church Saturday, October 4. This is a local leadership coaching conference. The Women's Society of Christian Service will hold their fall meeting at 12:30 Wednesday, October 8. This is an all-day meeting. The "CA" groups of seventh and eighth graders will have their day in Mount Shasta Saturday, October 11.

Over the GARDEN DATE

MT. LAKE GARDEN CLUB
The culture of gladioli was discussed by Mrs. Crystal Cheyne at a recent meeting of the Mt. Lake Garden Club held at the home of Mrs. W. C. Bailey on Vine Street in Klamath Falls.

In describing the growing of this flower, she covered types of corn, size and growing methods. A corn an inch or an inch and a half across is the best size for plants; the larger corns with flat tips, showing age. Corns must be planted deep and regular watering provided. Smaller blooms, she stated are best used in arrangements, the larger, showier blooms for show specimens.

The Mt. Lake Club is sponsoring the special award premium for the best kept 4-11 vegetable record book for winners in future 4-H fairs. The award was given this year.

Mrs. I. W. White made and donated the crown to the 4-H flower king this year, an honor won by grover of the best flower garden. Mrs. White and Mrs. Crystal Cheyne assisted Francis Skinner and Lillian Hoffman, 4-H in a 4-H County 4-H agents, in judging 4-H gardens this year. Mrs. George Hoek and Mrs. Will Blackman judged the 4-H floral exhibits at the fair.

Mrs. Richard Fleming demonstrated the making of fresh flower corsages, explaining the different types for different occasions, showing use of foliage, the clever folding of net and ribbon. The lesson included the making of corsages that make excellent gifts for hospital patients.

TRAINS RUN LATE
NEW YORK (UPI) — Subway service was for the birds Monday. Thousands of red swallows, heading south, stopped at subway tracks in Queens, causing trains to be late.

Bob Says:
Go hunting with the watch that made history in the Antarctic!

69.50 T.I.
CROTON NIVADA GRECHEN'S
all weather watch

The Antarctic by Croton Nivada Grechen went with Admiral Byrd on Operation Deep Freeze. It was snowed on, rained on, sleeted on. It was never wound. It was dropped, hit, and knocked against ice. It lived in temperatures from 120 above to 40 below, and never lost a second. You never have to wind the Antarctic! It's waterproof, shock-resistant, anti-magnetic with guaranteed unbreakable balance staff and main spring. As long as crystal is intact, case unopened.
