

SO MUCH TO BE THANKFUL FOR...

When the pilgrims gathered that first Thanksgiving Day, it was to offer thanks not only for the blessings of that past year . . . but to express their gratitude for the opportunity this new land offered. Opportunity that meant a bright future! And that opportunity, the chance to do as the individual desires, has provided the climate needed to develop the freedom and prosperity we now enjoy. Today, we can give thanks that opportunity is ever-growing! The future of America, her people, has, in fact, never looked brighter . . . more jobs, more income, more production, more savings, more research, more leisure, more luxuries, and a new space-world to conquer.

We do, indeed, have so very much to be thankful for!
