**WHO DOESN'T** need a change occasionally — something new and exciting to lift the spirits? A new dress will do it but one of the easiest and greatest morale-boosters is a new hair-do. And to keep that new hair-do in place, Helene Curtis suggests lanolin rich Suave Creme in a tube. It replenishes the natural safeguards of your hair as moisture revives a flower at the same time it keeps it in place.

## SUAVE

Holiday festivities ahead... soon the calendar will point to the joyous days when there never seems to be enough time to do in all the things you want to do. How wonderful it would be to have an occasional extra hour to visit just one more friend, an extra evening to fit in one more party. It's all fun and excitement... and now is the time to plan your grooming to make the most of every delightful moment.

First and foremost, your hair will play the star role in your appearance. For more than any other feature, hair dominates the impression you make. No matter how pretty your dress, or how flattering your make-up, the entire effect is lost unless your hair sets the scene for beauty.

Basic need for healthy, glowing hair, the kind of hair that you must have to hold and enhance hair-dos like the "Mercury" and the "Empire" that are today's fashion news, is a preparation that replenishes the precious natural oils lost by exposure outdoors, the havoc of dry air in steam-heated rooms, over-treatment, all the things that rob your hair of natural safeguards and leave it dull and brittle.

Helene Curtis has created new Suave Creme, in a tube, for this purpose, to condition and beautify your hair as surely as moisture refreshes a flower.

New Suave Creme, not a brilliant or fixative, has a moistening formula. It is a lanolin-rich creme hairdressing, that conditions each hair shaft, reaching down to the root to leave it soft and manageable. And Suave Creme is so easy to apply. Put some on the palm of your hand. It liquefies immediately so that you can smooth it gently into your hair. Or, if you prefer, you can apply it on your hair brush. It's pearly-white, so you need never worry about its discoloring the lightest hair.

No matter how dry your hair when you begin, the benefits of Suave Creme are apparent in as little as twenty seconds. See the new soft-luxurious appearance. Feel the satin smoothness. And it has no dubious after-effects of any kind. It's not oily or sticky, and because it is completely water soluble it washes out quickly whenever shampooed.

Suave Creme gives your hair the basic beauty that makes it ready for styling. And what beauty dividends you will receive during the coming holiday season when your hair is at its healthy, glowing best.

## FOLLOW THESE EASY RULES

Check the numbers in the box above with those appearing on your cards. If you have 5 of these numbers, on any one card, in a straight line... down, across, or diagonally... you are a winner! Now, simply follow the rules you'll find printed on your card. Anyone over 18 years of age, except Safeway employees and members of their immediate families, can play "CROSS OUT." Ask for your free card each time you visit your Safeway store. No purchase or other obligation is required.

If you do not have a winner this week, KEEP YOUR CARD! You can play it again and again against new sets of numbers that will appear in our ads for the next 11 weeks. All cards can be played for 12 weeks against ANY set of numbers we advertise. We reserve the right to correct any typographical or other error or errors which might appear in any published matter in connection with this game and to reject winning cards not obtained through legitimate channels.

Please note that the numbers in game Number 8, above appear within a triangle. The numbers for game number 2, previously published, also appeared in a triangle. DO NOT COMBINE NUMBERS from games 2 and 8. Play only one published set of numbers against your cards, regardless of design. This also applies to games 1 and 7, numbers for which appear in stars. Each design will be repeated twice during the 12-week contest. So be sure to play only one 30-number set against your cards at any one time.
