Besides That, He Didn't Like Dress

LOS ANGELES (AP) — Her husband accused her of being a know-nothing and an intellectual snob — at the same time — a movie script editor testified in a divorce case Friday.

Kay C. Bender was granted a divorce from actor Russell Bender after she and a friend, Ruth Engelhardt, testified her husband insulted her at a Christmas party last year and said her dress "looked like a mess."

She was awarded \$6,000, \$125 monthly alimony for one year and \$100 a month for the following four years.

is your family POLIO PROTECTED?

The polio season is fast approaching! There are still millions of Americans who haven't had any shots!

Polio isn't licked yet! In fact, paralytic polio — especially children's cases — actually increased in 1958 over 1957 among those not vaccinated.

Remember: Your neighbor's polio shots will not protect you! Polio strikes all ages. See your doctor or health department NOW!

DON'T TAKE A CHANCE — TAKE YOUR POLIO SHOTS!

St. Lawrence Seaway Open For Traffic

MONTREAL (AP) — The St. Lawrence Seaway, a project debated by politicians for half a century and completed by 15,000 workers in five years, was opened Saturday to shipping traffic of the world.

Shortly after 8 a.m., the icebreaker D'Iberville, laden with government officials, parliamentarians, newspapermen and seaway officials, moved into the entrance of the seaway just below Montreal's Jacques Cartier Bridge.

Behind the D'Iberville was a flotilla of flag-bedecked canalliers, freighters, tankers, and tugs. Some 70 ships were waiting to move westward through the new waterway toward the North American Continent's heartland, 2,400 miles from the Atlantic Ocean.

At Odgensburg, N.Y., the western end of the 600-mile seaway, nineteen Canadian-owned cargo ships started to move toward Montreal and the sea.

Although no formal ceremonies were planned, hundreds of persons got up early to watch the first ships pass through the Montreal end of the seaway. They gathered mainly along the seaway bank near St. Lambert, across the St. Lawrence River from Montreal.

Overhead planes and helicopters, many carrying photographers, flew up and down the seaway as the flotilla slowly moved along. Formal dedication ceremonies will be held June 26 with President Eisenhower and Queen Elizabeth. Eisenhower opened the U.S. built locks near Massena, N.Y., last July.

Cargoes aboard the ships indicate what the wheatbelt consumer can expect directly from abroad: automobiles, French champagne, Scotch whisky, beer, wool, glassware, Belfast twine, ham, benzene, jute, nails and refrigerators. Major tonnage from the West will be grain.

The five-year, 475-million-dollar project was financed jointly by U.S. and Canadian taxpayers. Canadians bore the major costs, as the largest portion of the waterway lies within Canada.

It is expected that tolls will pay operating costs during the next 50 years, with the United States getting \$1 and Canada \$3 from every \$4 in tolls.

Trading On Stock Market Closes With Bullish Note

NEW YORK (UPI) — The stock market suffered a touch of spring fever on Wednesday and Thursday but the bulls regained control of the situation on Friday.

The market ended the week on a note of strength as good earnings reports, favorable dividend announcements and some favorable economic forecasts restored steam to the Spring rally.

The industrial average has risen to nine out of the past 11 sessions, during which the whole market has added more than nine billion dollars to stock values.

The gain in stock values last week was only nominal because of a sharp setback on Wednesday and a fairly steep decline on Thursday. A good rally on Friday left the list in good shape.

The electronics issues were good most of the week, even when profit-taking in mid-week was taking its toll on the "blue chips" which had paced the recent upsurge.

Brokers said the realizing of profits was to be expected after the market's rise to historic highs. They had looked for a period of consolidation during which the market would move in a narrow range while investors assessed the gains accumulated during the advance.

However, brokers said this period of consolidation was needed to set the stage for continuation of the spring rally. The fact the market came back so soon on Friday with good gains and increased volume was a favorable factor.

American telephone issues, which had soared the previous week after stockholders approved a three-for-one split of the stock, met some of the stiffest resistance. The old stock lost more than 8 points on the week while the new split shares were down 2 points.

The electronics continued to amaze the market. This industry, more than any other, has mirrored the dramatic postwar boom in the economy. Top Wall Street analysts say this group has barely tapped its potential.

Gains in the electronics bordered on the sensational. Zenith soared 39 points, Texas Instruments 24, Maytag 9, Litton 20, and Hoffman 4.

On an over-all basis, auto stocks scored good gains, mainly reflecting very favorable earnings reports and the first cash dividend declaration in five years by American Motors, which rose 2 points in very active trading.

Chemicals scored good gains. Du Pont rose 4 1/2. Allied Chemical 5 1/2 and Thiokol more than 11 points. The Thiokol "when issued" stock added more than 4 points. Union Carbide, despite an excellent earnings forecast, lost more than a point.

Havana Isn't Wide Open Like It Was

HAVANA (AP) — Havana isn't the wide open town it used to be. It's still a gay and friendly city, but the earnest young men who run the revolutionary police have put a stop to much of the prostitution. They have chased hundreds of procurers off the streets and cracked down on a big abortion racket which thrived in the days of President Fulgencio Batista.

Prostitution still exists in Havana, but swanky establishments in the good neighborhoods — what the police call "moral zones" — have been shut down. Dozens of hotels (little hotels) have been closed.

A sharp crackdown hit the narcotics business, long flourishing in Havana, and a revolutionary military court emphasized it by sentencing one of Havana's marijuana bosses to death. He appealed and probably will wind up with a long jail term.

Gambling, for centuries a favorite Cuban pastime, has been sharply reduced. Casino operations are limited to the big hotels catering to tourists. Five-and-dime casino operations were banned when the revolutionary government permitted a reopening of the gambling centers after a shutdown for a cleanup.

Hatfield said he has invited former President Herbert Hoover to speak there on his birthday, Aug. 10.

George Meany, president of the AFL-CIO, has been invited to speak at the exposition on Labor Day.

U.N. Ambassador Henry Cabot Lodge and U.N. President Charles Malik have been invited to visit Oregon for United Nations observances at the centennial.

MOVERS NEEDED!

Would you like to earn an average of \$1,000 per month? Many successful van operators do this regularly driving for Aero Mayflower Transit Co., Inc., under 48-state contract. "I net over \$1,000 per month, have paid for two tractors, own a new car, new household furniture, and have built up a nice bank account since joining Mayflower's contract fleet in 1953," says George Robinson. We are expanding Mayflower's service and need additional van operators 25 years or older to go into business for themselves with Mayflower. We furnish company paid training, if needed, at no cost. All you need is desire to become independent businessman and a 1957 or newer motor tractor titled in your name that meets Interstate Commerce Commission safety requirements. Personal references needed. Write Jack Adams, P.O. Box 107, Indianapolis 6, Indiana.
