Car Plunges, Driver Escapes

James Laurence Chipman, 41, of Chiloquin escaped injury Sunday afternoon when the car he was driving tumbled 20 feet down an embankment at Modoc Point on Highway 97.

Chipman told Oregon State Police he was northbound when a southbound car drove into the wrong lane, and roared off after forcing Chipman onto the shoulder, and causing him to lose control of the car.

Officers said the car traveled 60 feet along the shoulder, then skipped back across and off the highway.

In the last decade the cancer cure rates have gone up 32 per cent. That means 38,000 additional lives saved yearly. But the American Cancer Society says 75,000 more could be saved by earlier diagnosis and treatment.

Barbershop Quartet Show Finds Delighted Audience

An appreciative, near-capacity audience greeted visiting barbershop quartets, the Eugene chorus and local talent, the Klamath Basin SPEBSQSA chorus and The Incidentals, a quartet from the Crater Lake Chapter of Sweet Adelines Inc., Saturday night at the 11th annual Parade of Barbershop Quartets in the Pelican Theater.

Bob Perkins, Coos Bay, emceed the program which brought the repeater Lake Oswego Four, Sea Clefs, Coos Bay; Capitol Chordsmen, Salem; Bay Town Four, San Francisco, and the Four-Do-Matics, Seattle, to Klamath Falls.

Members of the Sweet Adelines in Centennial gowns ushered.

John H. Houston, general chairman of the parade, led the audience and combined musical groups in "Auld Lang Syne" at the close of the performance in anticipation that this year's appearance of the quartets may be the last.

Other use of the theater building may prevent any later barbershop shows in Klamath Falls.

Funds from all parade shows above actual expenses have gone for summer camp use by youth groups of Klamath County.

LIVING LONGER

The defeat of many diseases has increased life expectancy 22 years since the turn of the century. Cancer, too, will be brought under control by science, according to the American Cancer Society, which in the past 13 years has spent more than $67,000,000 seeking the answers.

Reds Deny Air Patrols

BERLIN (AP)—The Soviet Embassy denied today that MIG fighters have begun regular patrols in the air corridors linking isolated West Berlin and West Germany. There was a similar denial from American officials.

The Soviet Embassy issued its statement in East Berlin after reports circulated abroad that a Soviet fighter squadron had been assigned to patrol West Berlin's airlifelines.

"This report is not true," said J. W. Beburov, the chief Soviet spokesman. "There has been no change in the air corridor situation on our side. The only change has come from the American side."

All-America Indian Days Select Custer Battlefield

The sixth annual All-America Indian Days to be held in Sheridan, Wyoming, August 6, 7, 8 is expected to bring the largest convergence of Plains Indians ever to gather near the site of their last great victory, the Custer Battlefield.

Over 100 young Indian girls, picked for beauty from among the many attending tribes will compete for the Miss (Indian) America contest. Contestants must be between the ages of 16 and 26, unmarried and of one half or more Indian blood. Authentic tribal costume must be worn and the contestant must be conversant on the history of her people.

The three-day program, one of the most unusual and colorful pageants in America, will include many of the old Indian sports, tipi races, lance throwing, archery, relay races, stick games and hide races. Sacred tribal dances are scheduled and a daily pageant and parade, including between 4,000 and 5,000 tribal members are planned. Over 40 tribes are expected for the powwow.

The outstanding Indian of the year will be named, giving recognition to the woman or man who has achieved the most for Indian people.

One of the finest displays of Indian handicraft and art ever gathered from among the tribes will be shown in the big exhibit building at the Sheridan Fairgrounds where hundreds of tribal members will live in picturesque tipis in the Indian Village.

All-America Indian Days is not a rodeo.

PELVIC CHECKUPS URGED

Uterine cancer is the second most common form of cancer in women. But the site is accessible for early detection and treatment, according to the American Cancer Society. A periodic pelvic checkup including a simple cell examination, guarantees a high rate of cure.

WHERE ALL AMERICA SHOPS AND SAVES!

WARD WEEK SALE

WARDS MONTGOMERY WARD
