MRS. VANCE HUTCHINS is one of many persons who benefit through the use of hospital equipment purchased by the American Legion Auxiliary with funds raised through the annual sale of magazine subscriptions. Mrs. Hutchins, who lives at 1622 Riverside, is using a walker that permits her to get about her home. More such equipment which includes hospital beds, wheel chairs, walkers, crutches and other items will be bought with the money from the 1959 magazine subscription sale now under way. The drive has been continued for 10 years. Anyone in the county may call Mrs. John Glubrecht, subscription chairman, TU 4-7209 or co-chairman, Mrs. A. Petersteiner at TU 4-3898 for the loan of the equipment.

GRANGE NEWS

TULELAKE

TULELAKE — Colored slides of Alaska, taken by Ed Greene, owner of a local spray company, were shown at the February 12 meeting of the Tulelake Grange. The potluck dinner and program meeting were in honor of Lincoln's birthday. Greene, who also operates a spray concern in Alaska, was assisted in the showing by his son, John.

His commentary covered transportation and its bottlenecks, the effects of Russian influence still seen in parts of Alaska, architecture of the country, agriculture, living conditions and great herds of caribou, source of meat for the residents.

Greene's talk also covered the defense-conscious attitude of the people of Alaska who live so close to Russian shores.

George Crowthers, a former resident of Tulelake, now with the U.S. Agricultural Commission in Alaska has also farmed successfully on a small scale, producing some potatoes.

Greene will return to Alaska in April.

The grange will sponsor another in the winter series of card parties February 26, at the grange hall. Doors will be open at 7:30 p.m., games will start at 8 with prizes and refreshments to follow.

Women of the grange will serve the lunch March 4 at the home economics building at the fairgrounds for the annual John Deere Day, to be sponsored by the Don Potter Machinery Company. The next regular business meeting will be March 12.

Home Extension

MIDLAND

Thelma Houck and Bessie Thomson, project leaders, assisted by Fanny Horsley and Helen Warren, presented the low calorie menu project for members of the Midland Home Extension Unit at Joan's Kitchen at the fairgrounds on February 12.

Low calorie dishes were prepared and served for the luncheon.

Dorothy Sharp was elected to complete the term of secretary, left vacant by the resignation of Mildred Kissel.

An interesting and vital meeting on civil defense is planned for March and all members are urged to be present.

ALTAMONT

"Low Calorie Meals," was the subject for discussion at the meeting of the Altamont Home Extension Unit at Joan's Kitchen at the fairgrounds. Alma Uppendahl demonstrated the project assisted by the kitchen committee.

Louis Estes reminded the group to bring old nylons, puzzles and pocket size novels to be sent to the veterans at Camp White. Mrs. Barker explained the need for "Pennies for Friendship," by the Associated Country Women of the World.

The nominating committee, Pearl Horsey, Louise Estes, and Alma Uppendahl will report at the March meeting.

Leah Ferrell, member of the Klamath County committee, was a guest.
