Move Slated By Attorney

YREKA — J. Everett Barr, Yreka, defense attorney for William A. Cameron, 22, who is charged with the first degree murder of Mrs. Vivian Malone, 50, of Chico, stated last week that he will file a motion to have Keith Lyde, district attorney of Butte County, removed from the case. Barr said that he is examining the examination of Cameron by Dr. Burton W. Adams, defense psychiatrist.

Barr made this statement upon hearing that Lyde had informally indicated his intention of insisting that he be present during the examination of Cameron by Dr. Adams. Barr also stated that a doctor and his patient is confidential. Barr also said he plans to file an affidavit opposing the appointment of two DeWitt Hospital psychiatrists on the grounds that they were the same two who had examined Cameron at the time of the murder, and considered themselves as employees of the district attorney.

According to Barr, another affidavit will be filed by Dr. Adams, wherein he will assert that Cameron "appeared to have developed amnesia blacking out practically all memory of what had occurred on the evening of December 22 and 23." Also, Barr said, Dr. Adams will affirm the medical probability that the amnesia can be overcome by properly administered sodium pentothal.

Barr further expressed the opinion that the prosecution's case had been weakened by data released to the defense last week, by court order, that Mrs. Malone was found to have been extremely intoxicated.

It is also expected that the court will pass a ruling on whether defense attorneys will be permitted access to a statement given to the prosecution by Glenn Becker, who had accompanied Cameron on the visit to Mrs. Malone, earlier on the evening she was slain.

Barr will again file a request for a writ of prohibition, requesting that first degree murder against Cameron be changed to second degree. The first appeal made by Barr was refused before by the Superior Court Judge Allison D. Ware of Oroville.

Brown Urged To Name Aide

YREKA — The Siskiyou County Board of Supervisors, supported by three local sportsmen's groups, at their meeting in Yreka last week, sent a telegram to Governor Brown requesting consideration of Ellis O. Berry, Eureka, for appointment as head of the California Department of Fish and Game.

The board also passed a resolution asking the governor to support Assembly Bill 187, authored by Assemblywoman Pauline Davis, extending the veto power of county board of supervisors over either deer hunts for another two years. Another bill, originated by Senator Arnold Stanley of Susanville, prohibiting the taking for a two-year period of forked horn deer in district one and three fourths, a portion of which lies in Eastern Siskiyou County, was also supported.

They also agreed with the recommendation that Henry Cline-schmidt of Redding be appointed as director of Fish and Game for Region One.

Supervisors were recipients of almost identical requests from the American Gun Club of Weed; the Northern Counties Wildlife Conservation Association; and the Duns-muir Rod and Gun Club, for their support of the pending legislation.

Supervisor S. C. Jackson of Edgewood stated, following a 100,000 study of State Fish and Game Department operators, recently completed by the firm of Booz, Allen & Hamilton of San Francisco, that four basic criticisms were found in the study.

Both junior and senior members of the unit have been invited to attend the event with the women who assisted at the Siskiyou County Fair booth as special guests.

Mrs. Emily Bigelow, Americanism chairman, announced that information concerning the Americanism essay contest has been placed in all schools.

The groups of the contest are Benjamin Franklin, fourth, fifth and sixth grades; Birth of America's Freedom, seventh, eighth and ninth grades; Blazing the Future of Freedom, tenth, eleventh and twelfth grades.

Mrs. Laura Nell Layton, poppy poster chairman, announced that information concerning the contest has been placed in the schools.

The group voted to contribute \$15 to the March of Dimes. A report was also heard concerning the dressing and repairing of dolls to be distributed among needy children.

In The Day's News

(Continued from Page 1) General Gruenther didn't say that. He didn't in words say anything like that. But he left his hearers with the feeling that he HAD said it. He left with them the feeling that it will be accomplished. He is a remarkable man.

Will there be war? Will Russia attack us? General Gruenther thinks not. Our power to retaliate is too great. The Russians won't take the chance. Or so he believes.

What of their economy? What of their technology? Will they surpass ours?

On that point the general isn't utterly certain. The Russians are in dead earnest, he says. THEY AREN'T AFRAID OF WORK. They go to school to LEARN, he adds. Not to have fun. Going to school, they feel, is a great opportunity.

They go in for science. And for foreign languages. Ten million Russians are learning to speak English.

They could catch up with us, he thinks. They MIGHT pass us.

Water Bills Introduced

SACRAMENTO (UPI)—A series of bills to build, pay for and regulate the multibillion dollar California water plan was introduced in the Legislature Tuesday by Assemblyman Bruce F. Allen (R-San Jose).

Allen said the bills set up the machinery to build and operate the statewide water plan, which includes the nearly two billion dollar Feather River Project.

One measure authorizes acquisition, construction, operation and maintenance of units of the water plan when funds are appropriated.

A second bill creates a California water fund consisting of the 170 million dollar investment fund, future state revenues from tide-lands oil drilling, a monthly general fund appropriation of four million dollars, revenues from projects built, and any other funds appropriated for water projects.

A third bill provides the four million dollar appropriation from the general fund and two others regulate the sale of water and power from state projects.

Police Seek 3 Kidnapers

CLOVERDALE (UPI) — Police searched for three men today for the kidnap-robbery of Mrs. Jane Derrick as she was leaving the Cloverdale branch of Bank of America.

Mrs. Derrick told Sonoma County sheriff's deputies Tuesday that the robbers slapped her in the face with a glove full of nails, then robbed her of \$1,200.

She said one man forced her into the cab of her pickup truck and made her drive to a rendezvous with the other two about three miles from Hopland in Mendocino County. She said the trio left her stranded in a driving rainstorm after beating her and taking the money.

Mrs. Derrick said she walked a mile to a farmhouse and phoned the sheriff's office at Ukiah.

Doctors said the victim suffered superficial cuts about the face and body bruises.

Mrs. Derrick said she had withdrawn the \$1,200 in \$100 bills from her safety box to pay some bills.

Reminder Given For Tax Filing

You might expect Friday the 13th to be like that. It's the last day you can pay second quarter county taxes without a penalty.

The law says taxes for the quarter must be paid by the 15th to avoid interest charges. But the 15th is Sunday, and the law makes no exceptions.

The courthouse is closed Saturday, too, which makes Friday the last chance to pay before deadline. To add to the complications, Thursday is Lincoln's birthday—a holiday—so the courthouse will be closed.

There's just one way to beat the deadline, said Mrs. Esther Newell, tax deputy. Any letter postmarked before midnight Sunday, the 15th, will be acceptable.

Otherwise, Friday the 13th is the taxpayer's last chance.

GRADUAL IMPROVEMENT

Continued gradual improvement in the condition of Charles A. Rutledge, 57, 5641 Miller Avenue, was reported Tuesday morning at Hillside Hospital, where he is undergoing treatment for severe injuries sustained in an auto accident Thursday afternoon.

Despite Dulles' Absence, Policy Lines Clear, Firm

WASHINGTON (UPI)—For more than six years there has never been any question who was the boss at the State Department — and there still isn't.

Secretary of State John Foster Dulles is in Walter Reed Army Hospital today awaiting an operation for hernia. But the effect of his powerful personality still hovers over the subordinates in whose hands he left affairs for "a few weeks."

The guide lines on major policy also are clear and firm. Sources conjectured Dulles probably would be away from his desk for six weeks. But they said most of the important foreign policy plans for that period already are formulated.

Further, the secretary has made it clear that except for the time when he actually is under anesthesia, he will be available for consultation and advice on foreign policy.

Dulles went to the hospital Tuesday to rest for his second major operation in less than two years. Doctors said the surgery would be performed late this week or early next week.

Fears were expressed in Europe that Dulles' illness might stall Western moves in the Berlin crisis. But there were no indications in Washington of a delay. The Western Allies are expected to send a reply late next week to Russia's Jan. 10 note proposing a 28-nation German peace treaty.

The West will reject the Soviet proposal, but inform Russia of its willingness to have a Big Four foreign ministers meeting to discuss Berlin in the context of the overall German problem.

Dulles was expected to be on his feet again in time for the tenth anniversary meeting of NATO in Washington on April 3. This would provide a logical time for the United States, Britain, France, and West Germany, to put finishing touches on their strategy.

There could be a foreign ministers' meeting with Russia in early May if the Soviets accept.

Hoods Linked To Juke Box Industry

WASHINGTON (AP)—The Senate Labor-Management Committee, continuing its probe of the juke box industry today, is looking into evidence that gangsters sometimes try to force certain singers on the public.

Committee counsel Robert F. Kennedy said he expects, before he is through, to produce evidence hoodlums have muscled in on juke box record distributing firms with the idea of pushing their singers.

Chairman John L. McClellan (D-Ark) has predicted the inquiry will show a sinister combine of top underworld figures and corrupt labor union officials has tried to put the juke box, pinball, and vending machine business in cities from New York to Denver under its iron rule.

Kennedy named among today's witnesses John Vitale of St. Louis; Raymond Patriarca of Providence, R.I.; Frank Zito of Springfield, Ill.; Mike Genovese of Gibsons and Pittsburgh, Pa.; and Joe Salardino of Denver.

He also said Charles Lichtman, former president of the Game Machine Union in New York City, has been called to tell the story of "a plot to kill one of his organizers."

The hearing got under way Tuesday with a former official of the Wurlitzer Corp., big juke box manufacturing firm, testifying that as its general sales manager in the 1940s, he had to make deals with gangsters in order to make sales.

Milton Hammergen of Cross Lake, Minn., who has since left the company, testified he and other company officers were upset about having to use underworld characters as distributors "but we had to sell juke boxes."

Rufus King, a consultant to the American Bar Assn. Crime Prevention Committee, testified pinball gambling produces 300 million dollars a year of illegal revenues.

Gerard V. Catena, a South Orange, N.J., coin machine operator, invoked the Fifth Amendment on scores of questions about his alleged involvement in the underworld and dealings with Teamsters Union officials.

Catena also refused to answer any questions about the 1957 gathering of hoodlums at Alapach, N.Y., which police raiders called a crime convention. Catena was one of 58 men rounded up at the meeting.

Catena claimed to know little about details of his firm, the Runyan Sales Co. of New Jersey.

RELEASED FROM HOSPITAL

Mrs. Addie L. Newsome, 91, was released from Klamath Valley Hospital Tuesday, to return to her home. Mrs. Newsome had been found four days previously in her Swan Lake area orchard by her daughter, Mrs. C. R. Colman. She had apparently fallen, and was suffering severely from exposure and shock.

Etna Mail Chief Resigns Position

ETNA — Mrs. Hazel Ashby, postmaster at Etna, resigned recently after working in the post office for the past 17 years.

Mrs. Ashby assisted her husband, the late Frank Ashby, who was postmaster from 1933 until his death in 1948, as clerk. At Mr. Ashby's death, Mrs. Ashby became acting postmaster and was appointed postmaster a year later. She retained this position until her retirement February 1.

Raymond Johnson of Etna has been appointed postmaster in Mrs. Ashby's place.

Mrs. Ashby is taking an indefinite vacation visiting her son-in-law and daughter, Mr. and Mrs. Fred Pinkerton, and family in Red Bluff. She then plans to go to Seattle, Washington, to visit relatives.

Sheriff Qff For Eureka

Deputy Sheriff Fred Calfee left for Eureka, California, today to return a prisoner who had called the sheriff's office here to see if he was wanted.

The prisoner, the sheriff's office said, was Vernon Joseph Silva, better known as Jerry Silva, 41, 616 Adams Street. He is wanted on a forgery charge involving a worthless \$102 check passed at Fran's Food Store, 147 East Main Street, a week ago.

Tuesday morning, officers said, Silva called from Eureka with the unusual question, "Are you looking for me?"

"We sure are," a deputy replied. "Well," Silva was quoted, "I'm on my way to the sheriff's office down here in ten minutes to turn myself in."

About 15 minutes later the Humboldt County (Eureka) sheriff called to learn what it could about "this Silva fellow."

"Sure enough, Silva had volunteered his presence and, the Eureka officials said, had waived extradition to Klamath County.

So Calfee left today to return him here.

Bids Requested On Public Land

Sealed bids have been asked for the leasing of one parcel of public land, a unit of 380 acres, designated Lot Number 13 in lease area K, north of the State Line Road in the Lower Klamath Lake portion of the Klamath project.

Bids will be received only from veterans of World War II and the Korean War.

Opening of bids is set for 10 a.m. Friday, February 27, in the Bureau of Reclamation office in Klamath Falls.

Information on bidding procedure and leasing conditions may be obtained from the Bureau's office at Washburn Way and Joe Wright Road, or from Bulletins posted at all post offices in the Klamath Basin and vicinity.

Church Leader To Give Talk

ALTURAS — Mrs. Wilbur Simmons, president of the Sacramento Association of Women's Fellowship of Congregational Churches, will speak to the Federated Women's Union in the Alturas Federated Community Church parlors Wednesday afternoon, February 11.

Mrs. Simmons will also show slides pertaining to their summer work last year in England when her husband exchanged pulpits with an English minister. The Rev. Wilbur Simmons is pastor of the Pioneer Congregational Church of Sacramento, California.

There will be a total of more than 100 tickets sold. Judy's mother has been chairman of the donations committee which has rounded up food for the dinner in abundance.

A dozen turkeys were being cooked at the cafeteria with attendant tantalizing odors seeping through the halls on Wednesday afternoon. At 2 p.m. on Thursday, the first kitchen crew, composed of a half dozen mothers of orchestra members, come to work to scrub 600 Klamath baking potatoes for the dinner.

There will be free baby sitting in the music department for toddlers, according to Mrs. Jim Wells, general chairman of the parents' committee. Tickets may be purchased at the door if they have not been secured in advance of the dinner.

Funerals

MCKENNEY — Mrs. Florence W. McKenney, mother of Dr. Philip W. and Dr. J. Paul McKenney, died at the home of her son, Paul, in Alturas on Saturday afternoon, February 7. She was born in Maywood, Missouri on July 20, 1881. Funeral services will be held Wednesday afternoon, February 11, from Robinson's Funeral Home, Selma, California with interment at Parlier, California.

FIRE OUT

A fire which broke out in a dryer at Klamath Hardwoods, on the Weed Highway, at about 4:40 a.m. Wednesday, had already been put out when the Stewart-Lenox Fire Department arrived on the scene. Little damage resulted.

Snow Termed Above Norm

YREKA — Results of the first cooperative snow survey measurements made by Klamath Forest officers on the Boulder Lake area courses show slightly above normal depth and water content at higher elevations and considerably under normal at lower elevations.

Snow measurements taken by District Ranger Wilbur Howard and Timber Assistant Glenn Fowler of the Callahan Ranger District on February 1, are as follows:

Middle Boulder Snow Course — elevation 6700 feet, snow depth 51.7 inches; water content 21.1 inches; Ten year average, snow depth, 46.3 inches and water content 17.4 inches.

Lower Middle Boulder Snow Course — elevation 6200 feet, snow depth 39.8 inches; water content 16.0 inches; eight year average, snow depth 58.8 inches; water content 21.7 inches.

Dynamite Meadows Snow Course — elevation 5700 feet, snow depth 31.9 inches; water content 12 inches; two year average, snow depth 45.7 inches; water content, 13 inches.

Klamath Forest personnel will continue to take snow measurements for the Division of Water Resources under the California Cooperative Snow Survey program each month until May. This snow pack data is used to predict summer runoff from snow covered mountains of the Scott River drainage.

Precipitation data released from Klamath National Forest Ranger Stations shows less than normal rainfall for the period July 1, 1958 to January 31, 1959. Rainfall figures released today are: headed, January; total to date and per cent of normal: Oak Knoll Ranger Station, 4.09, 10.35, 61 per cent; Selad R.S., 10.14, 37.68 per cent; Happy Camp R.S., 16.23, 30.73, 77 per cent; Fort Jones R.S., 11.42, 18.14, 68 per cent; Callahan R.S., 6.04, 12.71, 88 per cent; Sawyers Bar R.S., 11.69, 25.16, 84 per cent; Yreka, 3.10, 17.52, 67 per cent; Mt. Hebron R.S., 1.66, 5.01, 107 per cent.

Counsel Rules For Bonelli

SACRAMENTO (UPI) — Legislative counsel Ralph N. Kleps has ruled that California must pay a \$445 a month pension for life to William G. Bonelli, it was learned today.

Bonelli, a former member of the Board of Equalization, is in jail in Mexico City awaiting a final decision on extradition to California to face a bribe indictment in Riverside County.

The state accused him of accepting bribes for liquor licenses while he was the Southern California member of the board.

From his jail cell, Bonelli applied last month for the pension. He had reached the retirement age of 63.

Kleps said Bonelli was a paid-up member of the retirement system when he left California in 1942 after he was indicted.

The attorney said that state pension law does not exclude from benefits either a person convicted of a crime or a person who has been charged with a crime but who keeps himself out of the reach of the courts of California.
