

LLOYD SEELY, supervisor of the Klamath County School District who has responded to other calls for his type of AB Rh negative blood, went to the Klamath Valley Hospital laboratory Wednesday to answer the appeal for help for Carolyn Hurley, heart patient. Carolyn, daughter of Mr. and Mrs. Bill Jarosak, 3410 Bristol Avenue, needed 23 pints of blood that have been donated in five Oregon cities. Drawing the life-giving fluid from Seely's left arm is Wilda Wagner, Portland, Red Cross registered nurse.

GRANGE NEWS

SUMMER LAKE GRANGE
SUMMER LAKE—A potluck supper preceded the regular session of the Summer Lake Grange November 22, at 6:30. Boyd Claggett declined the nomination as master relinquishing the chair to William Kimsey for another term.

In planning ahead for December's activities, the group decided to sponsor a New Year's dance and a community Christmas party December 20. Mrs. Mary Emery, teacher at the Ana River School, will have charge of the program. Santa will be on hand, as is his custom, to pass out treats.

During the evening the Remington shotgun, which had been displayed at the Summer Lake Lodge, was awarded to John Anderson of Silverton. Humorous readings were given in tribute to last year's officers. Grangers were reminded that

a joint installation of officers would be held at Fort Rock Sunday, November 30, in conjunction with the Fort Rock Grange. A potluck dinner will be held at noon.

SHIP RUNS AGROUND
HAMILTON, Bermuda (UPI)—The Swedish freighter Invangor-thon ran aground on some reefs off Bermuda Tuesday and remained wedged in place despite attempts by two tugs to dislodge her.

GOOD INFANTRYMAN
SOUTHAMPTON, England (UPI)—Pakhar Singh, 21, told army recruiters he hitch-hiked 12,000 miles from Malaya through India, Afghanistan, Turkey, Greece, Yugoslavia, Italy, Switzerland and France to join the British army because he wanted "to see the world."

More Than 90 Companies Have \$1 Billion Assets

By **ELMER C. WALZER**, UPI Financial Editor
NEW YORK (UPI)—Remember when you were little you used to hear the big kids say, "Betcha million dollars?"
And then when you got up to where you did a bit of "betching" you learned to say, "Betcha billion dollars?" Later you said a "skillion," because you didn't know what came after a billion.
A billion dollars used to be a lot of money. But not any more. We have more than 90 companies with assets of more than a billion dollars each. Their assets aggregate more than 263 billion dollars. Assets of all corporations in the nation run around 900 billion dollars.
The government debt has

soared from less than six billion dollars in 1913 to around 280-billion dollars today. If you add in the state and local debt you get a total of around 330 billion dollars.
Public and private debt totals around 700 billion dollars. Total financial assets of all the people of the nation run around 470 billion dollars.
Now what's next. Of course, you know by now that the next big figure is a trillion.
A million is a one and six zeros (1,000,000). A billion is a one and nine zeros (1,000,000,000). A trillion is a one and 12 zeros (1,000,000,000,000). A million is a thousand thousand. A billion is a thousand million. A trillion is a thousand billion.

sextillion—a one and 21 zeros (a thousand quintillion); a septillion—a one and 24 zeros (a thousand sextillion), and so on.
You can back up from a googol which is a heck of a lot of vigintillions. It works out at 10 to the 37th power. Oh, just put 100 zeros on a one and you have it. A vigintillion, in case you want to know, is 1,000 novemdecillions.
If you are in Britain or Germany multiply each of these things by one thousand.

4-H NEWS

LAKEVIEW—Leaders in the 4-H home economics fields gathered Friday, November 21, at the St. Patrick's Parish Hall for morning and afternoon training sessions conducted by Ruth Brasher, state 4-H Club agent.

Food leaders attended the morning session, and all home economics leaders were invited for the afternoon. Miss Brasher emphasized points to help promote interest of project members through tours of markets, bakeries, or other retail stores relative to the food field, or home tours for clothing where an effective demonstration could be made in that program.
Attending were Margaret Kaley, Jean Kaley, Maxine Hotchkiss, Virginia Petty, Clair Haslebach, Mary Odegaard, Amelia Garovinski, Frances Stephens and Genevieve Elder.

PIANO RECITAL
FORT ROCK — Pupils of Mrs. C. W. Boley were presented in a piano recital Sunday evening, November 23, at the home of Mr. and Mrs. Hubert Wagers. Guests were the families and a few friends. Linda Kittredge, Marilyn Ward and Bill Parks are beginning pupils. Bobbie Lee Morehouse and Alan Parks are in their second year of study and Mrs. Wagers is an advanced student.

CAMOUFLAGE HYDRANTS
GREAT NECK, N.Y. (UPI)—The town board took quick action when firemen complained beauty-conscious residents were making hydrants hard to find. The board ordered all vegetation and other obstructions removed from the bright red hydrants.
