

TWO WINNERS in the Bogatay Shoe Store's safety coloring contest were presented with a pair of roller skates each. Shown are Sylvia Pinelli, 9-year-old daughter of Mr. and Mrs. Sandrino Pinelli, 521 Opal Street and Billy Putnam, 6-year-old son of Mr. and Mrs. John E. Putnam, 2348 Garden Street. It was a Buster Brown contest.

Mt. Shasta Ski Bowl Firm Deluged By Reservations

DUNSMUIR — Reservations and inquiries are pouring into the Mt. Shasta Ski Bowl Corporation office while the finishing touches are being put on the winter sports development on Mt. Shasta according to Bill diCristina, lodge manager.

Management and workmen are now scrambling to have everything in readiness for entertaining 400 delegates of the tri-state convention of the Brotherhood of Railroad Trainmen and Auxiliary on October 11-12. A banquet and breakfast at the lodge and a ride on the chairlift are to be a convention feature.

Psychologist To Instruct

Dr. Edward M. Scott, psychologist consultant for the Oregon State Board of Health, will instruct evening session courses in emotional problems of children and emotional factors in teaching, at the Klamath Union High School under the General Extension Division program for the state system of higher education. Initial session of eight once-a-month meetings will be 7 to 9:45 Tuesday evening, October 21.

Students interested in the courses, to be instructed simultaneously, will enroll in psychology 407 or 507 for two credit hours to be awarded following next spring term.

Class sessions in Klamath Falls will follow on November 18, December 16, January 20, February 17, March 24, April 21 and May 19.

Additional information may be obtained from local public health offices, from school officials in the community or from any general extension division office. Registration may be accomplished at the first meeting or later by special arrangements with the instructor. Students should attend first sessions if possible because registrations will be limited.

Timber Company Planning Awards

McCLOUD — C. R. Green, McCLOUD High School principal, said he had received a request from B. A. Murphy, general manager of the McCLOUD River Lumber Company, to inform high school seniors that the \$500 college scholarship awards will again be made by the company to a boy and girl in the graduating class.

In addition to the above award, a comparable amount will be paid to former recipients during their second year in college providing they maintain scholastic standards set by a local committee, selected by the company. A \$500 award will be made each year for a period not to exceed four years of higher education to those meeting the requirements.

Awards will be made on the basis of scholastic standing during the senior year; marks received in college entrance board examination; a short essay to be written on some subject associated with the manufacture of lumber, citizenship and leadership. These students will be selected at the end of the school year by an impartial committee to be chosen by the company at a later date.
