Bomber Glad Plan Failed

PORTLAND (AP) — A 54-year-old man who had three home made bombs in his luggage told police Thursday he had planned to use them to kill himself and another man he refused to identify.

But Walter Seward Highet, Beaverton, told Detective Joe Hochmuth he was glad he was stopped before he could carry out the plan. Highet told Hochmuth he planned to confront his intended victim, ignite his bombs from a cigar he would be smoking and blow up both himself and the victim.

Employees at the Multnomah Hotel found Hochmuth sick and called a doctor, who sent him to a hospital. A bell boy found the bombs in Highet's luggage.

Police ordered three floors evacuated while the bombs were disarmed in Highet's sixth floor room under the supervision of Army bomb demolition personnel.

Highet, who was charged with possessing explosives and maintaining a fire hazard, said he made the bombs at home. They included a mixture of magnesium, rocket fuel, shotgun shell powder and powered fuses.

Chicago Demo Awaits Signal

ST. LOUIS, Mo. (AP) — Chicago Democratic leader Jack Arvey is rooting for Sen. Stuart Symington (D-Mo) for the 1960 presidential nomination and waiting for the signal to work for him, the St. Louis Globe-Democrat said today.

The story from Washington quoted Arvey as saying "it wouldn't take much of a nudge to get me working for him as hard as I am now rooting for him vocally."

Arvey, a Democratic national committeeman, had a major role in propelling Adlai Stevenson from Illinois governor to presidential nominee, the Globe - Democrat said.

Coattails Abet Rescue Of Boy

NEW HAVEN, Conn. (AP) — Little boys, their shoes scuffed and their coats flying, often dismay their mothers.

But Mrs. Frank Zober of Deer Park, N.Y., is thankful her six-year-old son's coattails were flapping Thursday.

The boy, Paul, plunged through a hole in a deep, frozen pond while strolling with a playmate. His coat caught the edge of the ice and held him for 10 minutes in icy water up to his chest.

The other child dashed to where their parents were visiting. The father sprinted to the pond and pulled his chilled son to safety.

Special Advisory Council Ends Study Of SSA Slate

WASHINGTON (AP) — A special advisory council has completed a year-long study of the nation's Social Security program and found it in good financial shape.

A new schedule of taxes voted by Congress last year "makes adequate provision for meeting both short-range and long-range costs," the 13-member group said in a report made public Thursday.

The tax on both employers and employees provides insurance benefits for elderly persons, survivors of workers and disabled employees. Effective Thursday, both the tax rate and the amount of salary on which it is paid were increased.

Other increases already in the law provide for further tax increases in 1960, 1963, 1966 and 1969. The council said that under present conditions, the scheduled 1969 increase may not be needed.

The advisory group was composed of business and union leaders and experts in the fields of finance, insurance and economics. Congress directed that it be named to study the soundness of the Social Security system.

Although the fund is financially able to meet the scheduled payments to recipients, the group cautioned that excessive inflation could make the present level of payments unsatisfactory.

The report was made to the secretaries of the Treasury, Labor and Welfare, who are trustees for the fund. They are expected to add their own comments in reporting to Congress before March 1.

Darvin Robnett and family of New Pine Creek spent Christmas Day in Prineville visiting Mr. and Mrs. Earnest Ingstrom Sr. and Mr. and Mrs. Earnest Ingstrom Jr. and their families.

Visitors — Guests at the Carmen Fleming home in New Pine Creek on Christmas were Mrs. Vivian Pittman, professor at the University of Oregon, and her sister, Mrs. Glen Smith. Mrs. Fleming, Mrs. Pittman and Mrs. Smith were schoolmates at Paisley High School.

Closed — The Truman Lawson logging operation of New Pine Creek closed down last week as almost all of the timber purchased by the Willow Ranch Company up Pine Creek Canyon had been cut. The heavy equipment is being moved into Lawson's New Pine Creek location for storage and repair.

To San Francisco — Mr. and Mrs. Lee Perry of New Pine Creek attended the East-West game at San Francisco last Saturday. They were chaperons for the Alturas High School band.

Trip — Mr. and Mrs. Richard O. Varnum have returned to Fort Klamath from Beaverton, where they visited during Christmas week with their daughter and family, Mr. and Mrs. A. H. Sinner, small sons Steve and Greg.

Home — After spending the Christmas holidays with her relatives in San Jose, Mr. and Mrs. Raymond Van Wormer and family returned home to Fort Klamath to greet the New Year.

To Eagle Point — Mr. and Mrs. Bert Stanley and daughters of Fort Klamath are spending the holidays visiting with relatives at Eagle Point, Oregon.

In Fort Klamath — for the first time in several years, Mr. and Mrs. R. Seth Dixon are celebrating the holidays at their ranch home north of Fort Klamath and plan to leave January 5 to spend the winter in Southern California. Ash Morrow, Dixon's ranch employe, will remain as caretaker during their absence.

To Go South — Mr. and Mrs. A. F. McQuiston plan to leave Fort Klamath soon for the remainder of the winter after staying unusually late at their local residence. They plan to go to Long Beach, where McQuiston has business interests.

TRAINING EXERCISE
Marine Edward R. Mills, son of Mr. and Mrs. Leonard J. Mills, Lakeview, took part in a December engineering training exercise with the 1st Marine Division's 7th Engineer Battalion at Camp Pendleton. The engineers put their training to practical use during the exercise working on flood control projects, road construction and repair problems throughout the reservation.

SALEM, Ore. (AP) — Police searched today for 20-year-old Carl H. Wagner of Milwaukee, an escapee from the State Hospital at Salem.

Officials at the mental institution said Wagner escaped through a laundry chute while working alone in a linen room.

They said he tied sheets together and descended through the 12-foot chute into a tunnel below, which leads to other buildings.

He is the twin brother of another inmate at the institution, Richard G. Wagner. Richard admitted to police he was responsible for the July 5 explosion at the Signal Fireworks & Specialty Co. in southeast Portland.

The explosion killed one 4-year-old girl, injured 25 persons and caused damage estimated at one million dollars.

Dunsuir Chamber Leader Tells Of Recreation Goal

DUNSMUIR — Chapman Wentworth, new president of the Dunsuir Chamber of Commerce, told chamber members Monday night that his goal will be recreational development of Dunsuir.

"People are just looking for a place to have fun," Wentworth said in outlining Dunsuir's challenge to attract the tourist trade.

Wentworth said he is resigning as a member of the board of directors of the Ski Bowl and the presidency of the Ski Club in order to do justice to the job of chamber president.

Other chamber officers elected at Monday's dinner were Harry Harper Jr., vice president; Peggy Walsh, recording secretary; and Don Warner, treasurer.

Warner, who has served as the chamber's treasurer for 13 years, gave the 1958 report to those present showing the chamber spent \$966.56 in advertising, \$825 in promotional activities and \$790 for other expenses and will enter the new year about \$6 in the red.

Two More Drill Sergeants Slated For Courts-Martial

PARRIS ISLAND, S. C. (AP) — Two more Marine drill instructors charged with assaulting members of a recruit platoon from Ohio are scheduled for courts-martial sometime in the future at this Marine training base.

A third instructor was acquitted this week of assaulting two members of the platoon and of soliciting and accepting money from his recruits.

Staff Sgt. Ralph Grant, 26, of Racine, Wis., was found innocent New Year's Eve by a General Court-Martial of seven officers.

The career Marine received the verdict standing rigidly at attention. Afterwards, he commented: "I think the Marine Corps has been justified. I don't see how the verdict could have been anything else."

Charges against Grant and Sgt. Willard Poss of Augusta, Ga., and Ronald Heller of Milwaukee, Wis., stemmed from complaints of a few parents of the All-Ohio "Steel Valley" Recruit Platoon.

Poss is charged with accepting money from recruits and with assaulting one of them. Heller is charged only with assault.

Defense Attorney Carl Sanders of Augusta, a member of the Georgia State Senate, in his closing remarks to the military panel claimed that it was "reasonable and logical" for the court to believe that "we have insidious influences in our country that are at work" to undermine the solidarity of the Marine Corps.

He said only three of the 42 recruits from whom testimony was taken had given evidence which definitely linked Grant with the alleged offenses.

Lt. Walter D. Cummings of Chicago, trial counsel, accused the defense of trying to smear the recruits called as prosecution wit-

nesses, as well as some of their parents. The prosecution contended Grant had pocketed the money solicited from recruits. The defense claimed the money had gone to various legitimate expenses such as laundry bills.

Another Clue Proven 'Dud'

CASCADE LOCKS, Ore. (AP) — Another clue explored in the search for the missing Ken Martin family proved fruitless Thursday.

Two tire tracks, one near Cascade Locks canal and another near Mosier, on the Columbia River bank were checked.

Sheriff R. L. Gillmouthe and Police Chief Donald Pinkerton dragged the river, but brought up only some old cable.

The Martin family vanished Dec. 7 while on a Christmas tree hunt. The family included Martin, his wife and three young daughters.
