Dulles To Fly To Formosa For Meeting

WASHINGTON (AP)—Secretary of State Dulles will fly to Formosa in the next few days for consultation with President Chiang Kai-shek.

The State Department in announcing this today said only that Dulles will fly to Taipei "in the near future."

Other sources had disclosed the plan in outline just before the official announcement.

The State Department said Dulles' talks with Chiang will be "in accordance with Article IV of the Mutual Defense Treaty between the U.S. and Nationalist China."

The pact, under which the United States pledges to help defend Formosa against outside attack, provides that foreign ministers of both sides will "consult together from time to time" about defense problems.

Dulles' decision to fly to Formosa coincides with mounting belief within the administration that the present cease-fire around Quemoy may drift into a prolonged truce.

Top administration officials are reported eager to reach some firm understanding with Chiang about future defense operations before the truce officially ends.

Sea Spanned By Jet Liner

BRUSSELS, Belgium (AP)—Pan American World Airways inaugurated American transatlantic jet passenger service today with a Baltimore-Bussels flight that averaged about 540 miles per hour.

The Boeing 707 jet airliner with its crew and 39 guest passengers landed here at 8:15 a.m. (2:15 a.m. EST), completing a 3,910-mile flight in 7 hours 15 minutes flying time.

Before its takeoff from Baltimore Thursday night, the 165-passenger plane was christened Jet Clipper America by Mrs. Dwight D. Eisenhower in a Washington ceremony.

The 707 has a rated cruising speed of 575 miles an hour, and Pan American officials had hoped the trip would take only about 6 hours 15 minutes. Local officials of the airline requested a later landing so the official greeters would not have to get up so early.

Pan American plans to inaugurate regular transatlantic jet service Oct. 26 and to begin daily service Nov. 17.

Mechanic Strike Halts Flights

WASHINGTON (AP)—Capital Airlines, the nation's fifth largest air carrier, halted all flights today because of a systems-wide strike of its mechanics.

Meanwhile, company and union representatives planned to go back into negotiations in hopes of reaching agreement on a formula for ending the day-old walkout. No progress was reported in sessions Thursday.

Capital continued to run flights during the first 24 hours of the strike, but decided to shut down operations at midnight. No new flights were started after that time, although some in progress were completed. The airline serves 31 cities east of the Mississippi.

NAVAL TUG MISSING SANTIAGO, Chile (UPI)—The naval tug Guaraní is missing in the waters just north of Cape Horn at South America's southern tip, the Navy announced today.

3 Oregonians Found Dead In Cabin

MINAM, Ore. (AP)—Three persons were shot to death in a dingy mountain cabin Thursday night. A little girl later was found crying near the bodies of two her parents.

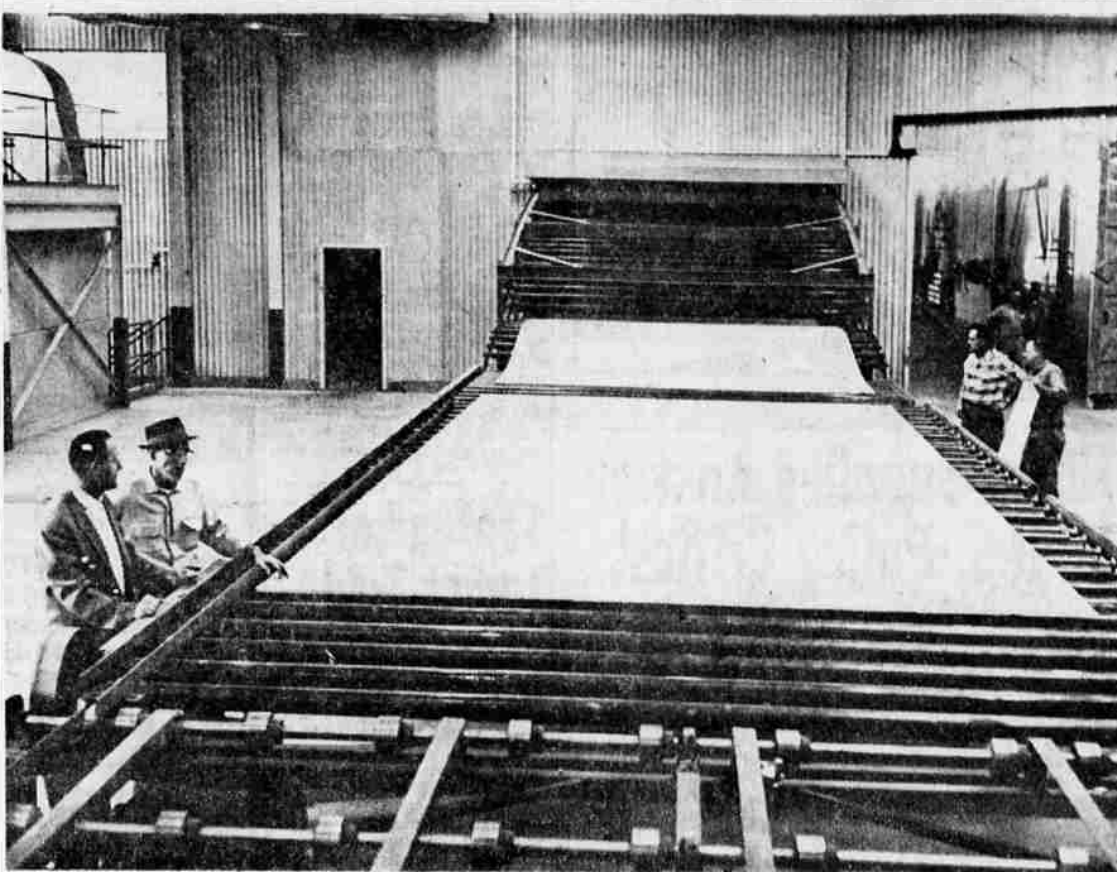

The father of the 3-year-old girl was William T. Nickels, 53, whose body was found sprawled in an open doorway in a kitchen littered with dirty dishes.

A few feet away lay the body of his wife Delores, 40, who had begun divorce proceedings a few hours before.

The third victim was Miss Billie Johnson, 25. Her body lay face down on the rough board floor of the cabin's living room. All were from Enterprise, the county seat of this rugged mountain country in northeastern Oregon.

Police had dashed to the house after Archie Conrad, 53, a mill worker, had crawled 300 yards to a neighbor's house for help. Conrad, wounded in the shoulder, was taken to a hospital at La Grande, 40 miles south of here.

"We don't know yet who did the shooting," Sgt. C. J. Casciato said. "We will question Conrad as soon as he comes out from the sedatives."

END RESULT of long months of planning, hoping, and building is shown here as the first sheet of softboard comes through Thursday afternoon after a long period of checking and testing the equipment. Currently, Graham reports that J-M is employing 125 men. "This is about all we can use for now," Graham reports, "but we'll be adding some more when we're geared for full production."

Weather

FORECAST — Klamath Falls and vicinity: Variable high cloudiness through Saturday. Low Friday night 38-45; high Saturday 70-75. High yesterday 67. Low last night 47. Precip. last 24 hours 0. Since Oct. 1 0. Same period last year 1.41. Normal for period 0.59.

Fire Danger Today HIGH. Fires start readily from match or glowing cinders, tend to spread rapidly and tend to crown in young growth.

Northern California: Cloudy Friday night with rain likely in north. Occasional rain Saturday. South-easterly coastal winds 10-20 miles an hour.

School Opens For Seniors

LITTLE ROCK, Ark. (AP)—The Little Rock Private School Corporation announced today it will open an all-white high school for senior students only, next Monday.

Dr. T. J. Raney, president of the corporation, signed a lease agreement this morning for a former University of Arkansas building with 32 rooms and said it would be used for the senior classes.

High school students have been idle here since Gov. Orval E. Faubus closed the four city secondary schools Sept. 3. About 600 students have found other schools. Another 3,000 have been without instruction for seven weeks.

Raney also announced for the first time the total collections donated to the corporation for the private schools. He said to date they totaled \$61,844.25.

It has been estimated that it would require \$15,000 weekly to operate schools for all public high school students. But a lesser sum would be required for the senior class only.

Dismissed State Policeman Plans To Appeal Verdict

PORTLAND (AP)—Robert H. Wampler, state policeman who was dismissed Thursday on an insubordination charge, said today he will appeal to the state circuit court.

A three-man state police trial board ordered Wampler's dismissal after a hearing in which Wampler, a private first class in the Milwaukie state police office, was accused of "insubordination and conduct unbecoming a member of the department."

The trial board said Wampler violated state police regulations against discussion of grievances with anyone but superior officers and forbidding policemen from being disrespectful to their commanding officers.

The board said Wampler spoke critically of Supt. H. G. Maison on several occasions and "did solicit other members to join with him in his efforts to bring about changes in the management of the department and its policies, and by these actions did cause unrest and dissension among the membership to the serious impairment of the service."

On the board were Lee Bowen, deputy state police superintendent; Capt. John Eric Tucker, Milwaukie, head of the state police arson squad, and Capt. Paul Morgan, district commander at Medford.

They announced their decision at Salem, where the hearing was held Tuesday and Wednesday. Wampler was notified at his Portland home.

"I am extremely disappointed and quite surprised that the board would so rule on the testimony they had," Wampler said.

He said today he has written Maison, asking a copy of the full hearing. Wampler said he will appeal to the courts when he receives the copy.

Hotter 'N' Hell In Los Angeles

LOS ANGELES (AP)—It was hotter than Hell here Thursday. Hell is a usually simmering desert community about 175 miles east of here.

The high temperature in Hell was a mere 97. In Los Angeles it was 104—the hottest Oct. 16 on record.

KLAMATH FALLS Classroom Teachers Association members, meeting Thursday at Mills School, heard Winston Purvine, center, director of Oregon Technical Institute, speak on surveys that have been made relating to OTI and the need for its continuing functions in Klamath Falls. The speaker was introduced by Dave Davis, left, vice president and program chairman of the association. Right is Mrs. Betty Boyle, president of the group. Purvine spoke also on Thursday at the noon luncheon of the Klamath Falls Soroptimist Club.

Taipei Slated To Get Nike

TAIPEI, Formosa (AP)—Nike-Hercules missiles, the most deadly U.S. anti-aircraft weapon, will be turned over to the Chinese Nationalists in a year to 18 months, when they are trained to use them.

Maj. Gen. Leander L. Doan, commander of U.S. Army forces on Formosa, announced the transfer plans today. He said Nationalist soldiers are training in the United States to handle the missiles.

A battalion of U.S. Army missilemen is building launching sites on Formosa for 48 of the five-ton super-sonic missiles. They will assist in training a Nationalist missile battalion, Doan said.

Doan said the missiles would be supplied under the U.S. Military Air Program, which already has given the Nationalists some of the latest and best weapons in the American arsenal.

Flag Fanciers Fooled; Foolish

Oops! Klamath Falls residents set phones jangling Friday morning when they noticed that flags were draping the downtown streets.

October 17? What day was that? What holiday? It sent the Herald and News newsroom to the encyclopedias, the almanac and to the calendar, all to no avail.

Nothing seemed to fit the date of October 17. One hopeful answer was that it was sometimes celebrated as Thanksgiving in the Virgin Islands, but that didn't seem to fit.

Queries began coming in from business places where the flag was displayed, including city hall, but still no answer.

Finally it was tracked down to the Junior Chamber of Commerce members whose project it is to put out the flags on the proper days.

"Oh," replied one member, "why this is United Nations Day, isn't it?" When informed he was just exactly one week early, the only appropriate comment was, "somebody goofed!" At last report, the flags were still flying, however.

Boy Still Missing; Find Dad's Body

The bodies of two of the three hunters missing on Upper Klamath Lake since Tuesday evening have now been recovered.

Hal Furman Sr., 45, was found shortly before 3 p.m. yesterday in the dragging operation undertaken by the sheriff's office. Deputy Dale Mattoon was on the line at the time the body was recovered.

Furman's body was found about 200 yards north and west from the spot where the trio's swamped boat was discovered Wednesday morning. The location of the boat was between Buck Island and the Skillet Handle (not "Eagle Point," as previously reported).

Unaccounted for was the third member of the party, Hal Furman Jr., 18. Mattoon and a crew of two resumed dragging operations this morning from the spot where the father's body was discovered yesterday. It was expected that they might find the young man's body during the course of the day. If he is still unaccounted for tomorrow, the Basin Boaters will take part in the dragging operations over the weekend, the sheriff's office was told this morning by Mrs. James A. Powell, secretary of the club.

The first body to be recovered was that of Jim Cline, 44, proprietor of Monroe's Moorage, which was found Wednesday morning, with life jacket attached, floating near the west shore of the lake, opposite Buck Island. This was some distance north of the spot where the boat was found. An autopsy has established drowning as the cause of Cline's death, it was learned from county authorities this morning.

Furman Sr., a native of Nebraska, had resided in Klamath Falls, where he was employed by the Klamath Lumber and Box Company, for three or four years. He leaves the widow, Mazie, and three daughters, Claudette Kay, 14, and Sharon Mckie, 9, all of this city, and Mrs. Patricia Jean Day, Anderson, California, also several brothers and sisters, all of whom reside elsewhere. Funeral services will be announced by O'Hair's Memorial Chapel.

Final services for Cline were held this afternoon at O'Hair's, with interment in Klamath Memorial Park. He is survived by the widow, Maxine, and his mother, Mrs. Frank W. Cline, Clinton, Illinois.

Geneva Talks Begin Well

UNITED NATIONS (AP)—A move grew among the U.N.'s small nations to prod the Big Three into working out a common plan for halting nuclear weapon tests. The idea is to get the Geneva talks off to a good start.

Sweden is spearheading the move, which has received enthusiastic support from many small countries and was noted with interest by the major Western powers.

Swedish Foreign Minister Osten Unden has pointed out that there are marked similarities in the three rival resolutions to halt nuclear tests authored by the United States, India and the Soviet Union.

Unden suggested to the 81-nation Political Committee debating disarmament that the three resolutions be molded into one proposal that would win unanimous U.N. support and enhance the chances of success at Geneva.

Liberia, Yugoslavia, Greece and a parade of other small nations echoed his view. They pointed out that no U.N. disarmament resolution that failed to win approval of all the nuclear powers has ever gotten anywhere.

"They will have to torment without me as I did, so it is best that they go now, too, straight to heaven as they are good, sweet and adorable."

"Whatever happens to me is worth that, I tried, but I never really had a chance. It's all sham and pretense. I am second to TV and books."

"I am supposed to be well off. But I have nothing to say about how I live every day of my life."

"I can't talk, so I'll write. I can't do it alone. I can't stay boxed in any longer. The children and I don't fit anywhere. We're not really wanted."

"I will have to torment without me as I did, so it is best that they go now, too, straight to heaven as they are good, sweet and adorable."
