SAN FRANCISCO (UPI)—Gordy Soltan, end and place-kicker for the San Francisco Forty-Niners, spent four years in the Navy during World War II and was one of the service's first underwater "frogmen."

FROM FATHER TO SON

CRESLINE, Ohio (UPI)—There's always been a bagley as freight agent in this small Ohio town. Erwin E. Bagley, 74, will soon complete 37 years on the job at the Pennsylvania Railroad's freight office here. His father held the same position for 56 years and his grandfather was the first freight agent when the office opened about the time of the Civil War.

High blood pressure is one of the most common diseases of our time. Many have it but are unaware of its existence. Some of its symptoms

are, dizziness, headaches, puffiness of the skin and redness of the eyes and skin. The arteries, especially the small ones, have the power of dilation and contraction; these changes being produced by the action of small nerves supplying blood vessel walls. Interference with the function of these nerves causes the prolonged contraction or narrowing of these blood vessels resulting in a rise in blood pressure. The Mayo clinic has recently developed a surgical procedure for cutting the offending nerve groups. Chiropractic has developed a much simpler process, that of adjusting the offending nerve irritations thereby removing the cause and allowing nature to restore the blood pressure to normal from within.

This is one of a series of Chiropractic educational advertisements appearing in this paper through the courtesy of Dr. C. W. Davis, D.C., N.D. 134 North 3rd St., Klamath Falls, Oregon. TU 4-6033.

JAMESTOWN, N.Y. (UPI)—This is how police said Samuel R. Miller, 44, managed to learn the combination of a supermarket safe from which they charged he stole \$6,500: By parking a panel truck outside the market and taking movies through a telescopic lens of an employee working the combination.

ACTRESS DIGS ARCHEOLOGY

HOLLYWOOD (UPI) — Actress Maria Schell, whose latest film is "The Hanging Tree," says her hobby is archeology. The European star studied ruins in Greece, Ceylon and Pompeii when in the Old World and was delighted to discover the archeological wonders of the American Southwest after she came to this country.
