

WINNERS of this year's poetry contest sponsored annually by the Catholic Daughters of America are these Sacred Heart Academy students. Mrs. Embry Troyer Jr. hands an award to Bobbie Hurley. Others in the picture are, front from left Vickie Huettl, Ronald Steinbock, Annette Fredrickson and Diane Matney. In back, from left, are Bobbie Hurley, Donna Rubens, Marilyn Waters and Dick Miller. Elizabeth Sykes was not present. Bobbie Hurley, Dick Miller and Ronald Steinbock won tops in divisions for fourth, fifth and sixth grades, seventh, eighth and ninth grades, and 10th, 11th and 12th grades at the April 14 contest. They will enter a state-wide contest.

Program Slated On Landscaping

A recording on "Landscape Design," taped by Mrs. Hugh O'Connor, state landscape chairman of the Oregon Federation of Garden Clubs, assisted by her daughter, Paul O'Connor, Eugene, will be heard from 9:10 to 9:40 a.m. Saturday, April 25, over station KFJL.

The recording, a skit, is in observance of National Garden Week and Arbor Day, observed in the United States at varying times during April and May, depending on climate.

Arbor Day originated with alarm of far-sighted public men over rapid and reckless deforestation in many parts of the union, among them J. Sterling Morton, commissioner of agriculture, of Nebraska, who in 1872 induced his almost treeless state to set aside a special day for the planting of trees.

The broadcast is a public service recording.

Report Given On Radiation

WASHINGTON (AP) — A committee of radiation experts says it believes the human body can safely tolerate twice the amount of radioactive strontium previously thought permissible.

The report came Wednesday from the National Committee on Radiation Protection and Measurement, a group of experts in the field.

The committee has no official status, but its recommendations have been followed by the Atomic Energy Commission and the U.S. Public Health Service.

The new report raised the recommended permissible values for some radioactive materials, lessened values for others and left some unchanged.

A big reduction was recommended for cesium-137, the second most feared product of nuclear fallout.

It was made clear that the new recommendations will in no way change the maximum permissible dose of radiation from all sources which the committee recommended in 1957.

The committee recommendations would mean a 20 per cent upward revision in the amount of strontium deemed permissible in milk.

Mother Is Boss, Caller Discovers

LAFAYETTE, Ind. (AP) — An underprivileged junior citizen got a discouraging lesson in law from Sgt. William W. Saylor at the State Police post here.

"It's nice outside and my mother won't let me go out and play," the young caller told the sergeant. "Is it legal? Can she do it?"

Sgt. Saylor had to tell the young prisoner that mother was the law in that area.
