

Diver Manages Weak Smile After Dramatic Rescue

CHICAGO (UPI)—Veteran diver Frank (Lucky) Hefling, 55, managed a weak smile following his dramatic rescue from a painful trap 75 feet under icy water Thursday night and said "I prayed."

Hefling was freed by two fellow divers and hauled to the surface after a more than five and one-half-hour ordeal in a tunnel shaft 160 feet below ground on Chicago's South Side.

The husky Hefling, who learned his skills as a Navy diver during World War II, was reported in "pretty good" condition at South Shore Hospital.

Thousands of persons hurried about their business along the streets of the busy South Side area, unaware of the life-and-death struggle going on in the water tunnel beneath their feet.

Power Firm Asks License

PORTLAND (AP)—Pacific Power and Light Co. has asked the Federal Power Commission for a license to build another hydroelectric project on the Lewis River in Southwestern Washington.

PP&L president D. R. McClung Thursday said the company would include a series of diversion dams on the Big Meadows, Curly and Rush Creeks in its proposed Meadows project, some 15 miles east of PP&L's recently completed Swift Dam.

If the permit is granted, construction would begin in August, 1963, McClung said. The site is about 60 miles northeast of Portland.

McClung said the initial phase would cost about \$7,700,000 and produce 35,000 kilowatts of power. Two more powerhouses may be added later, boosting the total Meadows project power production to 95,000 kilowatts.

Doctor Held For Slaying

EL PASO, Tex. (AP)—A gray-haired, dignified-looking doctor sat in a jail cell today while arrangements were made for the funeral of the prominent attorney he shot down Wednesday.

Dr. Harold Eidinoff waited under a murder charge, without bond, as authorities tried to decide his next step. A year ago he had been adjudged insane. Three months later he was released.

Wednesday night Theodore Anderson, 50, an El Paso attorney and president of the Texas Assn. of School Boards, waited with his wife for their luggage at El Paso's International Airport. They had just flown back from San Francisco.

A man walked up to Anderson, pulled a pistol and fired. Anderson fell. The man emptied the pistol at the fallen attorney, then threw the empty weapon at the body.

The assailant walked away calmly, onlookers said. A bystander heard Mrs. Anderson scream and grappled with the gunman.

An officer took over and found that under a dark leather jacket the gunman wore a bullet proof vest. A little later, police discovered the gunman was Dr. Eidinoff, also 50.

Police Lt. Al Hajar said Thursday Eidinoff had spoken readily of the shooting and blamed Anderson for a long period of legal troubles, accusing Anderson of showing nude photographs of Eidinoff and his first wife, taken on their honeymoon 22 years ago.

Eidinoff's second wife, Sylvia, filed for divorce in 1954, and authorities said photos of the doctor and his first wife were submitted as exhibits.

El Paso school children were excused today to attend services for Anderson. He also was president of the El Paso Board of Education.

MILK PRICE TALKS

PORTLAND (AP)—An attempt to halt milk price cutting was discussed here Thursday by representatives of more than 100 producers and dairies.

They agreed to meet again "to explore the suggestion of forming a giant bargaining group," reported Lester Adams, manager of the Oregon Milk Producers.

GUESTS WHO ATTEND tonight's big buffet dinner at the VFW Hall on Klamath Avenue, sponsored by the Veterans of Foreign Wars and the Klamath Kurbstone Kowpokes, may take home one of around 100 prizes to be awarded during the dinner. All proceeds go to the 1959 March of Dimes fund campaign. Those planning the event, which will include dancing following the dinner, expect to take in more money than last year. Everyone will be welcome. Seated is Mrs. Jennett Schiffman, polio victim, who has received rehabilitation therapy through the Klamath County Chapter, Melvin Malme, VFW chairman, Jerry Henager, Klamath Kurbstone Kowpoke, and Bob Wilson, manager of the Blue Ox Cafe which is preparing the meal. All proceeds go to the March of Dimes. Prizes were given by downtown Klamath Falls merchants and merchants at Town and Country Shopping Center.

Airliner Limp Home

JOPLIN, Mo. (AP)—A Braniff airliner with 44 persons aboard limped into Joplin Airport Thursday night on one engine and a hefty tailwind.

The port engine of the two-engine Convair quit shortly after the airliner had left Tulsa on a scheduled nonstop flight to Chicago. Pilot Ed Mayer of Dallas said he decided to ride a 65-75 mile-an-hour tailwind to Joplin instead of turning back. He called the landing routine. Mayer said he didn't know why the engine quit.

Another Braniff plane, sent here from Dallas, took the passengers to Chicago.

"No one seemed the least bit upset or afraid," said Stewardess Diane Shammess of Dallas. "As a matter of fact, they were eating dinner, and I don't think they stopped eating until we landed."

They were indicted by a federal grand jury in San Francisco.
