

**HAND CARE** is essential whether you are headed north for skiing or south for sunning. This one by Yardley is refreshingly lavender-scented and contains silicone to help safeguard the complexion of your hands.

**YARDLEY**

Fashions in hair styles, make-up, and clothes come, go, and return again but there is no changing style concerning the appearance of a woman's hands. Soft, smooth hands with that well-cared-for look will always be a fashion must. With the chapping season not too far off, now is a good time to give yours some special attention. As an added incentive Yardley is offering for a limited time, saving on the big, eight-ounce bottle of Lavender Hand Care Lotion.

Lavender Hand Care Lotion, newest addition to this famed Yardley fragrance line, is a creamy, non-sticky lotion containing silicone and other ingredients that render a special beauty service. If yours are the hands that dip into dish water three times a day you will be pleased to note that this lotion features a skin softening ingredient that offers protection from harsh detergents and other skin-drying agents. After each hot water task, just pour a few drops into the palms and massage the refreshing lavender-scented lotion over the skin, giving individual attention to each finger. This is important because Lavender Hand Care Lotion helps soften the cuticle too.

In addition to keeping a bottle of hand lotion on the dressing table, have a bottle handy where you do your most work, laundry room, kitchen, or office. This will save steps and help you acquire a regular hand care routine. It may help educate other members of the family, too. Good news for mother is that Yardley Hand Care Lotion has mild antiseptic properties to promote the healing of minor abrasions, a condition not uncommon to busy little hands.

**Navy Bean Soup**

The U.S. Navy Recruiting Station has come up with a recipe for Pacific Northwest homemakers faced with winter menu problems.

It's Navy Bean Soup, naturally. The recipe won first place trophy and the honor of "The Best Bean Soup—1958" for C. R. Lamb-in, CS2, of the submarine Trutta. **Ingredients:** 1½ cups white Navy beans, 1 large bunch fresh scallions (better substitute green onions in Klamath Falls), 4 medium ham hocks, 4 cups water, garlic croissants, salt and pepper, dried parsley, 1 tablespoon Accent, grated Parmesan cheese. Soak the beans overnight in water. Prepare soup stock by simmering the ham hocks in water to cover for at least two hours. Add beans, salt and Accent and cook over low heat for 2 or 3 hours or until beans are tender. Add cut up scallions or green onions and a handful of the green tops cut in inch lengths. Simmer another ½ hour, and serve with each bowlful topped with grated cheese, parsley and garlic croissants.

**CRANBERRY CONSERVE**

Cook together 4 cups cranberries, syrup from a can of pineapple tidbits and water to make 1 cup, 1 orange sliced thin and quartered. When cranberries stop popping, add 2½ cups sugar, 1 cup pineapple tidbits and cook until thick. Then add 1 cup chopped almonds.
