1. Germicidal protection!

Norforms are safer and surer than ever! A highly perfected new formula releases antiseptic and germicidal ingredients right in the vaginal tract. The exclusive new base melts at body temperature, forming a powerful protective film that permits long-lasting action. Will not harm delicate tissues.

2. Deodorant protection!

Norforms were tested in a hospital clinic and found to be more effective

than anything it had ever used. Norforms are deodorant—they eliminate (rather than cover up) embarrassing odors, yet have no "medicine" or "disinfectant" odor themselves.

3. Convenience!

These small vaginal suppositories are so easy and convenient. Just insert—no apparatus, mixing or measuring. Greaseless and keep in any climate. Your druggist has them in boxes of 12 and 24. Also available in Canada.

AS YOU WERE SAYING...

her aim
in life

THE OTHER DAY a group of us were talking and the conversation, as it often does, drifted around to how to raise children. One young man, who came from a family of 13 children, recalled an amusing incident from his childhood days.

It seems at dinner his father and mother would sit at opposite ends of the long table with the "little people" at the sides. Naturally in a family that numerous, one or more of the children from time to time would need to be reminded about his manners. At these times, the mother would pick up a water gun and squirt the culprit squarely in the face. She hit the mark—and made her point—each time, and it was a source of fun as well as discipline to the whole group.

In such an atmosphere it was no wonder that all 13 children grew to be outstanding citizens, numbering in their ranks two lawyers, an accountant, a nurse, a pharmacist, and a doctor.

heart

I DO OFFICE WORK in a department store located in a large shopping plaza. When work is slack I often make ribbon bows for gift wrapping. Recently a small, brown-eyed girl about 6 shyly approached the counter and watched me make them. She came back several times thereafter, seemingly fascinated by the bow-making; I learned she lived near the plaza and had her mother's permission to come over.

One day she got up enough courage to speak to me: "If you ever have a bow that isn't very good and you're going to throw it away, will you give it to me?" It seemed such a simple request, I went ahead and made up a scarlet bow just for her. She was beaming when she left the store, the bow cupped in her hands.

A few days later she came in and handed me a neatly wrapped package. It was a gift from her mother, a beautiful homemade apron. But the best part of all was that the package was wrapped with the same red ribbon and bow I had given the girl a few days before.
