Prominent Spain Liberals Defy Boss, Form New Party

MADRID (AP)—Prominent liberals and rightists have defied Generalissimo Franco's ban on opposition political movements and formed a new party.

So far there has been no retaliation from the government. Failure to take action would be interpreted as a sign of weakness. All political parties except the government Falange are banned in Spain.

Nearly 100 army officers, bankers, lawyers, university professors and others formed the new party, called Spanish Union—union espanola—at a banquet Thursday in a Madrid hotel.

Speakers included Joaquin Sarrategui Fernandez, a liberal monarchist and member of a wealthy family of Basque industrialists, and Enrique Tierno Galvan, professor of political law at Salamanca University and head of a group of liberal Republicans.

Sarrategui in a strong speech said Franco had seized power illegally and kept his regime in office by force. He criticized the government's economic policy, saying it was "without present or future."

A manifesto circulated by the party declared:

"Spain has just awakened to her tremendous reality, and fiction begins to fall with all the weight of its coarse and grotesque framework. We believe that what has been said through Sarrategui is not an opinion but the full conscience of a nation clamoring painfully."

**BUILT FOR PEOPLE**      **BUILT FOR SAVINGS**

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

Here's how to comfort-test a Ford. Take six people—a daddy longlegs, a mister "five by five," any shape, any size. Put them in a Ford and watch what happens. In the first place they can get in easier. Doors are wider than other cars in Ford's field... wider-opening, too. Slide inside and everybody (including the man in the middle) has a seat that's thickly padded for real comfort. There's more than enough room for legs, elbows, hips—and hats! And unlike cars with high rear-end styling, Ford's low-level trunk loads easily. Come in for a "people test!"

A quick check will show you that suggested Ford retail prices are lowest of the best-selling three for all comparable models. What's more, with radio, heater, and automatic transmission. Fords are priced up to \$102.75 less than the major competition... with air conditioning, you can save up to \$219.55. Then there are Ford saving exclusives like Diamond Lustre Finish that never needs waxing and the aluminum muffer that normally lasts twice as long. Finally, Ford's beautiful proportions will be worth more when you're ready to sell.

"Plenty of room to wear your hat"

"Save up to \$1.00 on every tankful"

"Seats are comfortable all the way across... no hard spot in the middle"

"Go 4000 miles without changing oil"

"Getting in and out is a snap"

"Save up to \$102.75 on purchase price alone!"
