### Plans Told For Nuptials

Of special interest to Klamath County residents is the engagement of Hazel Morrison of John Day to the Rev. Louis E. Perkins of Burns. The announcement was made by the bride-elect's mother, Mrs. A. R. Morrison of John Day.

Hazel Morrison has been director of Christian Education for the Episcopal Church in the missionary district of Eastern Oregon for 22 years and lived for many years in Klamath County. She moved from Klamath Falls to John Day in 1953.

The wedding will take place at the Ascension Church at Cove, Oregon, on July 27.

The bridegroom is the son of Mr. and Mrs. Rex Baymiller of Dunsmuir and a graduate of Dunsmuir High School. He is currently attending San Jose State College and is employed as a technical trainee at Agnew State Hospital.

His bride was formerly Cecelia Alice Lynch. She is the daughter of Mr. and Mrs. Leo Lynch of San Jose and is an employee of the First National Bank there.

### Mechanical Engineering Chosen By Local OSC Coed

One-half of the women engineering students at Oregon State College are from Klamath Falls. There are 1,500 students in engineering at the school and six of them are coeds.

The three local girls are Betty Juckeland, a senior in mechanical engineering; Silvia L. Cabella, a junior in chemical engineering; and Nancy Layman, a sophomore in civil engineering. All three have a composite grade point average of around B.

#### Chiloquin OES

A stated meeting of Cascade Crest Chapter No. 159, was held Wednesday, April 15. Worthy Matron Cordelia Hoback and Worthy Patron Layton Hoback presided in the East.

Bernice Newton, worthy matron of Tulelake Chapter, No. 539, was escorted and introduced. Degrees of the order were conferred on Mrs. Lois Haas of Modoc Point and Mrs. Melita Hall of Chiloquin. William Morande, past patron, assisted in the East and Mrs. Ruppene Manning accompanied by Mrs. Athel Roser was soloist during the degree work.

Under good of the order, Mrs. Newton introduced a group of her officers which included the mother and aunt of Mrs. Haas. Also welcomed were out-of-town members, Mrs. Glenn O'Neill of Grants Pass, Mr. and Mrs. Cyril Cook and Mr. and Mrs. Lou Kellison of Klamath Falls.

A report was given on the reception of Marjorie Jones, grand Esther of the grand chapter of Oregon held in Bend on April 11. It was attended by Worthy Matron Cordelia Hoback accompanied by Mrs. Doris Kircher and Mrs. Virginia Zumbun.

Spring fruit blossoms and daffodils with lavender net umbrellas decorated the refreshment table prepared by Audrey Kellison and Eva Cook. Master Masons will be honored at the next meeting on May 6.

#### HOLIDAY TRIP

Word has been received from Nancy Clark telling of the trip she and two classmates took to the British Isles during their spring vacation from the Sorbonne in Paris. Highlights of the trip were kissing the Blarney Stone and witnessing the changing of the guards at the palace.

Nancy's school year will end in June after which she will tour Europe for two months and return via jet plane to the United States in August.

and Mrs. H. O. Juckeland, 2043 Lavey Street, will rank about 12th among the 100 mechanical engineers who will graduate this year.

Betty made the decision to become an engineer in her junior and senior years at KUHS and credits her teachers and staff, especially Mrs. Alice Howard, with encouraging her toward her goal.

She wanted a course in college that was a challenge and she felt that engineering would fulfill that purpose. She also took all of the mathematics and physical science course in high school that she could get to help prepare herself for engineering.

Betty feels that women have a place in engineering, but are often afraid to take it, as it is something different. She also believes that marriage and a family can fit in with an engineering career.

One of the primary purposes of college life, Betty believes, is the ability to join in campus activities. She is a member of Kappa Alpha Theta social sorority and is, at present, adviser in the girls Cauthorn Hall. She is also vice president of Mortar Board and chairman of this year's Mortar Board Ball. She is a member of the Associated Women's Students board of reference and is AWS scholarship chairman.

She is active in engineering societies and was secretary last year of the OSC chapter of American Society of Mechanical Engineers.
