Artists Plan Plastic Show

The Klamath Falls Art Association will sponsor a program on the making of plastic objects for home decoration. Fred Ehlers, Klamath Falls, will give a demonstration Monday evening, February 9, at 8 p.m. at the Klamath Art Center in the Mountain View Housing Project.

The principle method to be demonstrated by Ehlers will include the embedding of materials such as leaves, seaweed, stamps, string in sheets of translucent plastic. These sheets may be used in the making of trays, decorative screens, coffee tables and tiles.

Fred Ehlers, who is well known in the Klamath Basin, has been working with plastics for several years.
