WALL STREET
NEW YORK (AP)—Heavy trading accompanied gains of many issues which had been losers in the stock market early today. The ticker tape was late at the close.

Pfizer jumped 6 points to 99 as unconfirmed rumors of a stock split swept Wall Street.

Volume for the day was estimated at 3,500,000 shares compared with 4,140,000 Wednesday.

Physical issues fell fractions to a point or more.

Scattered gainers relieved the generally lower pattern. Have jumped about two points and Republic Aviation rose one. Pfizer was more than a point ahead while Schering gained close to a point.

American Motors lost a point and more after its president said the firm plans greater capital spending next year. Losses of a point or so were taken by U.S. Steel, Bethlehem, Youngstown Steel, Anaconda, Allied Chemical, Standard Oil (New Jersey), Merck, Raytheon and U.S. Gypsum.

International Telephone advanced beyond a point and General Instrument was around a point to the good.

Wood Firms Reveal Study
LEBANON, Ore. (AP) — Two Oregon plywood firms released a study Wednesday that may mean more logs, previously left in the woods, can be used for the manufacture of plywood.

The Western Veneer & Plywood Co. of Lebanon and the Plywood Products Corp. of Corvallis said the \$46,000 study may mean more jobs and income for Oregon.

The report evaluated the strength and performance of Douglas fir plywood with white-packet-infected veneers in interior plys and established testing and quality control procedures.

Officials of the two companies said they expect the information to resolve a controversy in the plywood grading standards.

Firms which formerly felt they could not have quality control may now establish high standards without going into the costly research program pioneered by these two companies.

L. S. Nelson, sales manager for Campbell-McLean Plywood Corp., Eugene, said.

INDICTMENT RETURNED

Teachers' Lists Show Bloopers By Students
SYLVESTER, Ga. (UPI)—One student in the Sylvester High School is of the opinion that Geoffrey Chaucer was buried in Westminster abbey.

Mrs. Ethel Strangward and Mrs. Sherry Lake, who teach English and civics, respectively, Thursday released a collection of wacky answers they have found on tests recently. In addition to the "bloopers," there were these:

Q.—Who becomes president of the United States in the event the president dies?
A.—Hise sun (sic).

Q.—In the play Julius Caesar, why did Caesar ask Caesary to touch Calpurnia?
A.—Because he didn't want to touch her himself.

Q.—Define anachronism.
A.—An anachronism is a kind of religion.

Q.—Explain the term "the congressman was on the fence" about the question.
A.—He was a lazy man who sat on the fence instead of working.

Cancer Cures Aid Victims
CHICAGO (UPI)—An official of the American Cancer Society has reported that more than 800,000 persons in the United States have been cured of the disease and that present skills may cure one of every two cancer victims.

Mefford F. Runyon, New York, also left the door open for a society-sponsored test of the controversial cancer drug krebiozen provided the testing meets "the recognized standards of the scientific community."

Runyon, executive vice president of the cancer organization, said Thursday that in addition to the 800,000 survivors of cancer in America another 900,000 persons who have received treatment were undergoing five-year's observation to determine if the cure has taken.

His prediction that 50 per cent success was possible hinged on the afflicted person's making full and early use of existing modern facilities.

"It is up to the individual," Runyon said. "His life is in his own hands and the first doctor who sees him."

Runyon said the present encouraging picture contrasted sharply with earlier years. In 1913, when only one in 10 persons was cured, 1930, one in five, and today's one in three.

Referring to the krebiozen controversy, Runyon said the society would like to see it settled "and the drug made available to doctors and the public if it is of value."

Jiminy received the award at a dinner attended by some 130 persons.

Stricken with polio seven years ago, Jiminy overcame many obstacles. At one point, doctors told his parents he couldn't survive. He spent six months in a hospital, most of the time in an iron lung. His weight dropped from 115 pounds to 65.

Scoutmaster J. Harold Peters gave Jiminy permission to join his troop soon after he left the hospital.

DALLAS, Tex. (AP)—City bus driver Virgil McDonald, 40, stopped his bus Thursday night, entered a drug store in a suburban section and had a cup of coffee.

When he returned to his bus, a man and a woman passenger were alighting in a huff.

"I wanted to have some coffee," McDonald explained.

And said the irate passenger as he hit McDonald in the nose with a set of brass knucks: "I ought to kill you." The couple walked away.

Thieves Slay Bank Official

NEW YORK (AP)—A 55-year-old bank manager was shot and killed today as three robbers took an estimated \$8,000 to \$10,000 from a Queens bank. A customer in the bank received a leg wound.

Police identified the manager as James F. Duggan.

The holdup was staged shortly before 11 a.m. at the United National Bank of Long Island, located at a busy shopping intersection in the Richmond Hill section of Queens.

The bandits fled in a sedan which had been stolen in Nassau County. The auto later was found abandoned half a mile from the bank.

One of the bandits reportedly received a severe cut on his left leg from broken glass at the door while a second leaped over a rail and jumped on a bank officer's desk.

"Then I heard the shots," he said. "I felt something hit me in the leg. I was down on the floor. That's all I know."

First alarm came from Dep. Fire Chief Paul Rusch who was cruising the area in his official automobile.

A clerk rushed from the bank and hailed Rusch, reporting that the manager had been shot in a robbery. Rusch called the fire communications headquarters in Queens, which notified police.

Patrol cars were sent to the scene. FBI agents also headed for the bank.

In escaping one of the bandits tripped over a rail and sprawled flat on the floor.

Police said that the holdup men herded female employees to the rear of the bank, then proceeded to clean out four tellers' cages, taking \$10, \$20, \$50 and \$100 bills from cash drawers.

Police said Duggan's wife was an employee of a Manhattan branch of the Bankers Trust Co. The couple was childless.

Police Trace Hit And Run Auto Driver

City police called a Klamath Falls youth Thursday night, told him they knew he had knocked over a parking meter and run his car into a building, and suggested he come down to the station and tell them about it.

So Donald Ernest Brailer, 21, 2027 Applegate Street, admitted he had backed his car into the meter stand and the Weistfield's Jewellers building at Seventh and Main streets Monday night.

Police traced the car through clues that began with a scratch of green paint and piece of tail light lens. Brailer said he had not reported the accident because he had no insurance.

He posted \$15 bail on a charge of failing to leave name and address at the scene of an accident and was scheduled for appearance in municipal court November 20.

Ex-Convict Admits Guilt

Marshall Stevens, a 40-year-old ex-convict who admits a criminal career dating back to his teens, pleaded guilty to an armed robbery charge in circuit court Thursday.

Stevens' plea, changed from an original plea of innocent, was on the lesser of two charges on which he was indicted by the grand jury. Still standing is a charge of assault with intent to kill, on which he has pleaded innocent.

Both charges resulted from the robbery of the Low Cost Market in the Town and Country Shopping Center last July 26 when state police arrested Stevens and Willie Young.

During the arrest Stevens allegedly pulled a gun on State Police Sgt. Bruce Lattin but was prevented from firing by the quick action of Patrolman William Roach.

Young, charged only with armed robbery, pleaded innocent and is scheduled for trial November 24. Stevens is scheduled for sentencing by Judge David R. Vandenberg at 2 p.m. next Monday on the armed robbery charge.

Louisianian Wins Praise

PORTLAND (AP)—A Louisiana Democratic National Committeeman opposed by his state Democratic Central Committee because he favors a strong party stand against segregation drew support Thursday from Northwest Democratic officials.

C. Girard Davidson, Oregon Democratic National Committeeman, praised Camille F. Gravel, Louisiana Democratic National Committeeman, for "forcing a decisive stand on the civil rights problem in the South."

Davidson said the Louisiana central committee has decided to unseat Gravel because of his segregation stand.

Davidson, who was born, educated and admitted to the bar in Louisiana, told Gravel in a letter Democratic National Committeemen from Oregon, Washington, Montana, Idaho and Alaska will vote to seat Gravel Dec. 6 when the national committee meets.

The White Citizens Council candidate of the Louisiana State Committee will get precisely nowhere should he present his so-called credentials from the state committee at the Dec. 6 meeting of the National Committee, Davidson said.
