

Dow Speaks To BPW Group

YREKA—How the Ground Observer Corps is a vital element in the Air Defense System and an outline of its formation was the text of the talk given by Mrs. Betty Dow of Montague, who was the featured speaker at the dinner meeting of the Yreka Business and Professional Women's Club on Tuesday evening, September 23, at the Yreka Inn.

Mrs. Rachel Cordes, president of the Yreka BPWC, opened the evening's events with members joining in singing BPW songs. Mrs. Evelyn Nolan, vice president and program coordinator of the organization, gave an outline of programs to be presented

throughout the year. Topic for the October program will be on legislation, with Mrs. LaJean Correlia as chairman; November will be devoted to membership. Mrs. Pearl Ling, chairman, and also in November, the "Woman of the Year" will be revealed. December, the members will feature their annual Christmas party, and in January the topic will be on international relations. Mrs. Olive Young, chairman.

National Security and Health and Safety will be combined for the February meeting with Mrs. Margaret Esrey and Mrs. Elsie Trivelpiece as chairmen. Junior high school girls from Yreka High School will be honored during the dinner meeting in March. The subject will stress career advancement with Mrs. Dorothy Johnson as chairman. Installation of new officers will highlight the April meeting. Plans for May had not as yet been discussed.

Mrs. Cordes then introduced Mrs. Dow as supervisor of the

Montague GOC. Mrs. Dow related how the establishment of GOC was first started in 1941 by the office of civil defense as an air defense system; the difficulties encountered in recruiting civilian volunteers to man observation posts but through the persistent efforts of trained personnel of the Air Force, civilian volunteers were manning posts in all 48 states. With the completion of the Distant Early Warning (DEW) Line and further improve-

ments in both electronics capability and weapons system, it was possible to place all GOC on ready reserve on January 1, 1958. Practice and surprise alerts are called once a month to establish how quickly volunteers can be activated in case of an emergency.

Other announcements made during the evening were that the Yreka BPWC will join in the nationwide observance of National Business Women's Week, October 5 through October 11. Plans will include the appearance of at least two officers or members on the Yreka radio station KSYC for interviewing.

The next business meeting of the Yreka club will be on October 14, 8 p.m. at the Yreka Inn. The dinner meeting is slated for October 28, with Mrs. LaJean Correlia as program chairman.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. PASTEETH, an alkaline (non-acid) powder to stick to your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, sticky taste or feeling. Get PASTEETH today at any drug counter.
