Neighbor Aids Neighbor; Police Capture Burglars

The friendly gesture of reporting to a neighbor the suspicious goings-on occurring at her home in her absence helped in the rapid recovery of some allegedly stolen property and the jailing of two local men on a burglary charge Wednesday. Some other factors helped too.

It was not yet 3 p.m. when a neighbor saw two men coming out of the Paul Bellm residence, 3806 Clinton Avenue, state police report. The neighbor knew that both of the Bellms were away at work, so she immediately telephoned Klamath Union High School, where Mrs. Bellm works as a secretary.

Police say that when Mrs. Bellm learned that one of the men was carrying a rifle, she asked the neighbor to get a description of the men and the license number of the car involved. Mrs. Bellm then called state police, passing on the information she had been given, which was in turn given to the city police.

Just over a quarter-hour after this telephone conversation, Lt. Dennis W. Lilly of the city police, who had not yet heard of the case, entered the Scott Loan Company, 611 Klamath Avenue, on a routine check. His attention was attracted by the man being served at the moment, who was in the process of pawing a gun. Lilly thought the man with the gun resembled a certain Ray Marshall, who was wanted on a charge of obtaining money under false pretenses, so he waited around to see what name he would sign to the pawn ticket.

The name on the ticket proved to be "Ray Marshall," the police report continues, so Lilly called for the paddy wagon. While this transportation was on the way, another man walked into the loan company office.

TRAINING SESSION
McCLOUD—Jack Prevey, McCloud ranger, spent four days last week at Redding where the United States Forest Service held a training session for personnel from Mendocino, Lassen, Shasta-Trinity, Modoc and Klamath national forests. Twenty four men attended the school. Purpose of the session was to study weather phenomena as it affects fires. The training will be passed on to other personnel, including fire camp foremen.

NEW COMMISSIONER
LA GRANDE (AP)—Union County voters Tuesday elected Democrat Herbert J. Speckhart commissioner and rejected a \$50,000 annual four-year levy for county road development.

"How much did you get?" the newcomer allegedly asked Marshall, thereby arousing the interest of Lilly, who thought that Marshall had let the gun go pretty cheaply. He was still examining identification which showed the second man to be Aloysius M. Fiddler, 26, 419 South Ninth Street, when Officer Jim O'Neill arrived with the wagon.

"You got them already?" O'Neill asked Lilly, upon coming into the shop, and Lilly suddenly discovered that he had made a fine catch. The descriptions of Marshall and Fiddler tallied with the ones passed on by Mrs. Bellm, and the gun appeared to be

Bellm's. The time was 3:15. Both Fiddler and Marshall were being held Thursday morning on a charge of burglary in a dwelling. Marshall is also being held on the check charge.

City Police Halt Burglary

A city police officer prevented a burglary Wednesday, when he noticed a store safe was covered from view and stopped to get a better look.

Officer Floyd Pierce was driving by Superior Troy Laundry, Fourth and Klamath at 2 a.m. when he noticed the safe was covered by clothing. He peered inside for a closer look, saw the safe was unmolesed, but he noticed a man inside the building, looking toward him.

Pierce called another car and the laundry owner. Investigation showed the intruder had entered through a roof vent and apparently had disappeared the same way. Pierce had seen him run as their eyes met.

The recovery of a transistor radio, reported stolen October 18, was reported by Mrs. Grace Hailcek, 915 Delta Street. The radio belonged to Oliver Haley of Bonanza.

Another transistor radio was reported stolen Wednesday from Pat Roark, 2060 1/2 Orchard Street. Clifford Mingo, 1615 Hope Street, said a Winchester Carbine and a fishing rod were stolen from his home.

Police also were asked to look out for Albert Sullivan, driving a Colorado car, license GJ 60, from Seattle to San Lorenzo, California. State police in Salem said LeRoy Moody of Mineola, Kansas, had an urgent message for Sullivan, whom they said usually stopped in Portland and Klamath Falls en route south.

Experts Plan Balloon Flight

GREAT LAKES, Ill. (AP)—A Navy balloon carrying two scientists will be launched Sunday near Rapid City, S.D., in an effort to learn whether there is enough water on the planet Mars to support plant life.

The Navy said Wednesday Cmdr. Malcolm D. Ross of the Office of Naval Research and Prof. John Strong of John Hopkins University hope to ride the balloon to 80,000 feet after it is launched at 3 p.m.

Using a 16-inch telescope, the balloonists hope to get a much sharper view of Mars than is possible from the earth's surface. They will be above much of the atmosphere and its water vapor.

If the launching is successful, the scientists will ride the sealed gondola-carrying balloon to earth in the Chicago area sometime Monday.
