

PROCTOR & GAMBLE, the company so well known for "Wife Savers," is introducing the new Ivory Liquid Detergent. It has "the mildness you expect from a detergent called Ivory." The new blue and white can comes in three sizes for your convenience and the line has local distribution.

SPOON marinated canned blue lake green beans into cornucopias of baked ham or turkey and serve with spiced peaches as a salad or an entree. Dried figs stuffed with sharp cheese and pitted olives threaded on carrot sticks made good relish go-alongs. Wyandotte ripe olives can be purchased with pits in or already pitted. The photo and recipe are from California Foods Research Institute.

### PRETTY PLATTER

"Horns of Plenty" may be served as a salad of entree; will be enjoyed hot or cold. They are especially good accompanied by hot spiced peaches.

You'll find this simple vegetable treatment an easy way to glamorize the buffet or company dinner table. Marinate canned blue lake green beans in a zesty vinaigrette dressing. When ready to serve, spoon the richly-flavored beans into cornucopias made with slices of baked ham or turkey. Other sliced meats such as roast beef, lamb or luncheon meat may also be used. Arrange on platter with spiced peaches and a few crisp salad greens.

Two unusual relish treatments that go well with meat and vegetable combinations are soft dried figs stuffed with cubes of sharp cheese and pitted ripe olives threaded on thin carrot sticks.

#### HORNS OF PLENTY

- 1 tablespoon instant minced onion or, 3 tablespoons finely chopped raw onion
  - 2 tablespoons table wine or broth
  - 1 tablespoon chopped pimiento
  - 1/4 teaspoon garlic powder or, 1 crushed clove garlic
  - 2 tablespoons sweet pickle relish
  - 2 tablespoons wine vinegar
  - 3 tablespoons salad oil
  - 1/4 teaspoon salt
  - 1/4 teaspoon sugar
  - 1 or 2 (No. 303) cans blue lake green beans
  - Sliced baked ham or turkey
  - Spiced peaches
- Measure instant minced onion into wine. Combine all ingredients

except green beans, ham and spiced peaches. Drain beans; combine with marinade and let stand several hours. When ready to serve, roll ham or turkey into cornucopias; hold together with toothpicks, if necessary. Fill each cornucopia with beans. Serve as salad or entree with hot or cold spiced peaches.

Makes six to 12 servings. Note: Marinade is sufficient for one or two cans blue lake green beans. To serve Horns of Plenty hot; heat marinade gently with drained beans. Spoon into hot ham or turkey cornucopias.

### A Gentle Detergent

The new white Ivory Liquid Detergent was sampled throughout this area and last week, Bob Weaver, Proctor & Gamble's Southern Oregon representative, was in Klamath Falls to see that it was available on the grocers' shelves. The new white Ivory Liquid comes from the makers of Ivory Soap. For an average stack of dishes, use about a cupful for long-lasting suds.

It is one liquid detergent you can use for sheer hose and your nylon and Dacron washables as well as for dishes. It is safe for delicate fabrics you wish to wash by hand and is gentle to your hands and the fabric colors.

The new white Ivory Liquid Detergent comes in three sizes — regular, giant and king.

The manufacturers suggest you buy one for dishes and one for fine fabrics.

#### SAVING TIP

Wash empty cottage cheese cartons with hot soapy water and rinse thoroughly. When dry, they will serve many useful purposes, such as freezing cartons or for pouring hot fat into. Or, start young plants growing in the containers in dirt mixed with planting material.

#### LEFTOVERS

Yesterday's rolls can be brought back to crisp goodness. Place them on heavy aluminum foil, sprinkle generously with milk and wrap tightly. Heat in oven until warm. Remove from foil and serve on warm plate.

#### CARVING TIP

Allow a roast a 15-minute to a half hour rest period from oven

to carving. The meat will slice easier and you'll have time to make the gravy while the roast rests. Thin slices of raw turnip are a nice addition to the relish tray.
