

LEG BRACES and crutches can't dampen the smile of little Becky Denton of Langlois, Oregon, who is greeted on arrival at the Easter Seal Hospital School by Wayne McKinney, physical therapist. School, financed by Easter Seals, has youngsters from many parts of state, includes daily therapy as well as education.

Judge Denies WTC Attempt

COQUILLE, Ore. (AP) — The Weyerhaeuser Timber Co. Thursday lost a court attempt to win a 40-year depletion allowance on its Coos County timber.

Circuit Judge Dal King denied the petition and that means the company will not get a \$76,000 refund on timber taxes paid in 1958-59.

Judge King held that Weyerhaeuser's timber should be included with that of other firms in the county under the 30-year allowance.

Weyerhaeuser had contended that it cut its timber at a slower rate than other companies and said it should not all have the same depletion allowance.

Renewal Set On Relations

WASHINGTON (AP) — The United States and Communist Bulgaria—at the initiative of Bulgaria—have agreed to resume diplomatic relations.

The United States broke off relations in 1950 after Bulgaria accused Donald R. Heath, then U.S. ambassador, of espionage and demanded his recall.

Officials said Bulgaria had approached the United States several times about resuming relations. Each time the effort failed because the Sofia government refused to withdraw the charges against Heath.

The State Department said Thursday night it now considers it in the best interest of the United States to resume the relations because Bulgaria has at last withdrawn the Heath charges—calling them groundless.

Vermont, like Texas, was once an independent republic. It came into the United States in 1791.
