

MARKETS and FINANCE

Stocks

NEW YORK (AP) — The stock market closed higher today with industrial averages at a new peak. The over-all average was boosted by a big leap of American Telephone. Trading was active. Volume for the day was estimated at 3,700,000 shares compared with 3,680,000 Wednesday. Gains and losses of fractions to a point or more prevailed among key stocks. Ratification of the 3-for-1 stock split by stockholders of American Telephone Wednesday paved the way for trading on a "when-issued" basis in the lower priced shares. The present stock ran up 7 1/2 to 37 1/2, a new high since 1937. Oils advanced as Texas raised its allowable oil production. Texas Co. was up about 2. Standard Oil (New Jersey) and Gulf Oil gained more than a point each. Coppers and the three top steel-makers were unchanged. Lukens fell more than a point. Jones & Laughlin added a fraction. Du Pont, Thiokol and Havag advanced about 2 apiece. Lorillard and International Business Machines dropped about 2 each. Zenith was off close to 4. Goodyear was off a point. Fractional gains and losses spotted many of the major groups. U.S. government bonds were unchanged to slightly lower.

Table with columns for stock names and prices. Includes entries like Admiral Corporation, Alaska Juneau, Allied Chemical, etc.

Potato Shipments

Table showing potato shipment statistics for various seasons from 1937-38 to 1958-59, including daily truck-ore, daily rail-ore, etc.

Livestock

PORTLAND (AP) — (USDA) — Cattle salable 50; mostly a clean-up market at steady prices; truck lot good with few choice 1,130 lb steers 28.50, lightly sorted at 27.50, few good heifers 26.50-28.85; few canner and cutter cows 15.90-17.25; utility bulls 23.50-25.90; earlier this week several leads low to average choice fed steers 29.00-29.50. Calves salable 10; market not fully tested; good and choice vealers salable 30.00-36.00. Hogs salable 200; trade rather slow, early sales steady; U. S. No. 1 and 2 butchers 195-220 lbs 19.00, few lots mixed No. 1, 2 and 3 grades 18.50, few 265 lb 16.50, 150 - 170 lbs 16.50 - 17.00; sows scarce, 13.00-16.00. Sheep salable 50; scattered sales steady; few good and choice No. 2 pelt 95 lb lambs 18.00; few cull to good ewes 4.00-9.50.

STOCKTON (UPI-FSMNS) — Livestock: Cattle salable 25. Cutter and low utility slaughter cows 17-18. Calves salable none. Hogs salable 25. Market untested. Sheep salable none. CHICAGO (AP) — (USDA) — Hogs 9,000; steady to 25 lower on butchers; few 35 to 40 lower; 1-3 mostly 2-3 190-230 lb butchers 16.25-18.65; 1-2 190-220 lbs 16.65-18.85; mostly 18 200-220 lbs 16.85-17.00; 36 head is 210 lbs 17.10; 40 head lot is 210 lbs uniform in weight and grade 17.25; few mostly 3s around 240 lbs as low as 16.00; mixed grade 2-3 240-270 lbs 15.75-16.25; a few lots 1-2 230-240 lbs 16.35-16.50; mixed 2-3 280-310 lbs 15.25-15.75; heavier weights scarce; mixed grade 330-425 lbs sows 13.50-14.50; a few around 300 lbs 14.75; mixed grade 450-550 lbs in larger lots 12.75-13.50. Cattle 1,000; calves 100; slaughter steers and heifers slow; few loads and lots choice 1,000-1,200 lb steers 29.25-32.00; some good and low choice grades 26.50-29.00; few good and choice grades 25.50-28.25; utility and standard 21.00-25.00; utility and commercial cows 19.00-21.50; a half a load 1,050 lb standard 23.00; canners and cutters 16.00-19.00; heavy cutter and utility cows mixed 19.25-19.75; a few light canners down to 14.00; utility and commercial bulls 21.50-24.00; vealers 35.00 down; culls as low as 15.00; a load of good 875 lb feeding steers 27.00; some medium and good stocker and feeding steers 26.00-27.25. Sheep 1,000; slaughter lambs fully steady; these decks good to low choice 115-125 lb woolled slaughter lambs 21.25; a few lots utility and good native lambs 18.00-21.00; a few culls down to 14.00; a deck mostly good 128 lb shorn lambs with fall shorn and No 1 pelts 18.00; cull to choice slaughter ewes 5.00-8.00; a few extreme culls down to 4.00.

GARDEN CLUB TO MEET

MALIN—Malin Garden Club will meet on Wednesday afternoon, April 22, at the community hall with Mrs. Kenneth Huffman and Mrs. Karl Kujala as hostesses. The program will be given by Jim O'Donohue of Klamath Falls. Everyone is to bring a plant for the annual plant exchange activity. Anyone interested is welcome to attend.

Reds Protest High Flying

BONN, Germany (AP)—The Soviet Union has protested against the high-altitude flight to Berlin Wednesday by an American Air Force cargo plane, an informed Allied source reported. The source said the Soviet representative at the four-power air safety center in Berlin made the protest verbally. This group controls flights between Berlin and the West. The C130 turboprop flew into and out of Berlin at between 20,000 and 25,000 feet. It was the third American trip to Berlin in nearly three weeks at altitudes above the 10,000-foot level the Soviets contend is the maximum for Allied planes. The Western Allies maintain that they can fly at any level in the corridors to Berlin. U.S. officials said Wednesday that two Soviet jet fighters shadowed the latest American plane closely but did not buzz it as Soviet MIGs did two previous flights. But today, American sources said later information from Berlin showed "dangerous harassment, or buzzing as it is popularly called, did occur." As British papers accused the U.S. Air Force of endangering the prospects of East-West negotiations by the flights, a British Embassy spokesman in Bonn said the British had been informed beforehand of the flight but were not "consulted."

Modernistic Is The Word For Yreka Safeway Store

YREKA—The new 1959 look in design will emerge when the new Safeway store, now under construction at 729 South Broadway, is completed. The front will be of black precast stone and will be accented by pier precast stone planters at each end of the multi-paned plate glass window, illuminated by indirect lighting at night. Seven porcelain panels, cantilevered from the window mullions, will carry one each of the seven letters in "Safeway" and the back of each panel will be painted a different color, visible from the lobby side of the store. The parking lot will accommodate 59 cars and will be brightly lit at night. The building comprises over 12,000 square feet. It will have an automatic fire sprinkling system, central heating, air conditioning and fluorescent lighting. For the customer's convenience, it will have automatic doors, a cashier's booth, a public telephone, rest rooms. An inter-communication system will enable the store manager to speak with an employee in any part of the store at any time. The meat department will be of the self-service type, where all meats will be cut and wrapped in full view of the public; special cuts, however, will be cut on request. Customers will have the assurance that the meat they purchase will be in perfect condition always, as the meat cooler cases

Noxious Weed Ban Planned

PHOENIX, Ariz. (AP) — The State of Arizona is finding all varieties of morning glories to be noxious weeds, is going to prohibit sale of any morning glory seed. The Agriculture and Horticulture Commission adopted the regulation Wednesday at a public hearing at which morning glory defenders displayed cards reading: "Help stamp out cotton growers. Support the morning glory. It grows without a government subsidy."

Treasonists Sent To Jail

DENVER, Colo. (AP) — Three men and three women convicted of conspiring to teach the violent overthrow of the federal government were sentenced Wednesday to prison terms and were fined a total of \$16,500. The prison sentences range from 2 1/2 to 5 years. The six, all former Communist party officials, were given identical sentences after a 1955 conviction. The 10th U.S. Circuit Court of Appeals threw out that ruling and ordered a new trial. It ended with their conviction March 11. The defendants and their sentences: Arthur Bary, 47, San Jose, Calif., five years in prison and a \$5,000 fine. Anna Correa, 34, his divorced wife, of Denver, four years and \$3,000. Harold Zepelin, 33, Denver, three years and \$2,000. Joseph Scherrer, 39, New York City, three years and \$3,000. Maia Scherrer, 40, his wife, 2 1/2 years and \$1,500. Mrs. Patricia Blau, 47, El Paso, Tex., four years and \$3,000.

Group Delays Vote On Luce

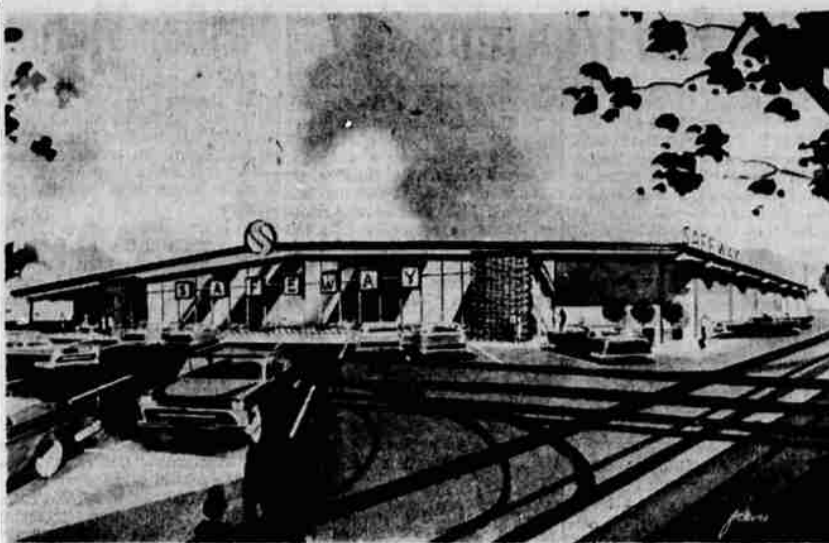

WASHINGTON (AP) — The Senate Foreign Relations Committee has delayed until next week a vote on whether to recommend approval of Clare Boothe Luce as ambassador to Brazil. Delay on the vote which had been expected Wednesday was ordered so committee members not present could read a record of the hearing. The committee may meet again Tuesday. Mrs. Luce was questioned Wednesday about a political attack she made on the late President Franklin D. Roosevelt. She said her language was "very intemperate" when she charged in a 1944 speech that Roosevelt "lied us into war," but said she still thinks Roosevelt should have told the nation it was "marching toward war" with the Nazis.

Lengthening Set On Working Day

BUENOS AIRES (AP)—Argentine government employees contend that an eight-hour work day—going only half an hour for lunch—is going to ruin their health. Beginning May 1, the government work day is to run from 9:30 a.m. to 5:30 p.m. with a 30-minute lunch break. It now is from noon to 6 with no lunch time. The civil personnel union claimed that with only half an hour off, the workers would have to eat canned foods and that would be unhealthy. President Arturo Frondizi reportedly ordered the change in hopes many employees would quit the crowded government payrolls.

That's No Bomb, Just Jet Booms

TOLEDO, Ohio (AP)—Seven policemen were searching Devilbiss High School after someone phoned that a bomb would go off there. Suddenly, they got the scare of their lives. A terrific "boom!" rattled doors and windows. After tense moments, the officers learned the noise had been a tonic boom created by two jet planes passing over the city.

NEW SAFEWAY STORE IN YREKA will be of modern design, as this architect's drawing shows. The 12,000 square foot building is being constructed by A. M. McMurray Company of Yreka and Tod Hart of Sacramento is the architect. Construction is expected to be completed this summer.

Survey Reveals Increase In California State Budget

SACRAMENTO (UPI) — The Legislature's money-planners have been adding more than subtracting in their work with the state budget. A survey of the work of six Ways and Means committee showed today that the budget, which totaled \$2,188,300,000 when submitted by Gov. Edmund G. Brown now totals 42 million dollars more. Ways and Means, the major budget-reviewing body of the lower house, begins considering recommendations made by its subcommittees next Monday. Most lawmakers agreed chances of trimming the money bill are slight. The budget as originally submitted proposed for "local assistance" a total of \$1,204,800,000. None of this money, earmarked for school districts and the like, could be reviewed by Ways and Means. But the committee could study expenditure of the remaining \$983,500,000. Of that total \$636,900,000 was proposed for state operations and \$326,600,000 for capital outlay. To date \$47,600,000 has been added and \$5,881,091 subtracted from the budget for a net addition of \$41,694,341. The biggest single item to be added was \$30,815,000 for four water projects, two of them large-scale: \$17,304,000 for the San Joaquin-Southern California Aqueduct and \$13,562,000 for Oroville Dam. The education subcommittee added a net of \$10,517,217 to pay the budget and proposed to spend \$1,500,000 for increased teacher's pay and \$4,500,000 for University of California teachers' wages — above the five per cent increase recommended by the governor. A subcommittee headed by Assemblyman Glenn Coolidge (R-Felton) pared the governor's suggestions for prisons, Youth Authority and mental hygiene by more than \$800,000 but the state college and University of California subcommittee headed by Assemblyman Lloyd Lowrey (D-Rumsey) went over the budget by \$1,665,893. Assemblyman Carlos Bees' (D-Hayward) subcommittee cut more than \$1,000,000 from specialized state funds including \$922,222 in highway patrol money. Nearly \$800,000 was cut from agriculture, natural resources and water resources budget money by a subcommittee headed by Assemblyman Carley Porter (D-Compton).

Health Group Holds Meet

McCLOUD—Mrs. Marion Newberry, Mount Shasta, and Mrs. Bessie Higgins, McClell, represented the Siskiyou County Tuberculosis and Health Association at the annual meeting of the California TBHA last weekend at the Villa Motel in San Mateo. They were among the more than 300 physicians, nurses and leaders in the campaign against tuberculosis who convened jointly in three day sessions with the California Trudeau Society and the California Conference of TB Workers. Mrs. Newberry, county public health nurse, also attended the meetings of the board of directors of the state-wide organization as the delegate from northern counties. Mrs. Higgins is seal sale chairman of the local tuberculosis association and one of its directors. Among other speakers at the conference, Dr. Hurley L. Motley, director of the cardio-respiratory laboratory at the University of Southern California, reported on his tests of the effect of smog on lung function. Urging stricter air-pollution control, Dr. Motley linked air pollution with deaths from emphysema, a common lung ailment that makes breathing difficult and sometimes causes heart failure. The annual Trudeau Award for research in pulmonary disease was awarded to Henry Ehrlich, laboratory chief at Arroyo del Valle Sanatorium in Livermore, for the second year in a row.

Burning Permits Now In Effect

YREKA—The Klamath National Forest office in Yreka announced that on April 15 the California State law requiring burning permits for burning, welding and blasting out-of-doors went into effect. The burning permits may be obtained from the district rangers' offices at Oak Knoll, Seiad, Happy Camp, Ti Bar, Sawyers Bar, Callahan, Fort Jones and Mt. Hebron, or from the prevention officer when he makes his fire prevention contact. Because of the small amount of precipitation during the past two months, the danger of fires escaping control is much greater at this date than is normally expected. Humidity has been exceptionally low and the county is experiencing north and northeast winds, all of which makes the danger from fire much greater than usual this early in the season.

Rotary Club To Play Host

MOUNT SHASTA — The Mount Shasta Rotary Club will host four foreign students attending University of California at Berkeley, from Friday evening, April 17, until the following Sunday night. The visitors will be houseguests of various club members. A sightseeing trip, which will include the Ski Bowl, is arranged for their entertainment. There will also be a banquet for them Saturday evening at Black Butte Inn. At this meeting the students will give their impressions of life in America, and how our schools compare with those of Europe. The visitors are: Hans P. Merz of Hagen, Germany, civil engineering student; Brian Brocklehurst, of Kent, England, a chemist; Olaf Tholander, of Stockholm, Sweden, who is studying advanced advertising and business administration; and Miss Helen Schenker, of Geneva, a medical technician.
