

FORCED TO MOVE!

The expanding First Federal Savings and Loan is moving its one store down the street. We'll soon be in bigger and better quarters but in the meantime this moving is really a chore... and we've ended up with hundreds of dollars in merchandise we don't want to move. Yep it's all made of ridiculous low prices. Come and plow through the confusion and buy what you need at a real savings. We'll be glad to help you find the best values. Here are a few samples of the savings to be had:
