

MARKETS and FINANCE

Stocks

NEW YORK (AP)—Motor, rail and specialty shares spearheaded a general stock market advance late this afternoon.

Volume for the day was estimated at 3,700,000 shares against 3,880,000 on Friday.

Most pivotal stocks clutched onto their earlier gains ranging from fractions to more than a few points.

General Motors forged ahead more than a point while Ford added a point. Among specialty issues, Chick Chemical rammed ahead 10 points and Zenith 4 1/2 points.

U.S. government bonds eased a bit in quiet trading.

Teacher Retires

(Continued from Page 1)

She is the wife of Justin S. Lageson who has just retired as an employee of Montgomery Ward major appliance department, and mother of Lawrence Bryan, by a first marriage, now with the Constitution Life Insurance Company, this city, and of two stepsons, Gilbert Lageson, plumbing contractor, San Diego, and Raymond Lageson who owns a beauty salon at Lafayette, California.

Agness Lageson has given up hunting ducks as in the old days when she wore a pair of waders and sloshed around the sloughs of Tule Lake but retirement from the school room does not mean she plans to sit anywhere and leave the busy world outside her door. Present plans call for some visiting and some traveling, soon after those third grade boys and girls scatter for the summer.

Mrs. Lageson was presented with her retired teacher's pin during the spring luncheon meeting of the Oregon Education Association, April 4 in the Winema Hotel, by Arnold Gralapp, city school superintendent. Her principal at Pelican School is Charles McLin.

T. G. Hill Rites Set

YREKA—Thomas Glenn Hill, a resident of Yreka since 1927, died suddenly in his home on Ford Jones Road Monday morning. He retired as deputy Siskiyou County tax collector last month—a position he held for the past four and one half years.

Masonic funeral services will be conducted Wednesday at 2 p.m. in the Yreka Masonic Temple under direction of Howard Lodge 37, assisted by the Rev. Harold Coleman of the Yreka Methodist Church, 52.

Hill, 52, was born in Emporia, Kansas, May 7, 1906. He moved to Yreka from Ashland and operated a market on Miner Street until 1941, then was employed in the county auditor's office before joining the staff of the county tax collector.

He was a member of Ben All Masonic Shrine Temple and the Siskiyou County Shrine Club. Hill leaves the widow, Dorothy, who recently retired as Siskiyou County welfare director; his mother, Mrs. Flora V. Hill of Ashland; two sisters, Mrs. Lois Lane of Montague and Mrs. Madeline Member of Hornbrook, and a brother, Wayne W. Hill of Yreka.

Girdner's Funeral Chapel is in charge of arrangements. The family requests memorial donations be sent to the San Francisco Shrine Hospital in lieu of flowers. Interment will be in Evergreen Cemetery.

Passage Seen For FEPC Bill

SACRAMENTO (UPI)—Passage by the Legislature of a fair employment practices law was assured today. Supporters of Gov. Edmund G. Brown's FEPC bill showed on a key test vote in the Senate Monday they have enough votes to spare to pass the measure later this week.

The Assembly, by a vote of 65-14, already has approved the bill by Assemblyman William Byron Rumford (D-Berkeley). Monday's test came on efforts by Sen. Hugh Burns (D-Fresno), president pro tem of the upper house, to weaken the powers of the five-man commission to be set up under the bill.

When the issue went to a roll call, Burns was able to muster only 14 votes in favor of his amendments. Twenty three senators, two more than the 21 needed to enact the FEPC measure, voted against Burns and in effect, endorsed the bill.

Burns admitted after he lost his battle to dilute the power of the commission that the fight over FEPC is all over.

SCOUT NEWS

CAMPING TRIP ETNA—An overnight camping trip was enjoyed by Boy Scouts of Troop 5 accompanied by Scoutmaster Orval Clay and Albert Miles. The boys met at the home of the Rev. Clay and hiked about one-and-a-half miles south of Whiskey Creek. They made camp there according to scout regulations on the property of Mr. and Mrs. Elmer Jordan. The Rev. Clay accompanied the boys on the hike and they were joined by Albert Miles at camp. During the evening the boys told stories around the campfire and heard stories of Miles' hunting experiences. The next morning before breaking camp the boys were instructed by the scoutmaster on compass reading. Members of Troop 5 enjoying the camping trip were Freddie Miles, Raymond Tickner, Tommy Cook and Charles Clay.

OFF FOR SCHOOL MOUNT SHASTA—M. W. "Boomer" Tonkin, of the firm of Calkins & Tonkin, entrained Sunday for Portland, where he caught a plane for Louisville, Kentucky, for a week's schooling in the plant of General Electric Company. The trip is a reward for Tonkin's sales record in appliances during the past year. George Bray, of Yreka, also made the journey. These two are the only ones selected from this area for the school of instructions which will cover present appliances, and show new equipment that will be brought out in the immediate future.

North California Voters Voting For State Senator

(UPI)—Voters in three Northern California counties went to the polls to elect a state senator today and at the same time provide the first grass-roots reaction to Gov. Edmund G. Brown's program and policies.

Two Republicans and four Democrats were entered in the contest to select a successor to former Sen. Harold T. Johnson (D-Roseville), who was elected to the U.S. House of Representatives last November. Brown has thrown his personal prestige behind Auburn attorney Ronald G. Cameron, the choice of Democratic clubs in the district. Republican clubs endorsed Weston W. Brunner, a Grass Valley accountant.

Other candidates are Democrats R. C. Dunlap, Roseville; Harold R. Rubin, Auburn, and Gerald B. Wallace, Grass Valley, and Republican Bill Finger, Roseville. The district, which includes Placer, Sierra and Nevada counties, contains only 36,636 registered voters of which three-fifths are Democrats.

Brunner, Lt. Gov. Glenn Anderson and Treasurer Bert Betts, all Democrats, have appeared publicly in the district on behalf of Cameron's candidacy.

The election has come in at attention from Republicans, as well. Members of the Young Republicans organization from all of California were pushing doorbells Saturday to ask voters to support Brunner.

Brunner's program for water development and his request of additional taxes have become major issues in the campaign. Brunner has flatly opposed both of the governor's proposals while Cameron has given a qualified approval to both.

Brunner summed up his stand on water like this: "I will never vote to surrender a single drop of water from our mountain streams, unless and until, our own local needs, both now and in the future, are satisfied and guaranteed."

Cameron took the position that the senator from the predominantly mountain district must "protect the counties of origin."

But, he said, "protection does not mean just stand pat." Cameron said he would vote for development of large water projects designed to export surplus water to Southern California if "upstream" projects designed to benefit the areas of origin were built at the same time.

Brunner also flatly rejected Brown's request for additional taxes "while there are still funds remaining in special reserves." Brown wants to use the reserve fund for statewide water development.

Cameron, although he reserved the right to "take a very close look" at tax bills if he became a member of the Senate, said he thought he would back "most" of the governor's revenue proposals.

Parade Plans Completed

RED BLUFF—Plans for the fourth annual Tehama County Roundup Parade schedule to be held in Red Bluff on Saturday morning, April 18 at 10 a.m. have been completed. Loren Woolf, parade chairman announced. Already 80 units comprising more than 300 individuals have entered with a final entry of more than 100 units and 500 individuals expected. Woolf said.

Eight trophies and a total of \$475 in cash awards will be given for the various classifications, which include bands, marching units and drill teams, mounted groups and single mounted entries, floats and civic, fraternal and commercial entries.

Entries from the Bay Area to the Oregon line have been accepted, with the theme of the parade being "The West Looks Ahead." Entries are still being accepted. Woolf said, and individuals or organizations may obtain entry forms by addressing the Red Bluff Chamber of Commerce, Red Bluff.

California Weather

United Press International—San Francisco Bay Area: Fair through Wednesday except patches of morning fog; high tonight San Francisco 64, Oakland 73, San Mateo 73, San Rafael 75; low tonight 42-52; northwest winds 8-18 m.p.h. afternoons.

Mt. Shasta-Siskiyou area: Fair through Wednesday; little change in temperature. Sierra Nevada: Fair through Wednesday; little change in temperature. Sacramento Valley: Fair through Wednesday; high both days 73-82; low tonight 48-56; northerly winds 12-25 m.p.h.; decreasing Wednesday; low humidity.

Northwestern California: Fair through Wednesday; little change in temperature; high today and low tonight Napa 75-50, Ukiah 78-38, Santa Rosa 74-36; northerly winds 10-22 m.p.h. near coast.

Sagebrush Area Spraying Slated

PORTLAND (AP)—The federal government intends to spray 7,770 acres of sagebrush in Oregon and Northern California this year. It is part of the Bureau of Land Management program to eradicate sagebrush from federal land.

To be sprayed are 940 acres in Baker County, 360 acres in Harney County, 1,470 acres in Deschutes County and 3,000 acres in California, about 74 miles north of Susanville in Lassen County.

A government announcement said separate awards for each project are likely. Bids for the spraying jobs will be opened in Portland April 20.

FINAL INSPECTION McCLLOUD—The Siskiyou Joint Union High School board made the final inspection and acceptance tour of the new one-half million dollar McCloud high school. Board member, James Herbert of McCloud, said the building was accepted by the board contingent upon the completion of a few minor installations. Formal dedication services are tentatively set for May 16, when Phil Myers, former McCloud River Railroad Company president, is to take part in the services. Gerald Wetzel of McCloud, is in charge of the dedication.

FALS are Maile Correa, 3-year-old daughter of Mr. and Mrs. Clayton Correa of McCloud, and her trusted constant companion, Jeff. The dog watches the little girl to keep her from harm in the streets and yard.

Aqua Project Plans, Specs Okayed By Yreka Council

YREKA—Yreka City Council accepted the final plans and specifications for the \$550,000 Greenhorn Dam water project at last Thursday night's meeting. The bids were sent out on Monday, April 6, and are to be opened at the city hall at 2 p.m. on April 30.

Authorization was given by the council for advertising of bids on April 6 and 13, and following the opening of the bids, they will be given consideration on that date at 7:30 p.m. Bonds for the project will be sold on May 14.

According to Roy M. Trotter, engineer for the project, a maximum of 995 days is being allowed for the project to be completed. Trotter also said that several minor alterations in the plans were required by the state, which included an increase in the maximum capacity of the dam spillway from 2,500 to 4,500 second-feet. In order to take advantage of the larger spillway, Trotter stated that he had added one foot to the height of the dam.

Council members also introduced a new overall zoning ordinance, the first since 1936, which resulted in changing South Main Street, from the Siskiyou County Hospital to Oberlin Road, from a multiple-dwelling area to a No. 1 commercial. The locale specified for the houses, including motels, service stations, cafe and real estate office.

Other action taken by the council included instructions to William R. Gerson, representative of the Yreka Kiwanis Club, to delay action on a plan to buy and repair city property north of Yreka for use as a rest stop for motorists. Mayor J. E. Cummings said that the city might have other plans for use of the site.

Mayor Cummings appointed Councilman R. M. Stewart and Police Chief Henry Watson as a committee to reactivate the Yreka City Civil Defense organization.

Officer Says Youth Cases Show Decline

YREKA—According to the annual report of Jess Brewer, probation officer for Siskiyou County, juvenile cases have decreased with the establishment of a juvenile citation system. This system places a juvenile under arrest in his own home for minor violations instead of placing him under the jurisdiction of the juvenile court.

The only problem of the system is that it places a larger workload on the probation officer and his deputies, both of whom have been forced to cut down on some field work due to heavier office loads.

Brewer stressed the need for a juvenile hall, and he cited the inadequate facilities of the present one-cell arrangement for juveniles in the county jail.

Brewer's statistical report revealed a vast improvement over the previous year with a comparative figure of 365 juveniles referred to the department in 1958, as to 505 in 1957.

Of the 365 total, 71 per cent were boys, the majority of whom, 195, were brought in on charges of a variety of delinquent acts. Incorrigibility, which included running away from home and malicious mischief, accounted for the referral of 55 boys, and other major causes were thefts and burglary.

Of the girls, 46 were referred to the department due to delinquency, and parental neglect brought about the referral of 42 of the girls. Ten per cent of the cases were on liquor violations, divided equally between the boys and girls.

Age group of the delinquents in the boys ranged from 16 to 18, and the girls ages are between 14 and 17.

Brewer missed better than 40 per cent, or 155, following investigation. Petitions filed in juvenile court in 1958 showed a decrease, 120 as compared to 166 filed in 1957. Of the cases brought into court, 21 were dismissed, three committed to the California Youth Authority, and 90 being placed under formal supervision.

Included in the 33 adult cases referred to the probationary department, 11 were granted probation, 22 denied, 15 of which received prison sentences. Accounting for about one-third of the probationary cases, the chief felony offense of adults in 1958 was burglary, with the most common misdemeanor being the charge of contributing to the delinquency of minors.

Men Old at 50 or 60! Recharge Body's Batteries - Feel Younger Fast!

Thousands who feel weak, worn-out at 40, 50, 60 blame fading vigor on premature aging, when real cause is just lack of invigorating iron and therapeutic dose Vitamin B. Needed to recharge body's batteries. 20-min. daily recharges at way potent, new and improved Oxy-Tonic Tablets pep up blood, cells, organs, nerves. In just one day Oxy-Tonic supplies iron equivalent to 16 dozen raw oysters, 4 lbs. of liver or 16 lbs. of beef. 3-day "get-acquainted" size only 69¢. All druggists.
