

Congressional Candidate Cites Evils Of Socialism

MERRILL—Marion Weatherford, leading this country deeper and deeper into socialism, explained the current trend toward inflation when he told a group at the annual Potato Festival here that continued federal spending is

said, "Good business is when a man borrows \$10,000 from his bank, using a crop, for instance, as security. In due course he pays off his note by selling his crop and there is \$10,000 more in circulation. This is good business, because his loan was secured by a salable commodity and when that was sold the economy was richer by an actual cash gain.

"On the other hand," Weatherford continued, "when the government borrows 12 billion dollars more than it takes in as it is doing this year to cover its deficit spending, there is no gain to the nation's economy. That 12 billion actually lowers the value of the money already in circulation."

Weatherford said it was like adding water to milk. The volume is greater but there is no more nutritional value than there was before. "We're fooling ourselves," he said, "if we think we can go on adding water to this nation's bank account."

The Arlington rancher and businessman said the present deficit spending spree the government is engaged in is nothing but a thinned-out economy that is eventually going to land us in hot water "if we don't use some common sense in appropriating money to everybody that holds his hand out."

BREAKS FLIGHT RECORD

TOKYO (UPI) — Northwest Airlines said it broke today its own 4,916-mile flight record between Tokyo and Seattle, Wash. The airlines said a DC7C made the flight in 13 hours, 22 minutes, breaking a 13-hour, 44-minute record set two years ago.

The population of Singapore today slightly exceeds 1½ million.

HELP WITH EXPENSES of the Klamath Union High School band trip to the East-West game the last weekend in December is offered by Nalley's, Inc., which will redeem the faces of the empty Nalley's potato chip bags and boxes between now and December 20 at two cents each and send the money to the band. Dick Bowers, kneeling, is shown putting together the first redemption box while Russell Schuh, left, KUHS drum major, and Jam Baxter, right, band president, look on in approval. The redemption boxes (for 39-cent and larger size packages) have been set up in all major grocery stores in the area.

Potato Chip Firm Offers Help Building Band Fund

Klamath Basin residents eat a lot of potato chips and this year the empty containers are worth

money to the Klamath Union High School band which has been invited again to perform at the half time at the East-West game the last weekend in December.

Nalley's, Inc., of Tacoma and Springfield, has offered to redeem the faces of the 39-cent and larger packages and send the check to the KUHS band for travel expenses to the game.

Ken Radabaugh, Nalley's Springfield manager, said last week in Klamath Falls that normal consumption of Nalley's potato chips during November and December can net a maximum of more than \$500 to the band if all of the bags and faces of Nalley's potato chip cartons are put in the redemption boxes. Redemption rate is two cents each.

Parents and Patrons are solidly behind the promotion, according to Jesse House, president of the group, and Mayor Lawrence Slater expressed his approval.

"Chips and dips are part of entertaining this time of year," House said. "At two cents a copy, those empty bags and cartons are worth money to our KUHS band."

The band members will send a representative to help count the bags when the boxes are picked up by Dick Bowers, local Nalley's distributor. Parents and Patrons will send the empty bags to Nalley's for redemption at two cents each.

Nalley's, Inc., in its 40th year, decided on promotion which would benefit the youth of individual communities. The program was presented, also, to Medford, Central Point and Grants Pass, where it also received enthusiastic support for those high schools.

"The high school is not asked to endorse any product," Radabaugh pointed out, "nor are the students asked to buy or sell anything."

If each family will just save its empty Nalley's potato chip bags or cartons and deposit them in the redemption boxes at local grocery stores, Parents and Patrons members and Nalley's will see that the KUHS band gets the redemption money.

The boxes will be available until December 20.

RECORD HOTTEST RAINFALL

TOKYO (UPI) — Osaka University's biophysical laboratory recorded the "hottest" rainfall in four years last Saturday, it reported today. The station said it recorded radioactivity of 234,500 counts per square meter per minute during the 24-hour period beginning Saturday morning.

Dr. Yasuaki Nishiwaki, head of the laboratory, said this was the highest radioactivity count since the laboratory began checking "hot" rain in 1954. He said it probably came from a recent nuclear test.

Excruciating headaches may be caused by eyestrain. Eyestrain can also reduce working efficiency, promote fatigue and irritability and may be allied with other physical troubles, such as neckache, backache and upset stomach. Why suffer needlessly? Protect your eyes with properly fitted glasses. Head the danger signs. Be sure of proper eye care. Have your eyes examined at least once a year by Dr. Noles' Optometrists.
