Margaret Ann Sumner Wed In Church Rites

Baskets of pink and white stock and lighted tapers in candelabra formed the background for the March 22 wedding of Margaret Ann Sumner to Larry Milton Worden. The ceremony was performed in the First Presbyterian Church by the Rev. Robert C. Groves at three o'clock in the afternoon in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Richard James Sumner of 229 Alameda Street. Mr. and Mrs. Raymond M. Worden, 1215 Owens Street, are the parents of the bridegroom.

The wedding party came down the aisle, laid with white runner and marked at every third pew with a white satin bow. Escorted by her father, the bride wore a floor length gown of white lace over nylon tulle and satin. The Sabrina neckline was re-embroidered with tiny mother of pearl sequins and pearls. The full skirt was fashioned with many tiers of lace in the back. A shoulder length veil was held in place by a heart shaped crown of lace and pearls. She wore pearl earrings, gift of the bridegroom, and carried a cascade bouquet of white roses and stephanotis. For tradition she wore a 1939 penny in her white satin slipper, a blue garter and carried a handkerchief, which had belonged to her great grandmother.

Charlotte Brown was maid of honor and Mrs. Richard P. Sumner, sister-in-law of the bride, and Mrs. Ronald L. Worden, cousin of the bridegroom, were bridesmaids. Their princess style dresses of tulle were ballerina length with short sleeves and round necklines, worn with matching satin slippers and straw head bands with short veils. The maid of honor's dress was a pale pink and those of the bridesmaids a rose pink shade.

Judy Clawson, as flower girl, wore a short pale pink tulle frock and scattered pink rose petals from a white basket as she walked down the aisle. Each attendant wore a single pearl drop necklace, gift from the bride. Dresses for the bridal party were made by the mothers of the bride and bridegroom.

Bruce W. Scarth was the ring bearer, Ronald J. Sumner, brother of the bride, and Bobby H. Dickey, cousin of the bride, were candlelighters.

Richard P. Sumner, brother of the bride, was best man and Robert Dixon and Ronald L. Worden, cousin of the bridegroom, were ushers.

The wedding music was played by Mrs. Albert Herringshaw at the organ. She accompanied Kurt

Fiedler who sang "Oh Promise Me" and "Because."

Mrs. Sumner wore a two piece aqua silk dress trimmed with white lace and worn with white accessories. Mrs. Worden chose a blue lace dress, blue hat and white accessories. Both mothers wore corsages of pink rosebuds and white carnations.

A reception in the church reception room followed the ceremony. The recessed windows of the room were decorated with daffodils, white candles and green bows. A heart shaped spray of pink flowers and a small bridal couple topped the three tiered cake decorated with pink roses, white bells and silver leaves. The cake was cut by the bride's grandmother, Mrs. P. A. Nordstrom, who was assisted by Mrs. William Worden, aunt of the bridegroom. Mrs. Bill G. Dickey, aunt of the bride, poured coffee and Mrs. William Scarth, sister of the bridegroom, served punch. Guests were registered by Mrs. Clyde Derryberry, aunt of the bride. Bonnie Dickey, cousin of the bride, passed the bridegroom's cake and another cousin, Carolyn Derryberry, was in charge of the gift table.

For a San Francisco honeymoon the new Mrs. Worden chose a beige sheath accented with black and orange bodice trim. With it she wore an orange hat, black patent accessories and the roses from the wedding bouquet.

The couple are residing on the OTI campus where the bridegroom is a student. Both young people are graduates of KUHS. Mrs. Worden is employed as bookkeeper for Klamath Medical Clinic.

Out-of-town guests included Mrs. Clyde Derryberry, Carolyn and Ronnie of Modesto, California; Daniel Luney, Seattle; Mr. and Mrs. William Scarth and three sons of Twin Falls, Idaho; Stanley Smith of Medford; Mrs. Josephine Santos of Hughson, California.

ATTEND CHRISTENING

SUMMER LAKE—Mr. and Mrs. Les Elder of Summer Lake returned last week from Seattle where they attended a christening for a great granddaughter, Pamela Lee Moss, who was born on March 22 to Mr. and Mrs. Dean Moss.

The Elders visited at the home of Mrs. Lilly Mayhall, his sister, and at the Moss home while in Seattle.

Moss, who has been transferred to the U.S. Keflavik Air Base in Reykjavik, Iceland, flew from New York on April 15 to his new base. His wife and children will reside with her mother in Seattle until he returns in about a year.

Life's All Adventure To Your Two-Year-Old

A few years ago a somewhat unimaginative researcher wanted to compare the activity of a child with that of a young adult. He set up an experiment. He persuaded a husky 20-year-old college football player to follow a little 2-year-old around all day and do everything the child did.

The experiment started at six o'clock in the morning. The child woke up and bounced out of bed, the man was awakened, and bounced too—he too was full of vim and vigor. The child ran over and rocked in his rocking chair—the man followed suit. A few moments later the child was distracted by the sight of his teddy bear under his bed, he crawled after it, the man crawled too.

Mother came in and dressed the child, the man was allowed to dress himself. They had breakfast and went outdoors. The child rode a tricycle, he lugged some lumber and piled it up, he crawled through a big pipe, he picked up a shovel and dug a few dugs. From 7 to 10 a.m. the child didn't stop for more than a minute at a time. From one activity to another, he stayed at no one thing more than a few minutes. At 10 it was juice time. Mother called and the child bounced into the kitchen, the man dragged himself in. He was white with fatigue. He couldn't go another step!

Any mother of a 2-year-old might have told that researcher that no adult can do what a 2-year-old can do. Anyway he proved it. The energy of a 2-year-old is terrific. His attention span is short, he is easily distracted, the sight of an object suggests its use and in a flash he is off to do it. A wall has to be walked on, a pipe crawled through, a ladder climbed, a tricycle ridden, a closed door to be opened, an open one closed. Sometimes a 2-year-old wants to do two things at once and he becomes very angry when he can't crawl through the pipe and carry

a shovel at the same time. Such frustrations may end in a tantrum—the kind the adult can see no rhyme or reason for.

The 2-year-old's play seems to be a desire to see how things feel, he seldom is trying to accomplish anything. If he sees a hammer he picks it up and pounds. He isn't pounding anything in particular, he is just pounding. His is a world of action, of doing.

The 2-year-old is a great imitator. He picks up the telephone and you can tell by the very intonation of his voice who he is imitating.

He wants to do things for himself and without help. "Me-do-it" is a frequent refrain. He resents interference even when he cannot tie his shoes or button his jacket. Occasionally in the midst of a demand to be let alone with a difficult task he will suddenly throw it down and want to be cuddled. Two is when a child learns "no," and does he use it! It becomes the most used word in the language.

Like the rest of his two-ness "No" is part of the age. Parents must take the "No" in their stride and live through the stage. The less of an issue is made of his apparent refusals the better. A 2-year-old often says "No," but goes right ahead and does what is expected of him.

Two is a charming age to watch—from a distance. It is exhausting to be the parents of a 2-year-old. But before you get to the state of the college athlete, we hope your child has passed on to three.
