Prof Outlines Bean Program

PORTLAND (AP)—Green beans deserve the snappy treatment appies get to make them more attractive to the consumer, said Dr. Harold Schultz of Oregon State College Tuesday.

Schultz told the Northwest Canners and Freezers Assn. meeting here: "Today green beans are presented to the customers in two forms — regular cut and French style.

"These beans can easily be presented in many other forms, such as apples are presented in a variety of cuts and styles for the consumer," he said.

Schultz suggested beans prepared in "ready-to-eat form with Spanish sauce, or rice or bacon and so on."

Manager Hits Fair Budget

SALEM (AP)—State Fair Manager Howard Maple told a Ways and Means Subcommittee Tuesday the \$1,125,000 appropriation recommended for the Fair Commission was a tight budget.

Maple said the commission would have to do without major improvements on the fairgrounds at Salem to stay within the budget request.

The commission asked for \$1,231,274 for the next two years. The budget submitted by ex-Gov. Robert D. Holmes cut this to \$1,125,000.

Maple told the committee the commission plans 10-day fairs the next two years. Last year was the first time a 10-day fair was held. Before that, they ran eight days.

Rep. Keith Skelton (D-Eugene), chairman of the House Ways and Means Committee, asked Maple if the fair could be reduced to seven days this year to save money.

Maple said he wouldn't object, "but it is up to the commission or someone else in charge" to make that decision. He added he favors a nine-day fair.

The committee was told there would be a saving if the fair was an eight-day affair, but that the horse race betting total would drop.

The major part of the reduction involves cuts in improvements, from \$73,000 to \$22,700. Maple said the proposed improvements included a connecting road through the fairgrounds, a planting program and a bypass road.

Maple estimated that fair revenues would increase 13 per cent in the next two years.

PUNCH LINE
INDIANAPOLIS, Ind. (AP)—An earnest young man circulated an open letter in the Indiana General Assembly Monday urging creation of a governor's youth council to help teen-agers.

He looked puzzled by the resulting hilarity.

The letter's punch line: "The juvenile delinquent of today is the senator or representative of tomorrow."

BEAR FACTS
LEXINGTON, Ky. (AP)—There is only one of John E. Hunter Jr., but he feels a bit like the three bears.

Somebody broke into his home, slept in his bed and ate all the food in the refrigerator.

Fishing Industry Slices Season

PORTLAND (AP)—The Oregon Fish Commission and the Washington Department of Fisheries acting jointly Tuesday ordered the commercial fishing season this winter on the Columbia cut in half.

The season, which in the past extended through the month of February, will open Feb. 15 and will close March 1 under the ruling.

"The later opening will provide an increased escapement of steelhead and salmon to the spawning grounds," said Harold Johnson, Oregon Fish Commission chairman.

Sportsmen earlier urged the two bodies to eliminate the February commercial season.
