

A DRAMATIZED STORY THAT COULD HAPPEN TO YOU!

Do You Wonder What Makes You SO DARN TIRED?

I used to feel weak and run down from the moment I woke up in the morning to the time I tumbled into bed at night. And believe me, I know how miserable this condition can be! Taking care of a home and family is a hard enough job even when you feel good. But trying to be a good mother and wife when you barely have the strength to move around would make any woman a nervous wreck!

As if being tired wasn't enough, I found myself getting upset by almost everything. I became cross and irritable with the children. I'd start arguments with my husband over the smallest things. I finally realized that something had to be done — so I went to see our family doctor.

After giving me a thorough examination, the doctor explained that my tiredness and nervousness was caused by a lack of important vitamins and minerals in my diet. This deficiency, he explained, caused men and women to feel run-down and irritable. To help correct my condition he recommended I add a good food supplement to my daily diet.

That's when I sent away for a trial supply of Vitasafe High-Potency Capsules that I had seen advertised. In just a few short weeks my energy came back. I felt like a new woman and was glad to continue with the wonderful Vitasafe Plan. If you feel tired, nervous and miserable as I did, why not see how Vitasafe Capsules may help you, too?
