

DRY SKIN

Water surely is one of Nature's greatest blessings. Not only does life itself depend on it, but the beauty of life as well. Compare the rich green meadows that good spring soakings produce with the parched brown of a rainless season. Compare the forlorn flower on a tenement windowill with the luxuriant house blooms pampered into perfection with controlled humidity. Compare the fertility of a reclaimed arid land with the desert left to its own. Compare the smooth, dewy feel of a baby's skin with the dry wrinkled skin of a withered crone. It's the miracle of moisture that makes the difference between fresh, young beauty and that depressing look of age and neglect.

What does dry skin mean? Simply, a skin that lacks moisture. The day-after-day growing older process - all too well assisted by sun and wind, cold and steam heat, hard water and detergents, is a tough combination that calls for cosmetic recruits. So, Bonne Bell turn into itself the development and subsequent hospital treatment of a "Moisture Lotion" proven superior in its powers both to retain and to restore precious skin moisture. It guards the moisture already in the skin cells by retarding evaporation. It acts like a hidden freshener to renew the moisture that is lost. Hence, skin thirst is both anticipated and quenched. Skin cells turgid with moisture are soft, smooth, dewy, and hence discourage the wrinkles and the crinkles that dryness brings.

Teen-agers as well as their elders need Bonne Bell's "Moisture Lotion." Men as well as women need it. All skins start toward age from the moment they start. So, to keep age always at a safe distance, the moral is to start young and never to relax the necessary moisturizing care.

Using Bonne Bell's "Moisture Lotion" takes only seconds a day, and it's like pennies in the bank, the bank of skin youth. Use only a few drops in the morning after cleansing the face and before applying make-up. Thus, it gives day-long protection. Apply a few drops again at bedtime. And remember that skin dryness is not just complexion dryness. Smooth this lotion on all the little dry, rough patches such as heels, elbows, legs.

Men might find it most convenient to use after shaving or after shower. Everybody will appreciate "Moisture Lotion" because it is non-greasy, disappears quickly, does not stain linens or clothing. "Moisture Lotion" is a white, creamy emulsion which comes in a plastic squeeze bottle from which it flows easily.

SNOBOY APPLE

There are probably as many recipes for apple dumplings as there are families.

Here is a real old-fashioned one which has been handed down in your food editor's family for generations. It is simple, easy to make and you can use a prepared biscuit mix instead of making the dough from scratch.

Suit your proportions to the size of your own family.

To make six dumplings, use about 1 1/2 cups of biscuit mix and prepare the dough according to the package directions.

Roll out on the board to about 1/4 inch thickness or less. Cut into six squares.

Care and peel SnoBoy Delicious apples and quarter. Use one-half apple for each dumpling. Place the apple in the center of the square, add a tablespoon of sugar (heaping, please) a dab of butter and cinnamon or nutmeg or both. Fold the dough around the apple, sealing the edges.

Place the dumplings in a glass or tin loaf pan. Fill the pan a little more than half full of cold water. Add lumps of butter and about 1/2 cup of sugar and a dusting of cinnamon. Bake in a moderate to hot oven for about 1 hour. Serve warm with cream.

WAFFLE TOPPING

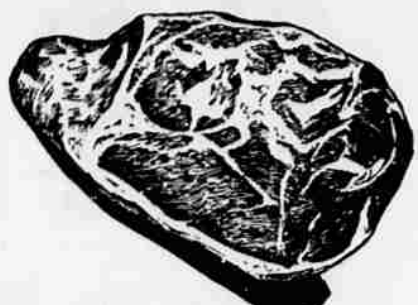

At this season, pancakes and waffles are popular breakfast fare. For a hot topping for waffles or pancakes, combine 1 cup (one flat can) of crushed pineapple, undrained, with 3 tablespoons of butter, 1/4 cup brown sugar and 1 teaspoon grated orange peel. Heat until bubbly and serve hot. Yield, 1 1/2 cups.

The most important thing about BAKING

It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final rise to light and fluffy texture in the oven. That's the story of Clabber Girl's balanced double action.

For the finest in meats... all you need to remember is SAFEWAY

New low price on Rath Sugar-Cured

SMOKED PICNICS
