

### Schedule Of Trees Slated By Basin Camp Fire Girls

Starting this week, hundreds of members will tabulate trees close to their own homes throughout Klamath Falls and in Dorris. Not only will the girls count numbers of each kind of trees, but they will be concerned about tree ages and conditions; whether slow or fast growing; flowering or fruiting; or whether evergreen or deciduous.

The tree census will be taken during November and December by all members—from the tiniest Bluebird (junior Camp Fire Girl) to the most sophisticated Horizon Club member (senior high age Camp Fire Girl). With the help of local and state conservation people, nurserymen, and city and county government officials, the girls will study the area's tree life to see how it can be protected or improved.

### GOC Unit Holds Meet

CRESCENT — Eleven members and seven visitors were present at the Crescent-Gilchrist GOC meeting held October 22 at the Gilchrist theater. Principal speaker was Sgt. James Cissare of Pendleton, whose topic was "Air Material Command." A film, "The Eagle's Strength," was shown.

M. Sgt. James Cruickshank, of the Bend Filter Center, introduced the newly appointed chief observer, Mrs. A. J. Sherman, and supervisor, Mrs. Jess Kersten, who conducted the meeting. Former supervisor, Mrs. William Anderson, left the post recently when she moved to Klamath Falls.

The fourth Tuesday of each month has been designated as GOC meeting night for the Crescent-Gilchrist Unit. Sgt. Cruickshank made the following awards, 25-hour wings to Mrs. Jewel Taylor, 100-hour meritorious pins to Mrs. Beth Soukup and Mrs. Leon Lytle; 750-hour bar to Mrs. A. J. Sherman. Four new recruits signed application forms, Sharon Page, Betty Toomey, Sharon Lash, and Mrs. L. Remetus, who served with the GOC in Ashland.

ROBERT J. LUSE JR., son of Mr. and Mrs. Robert J. Luse, 1342 Worden Street, has completed his initial course of Air Force basic military training at Lackland Air Force Base, Texas. A graduate of Klamath Union High School, Airman Luse has been selected to attend the technical training course for aircraft and missile maintenance at Sheppard Air Force Base, Texas.

PRESENTS CREDENTIALS PARIS (UPI) — Habib Bourguiba Jr., son of Tunisia's president, today prepared to present his credentials to the French government as his country's new ambassador to Paris.

The first President of the United States to ride a railroad train was Andrew Jackson — in 1833.

After learning some of the difficulties that beset tree life, Camp Fire members will collect seeds from healthy trees and plant them in flats. When seedlings develop, the girls will present many townspeople and county residents with "baby trees." The girls will also

distribute information to show how to care for seedlings. The goals of the national "She Cares—Do You" project are twofold," said Naomi French, executive director, when she announced the tree census activity. "Our first goal is to provide an active serv-

ice to this great nation by having girls take part in community activities that promote the wise use of natural resources. The second goal is to help Camp Fire Girls develop an awareness of what makes this country sound."

homeowners in the Klamath Basin would assist Camp Fire Girls as they take part in this vital new project by giving correct information and welcoming the girls to take a tree census on their property. She also added that there is no better time than now for

girls and adults (both men and women) to join the Camp Fire family and have fun carrying out the two and one half year project. "She Cares—Do You." Camp Fire Girls is open to all girls age 7 or in the second grade through senior high school.

## Oregon Woolen Store... Klamath Falls, Ore.
