U.S. Secretary Of Labor Notes Buying Power Hike

WASHINGTON (AP)—Secretary of Labor Mitchell said today the purchasing power of working people generally has been greatly strengthened in recent months.

He said the business recovery in the last half of 1958 "has been especially gratifying because simultaneously the cost of living has halted its rise."

Looking to the new year, Mitchell predicted jobs will remain scarce early in 1959 but that farm employment will climb to the highest point in history before the end of the year.

fact that we still have too much unemployment," Mitchell said, "rise in January and February as 'The situation is improving steadily—a result of seasonal factors.'"
