

TWO FIRST PLACES, two seconds, a third and finest model trophy were brought home by these three local contestants in model airplane competition at Baker last Sunday. From left are Dick Wickline with his 42-inch wingspan Flite Streak, Don DerMiner with his trophy-winning model Navy Corsair, and Larry Burton and his Sev Custom. Burton is president of the Klamath Wildcats which are sponsored by Don and Helen DerMiner of The Hobby World. Wickline is one of the active members.

Nationalists Pressured To Go Along With U.S.

WASHINGTON (AP)—The United States is expected to put heavy pressure on Nationalist China to pull back forces from the offshore islands near Communist territory—if it can get the Reds to accept a cease-fire in the Formosa area.

The line taken by Secretary of State Dulles at a news conference Tuesday strongly indicated that the Eisenhower administration intends to exert much greater and more restrictive influence on the Nationalists than before.

Essentially Dulles held out to Red China, and the Soviet Union which supports it, the prospects of a deal to pacify the Formosa area. The first U.S. requirement would be an end to the present heavy Communist artillery attacks on the island of Quemoy.

Officials were hopeful that his emphasis on possible major policy changes to bring peace to the region would win greater support for the government's Formosa policy at home and abroad.

He reiterated the U.S. determination not to retreat under fire, but talked mostly about arrangements that might be made if the present limited combat could be stopped.

Nationalist Chinese leader Chiang Kai-shek has stated his determination to hold on to the offshore islands and to defend them. Dulles

said that the Nationalists do not always accept U.S. views "and we don't accept their views in all respects."

But he added that "I think that if it ever came down to a point where it was important practically" to get a cease-fire agreement and cut the Nationalist forces on the offshore islands, "we would find a way to agree—at least I hope so."

Dulles' talk about future possibilities covered three main points. He said:

1. The Chinese Nationalists as well as the Chinese Communists should agree to a renunciation of the use of force in their dispute.
2. The Nationalists could not return to the mainland "by their own steam" and the United States has no commitment of any kind to aid them to return. He was not even sure that Chiang would again be a leader on the mainland even if a revolution against the Communist regime were successful.
3. The United States considered it foolish for the Nationalist government to put into the offshore

islands as many troops as it now has there. Those are estimated to total well over 100,000.

Hobby Group Wins Honors

The Klamath Wildcats, local hobby group, are making a name for themselves in model airplane circles throughout the area.

Last Sunday, Don DerMiner, sponsor of the group, flew a Corsair 172 from Liston Aircraft Service to Baker taking Mrs. DerMiner, Dick Wickline and Larry Burton. In the all-day competition, the Klamath Falls contestants came home with top honors.

More than 400 spectators, who had paid 50 cents apiece to see the show, watched the first combat competition ever staged at Baker. The three-hour event was won by Wickline flying his 42-inch wingspan Flite Streak. Burton placed third with his 24-inch wingspan Sev Custom, a model rat racer.

most detailed model flown in competition that day.

Approximately 60 model plane enthusiasts entered the competition which was judged by Bob Smurthwaite and Junior Kinneman of J. Roberts Manufacturing Company of Baker.

The trip to Baker and return, 270 air miles, was made on Sunday. Most of the return trip was made as the moon was rising. DerMiner said.

First place in the rat race was taken by Burton who won over second place Wickline, beating his plane by about nine miles an hour.

DerMiner placed second in the carrier deck competition, one point behind the first place winner after the wind forced his plane into a go-around. His Navy Corsair with a 38-inch wingspan won the trophy for the finest finish and

German Youths Greet Presley

BREMERHAVEN, Germany (AP)—Five hundred screaming youngsters turned out today to greet Elvis Presley—but the Army kept them well separated.

Presley, an Army private, was one of 1,300 soldiers arriving on the troopship General Randall.

U. S. military police and German police kept order among the kids—mostly girls about 12 or 13.

Presley, 23-year-old rock 'n' roll singer, was about the 100th man off the ship and he was whisked quickly into a waiting troop train.
