Lisbon Readies For Superliners

LISBON (UPI) — Lisbon harbor, home port of the tiny ships which helped to open up the sealanes of the world 500 years ago, is ready to play host to the 100,000-ton liners of the future.

It will be a tight squeeze coming in over the bar that separates the Tagus Estuary from the Atlantic rollers, and docking also presents a problem. But the men who run the harbor are confident they can accommodate the giants of future ocean travel.

In places, the estuary has a depth of 125 feet and the biggest ships are not likely to have a draught of more than 43 feet. But the bar is something else.

At high tide, it is covered by 46.5 feet of water, just enough to let the big liners in. Methods of improving facilities are to be studied.

See the wide choice you have in GMC's lineup of light-duty trucks, you'll find just the model to handle your hauling job.

GMC Suburbans carry personnel, tools, equipment or cargo. Plenty of room for 8 passengers with all the comforts of a modern car... yet quickly converted to provide panel-truck-size cargo area. Dome lamp, recessed ash tray, drop-center steering wheel and streamlined appearance are just some of the plus features GMC Suburbans offer you. And—you have a choice of horizontal or vertical rear doors.

From 1/2-ton to 45-ton
