Stricklett called in Bend for 12 years and after moving to Portland has also called for numerous clubs in Oregon and Washington. He has conducted caller classes, called for the Circle 8 Hoedown on Channel 8 TV and has been selected to be chairman for the state square dance jamboree which Portland is hosting this year in connection with the Centennial. Four or five thousand dancers are expected for this event from Oregon, Washington, Idaho and California. Stricklett is the owner of a motel and restaurant. All square dancers will be welcome to attend the jamboree. The steering column gearshift was first introduced by American car manufacturers in 1937. Live better by far with a brand new car.
