Demos Termed Confident Of Overriding Ike Veto

WASHINGTON (AP)—Confident House Democrats awaited with keen political anticipation today what they considered their first chance in six years to override an Eisenhower veto. Whether their exuberance is justified won't be known until Thursday. The issue votes then for the second time this month on a bill stripping from Secretary of Agriculture Ezra Taft Benson his power to veto lands made to cooperatives for rural electric and telephone service. President Eisenhower vetoed the bill Monday. The Senate overrode the veto Tuesday by a 64-29 vote in a rare display of party solidarity. This was a bare two votes more than the two-thirds necessary to upset a veto. Only one Democrat, Sen. Frank J. Lausche of Ohio, deserted party ranks to vote with 28 Republicans to uphold the President. Six Republicans joined 58 Democrats to upset the chief executive. Reports were given which included a news item read from the Leader-Gram, a 4-H publication, by Ronnie Silva. Jimmy Zediker gave a report on the 4-H Parent night potluck supper sponsored by the Big Springs 4-H Club. Phil Zediker suggested that the group have a skating party on Saturday night, April 25, at the Montague skating rink. The club members answered roll call by giving their weight. Brian McPeters gave a demonstration on "How to Make a Rope Halter," and Rae Silva and Pat Machado gave a demonstration on "Teenage Treats." The meeting was closed with refreshments served by Dan Louie and Dick Solus. Kay Zediker, News Reporter

Tumor Scares Video Star

NEW YORK (UPI) - Arthur Godfrey made his last television appearance Tuesday night on an indefinite period. Pictured on horseback at his Virginia farm in the filmed program, he actually was in a hospital bed awaiting surgery for what he has said may be lung cancer. He is to undergo surgery at Columbia Presbyterian Medical Center Thursday to determine whether the dark shadow on an X-ray of his chest is a benign or malignant tumor. Godfrey said Tuesday surgeons may have to remove the entire lung. In an unusual personal statement, the 55-year-old entertainer described his fears as he awaits identification of "this horrible, skulking thing" which has invaded his body. He had said that a chest pain led to discovery of the tumor but that he has had no pain for the past week. "Probably because I can't feel it through the cold clammy, clutching fear that's gnawing at my vitals." Even if he must lose a lung, Godfrey said Tuesday, "I won't mind one bit just so long as it doesn't cripple me up so that I can't ride or swim or fly. I've been doing pretty well with my tin hip for some time now - it's amazing how much pain you can learn to ignore. Just so I can mount up and go bucketing across country with Mary, it'll be all right with me. We've been building that farm for 25 years." Mrs. Godfrey is expected to come here Thursday. Further blood and X-ray tests were scheduled for today.

Senate Chief Raps Scribe

SALEM (AP) - Senate President Walter J. Pearson told the Senate Tuesday he no longer will allow in his office a certain news reporter. Ken David, an Oregonian reporter, said he is the one meant by Pearson. Pearson, without naming anyone, said the reporter falsely claimed the Senate State and Federal Affairs Committee met secretly last Friday in Pearson's office. David replied he had tried to get in to the meeting but was waved out by Pearson. The meeting was to consider the 5-million-dollar higher education budget, which Pearson thought too big. Pearson also told the Senate there was not anything unusual in his sending an appropriation bill to a committee other than the Joint Ways and Means Committee. The referral to the State and Federal Affairs Committee was called almost unprecedented by newspapers. Pearson told the committee the budget should be cut, but the committee voted 4-2 to approve it.

Agent Merlin Mitton was trying to make an arrest for possession of moonshine when he was bitten on the nose and on the back. The nose wound required 17 stitches. A federal grand jury indicted Harry Johnson of Logan County Tuesday for doing the biting. The formal charge was assaulting a federal officer and hindering him in his duties.

Star's Marriage Heads For Rocks

HOLLYWOOD (AP) - Often rumored on the rocks, the marriage of Anita Ekberg and Tony Steel may be heading for divorce court. "The trouble, I think, is that these two simply have drifted apart," Simon Taub, Miss Ekberg's attorney, said Tuesday. He said nothing definite will be decided until the Swedish actress talks with her husband. Steel did not get to the airport Tuesday to greet his wife, who just returned from a year's absence in Europe. The British actor said business had kept him from meeting the plane. They married in 1956 in Italy.

New Moves Said Underway To End Water Differences

SACRAMENTO (UPI) - New moves to settle north-south water differences were underway today both in the governor's office and the Legislature. Gov. Edmund G. Brown admitted in a statement he is "exploring" a possible compromise proposal which stemmed from some of the leaders in the Senate and concurred with his staff. Sen. Hugh Burns (D-Fresno) said the idea would be to amend his proposal for a 960 million dollar bond issue for water project development to provide that no contracts for sale of water or power could be changed until the bonds had been paid off. Such an amendment, he said, might soften the south's demands for a constitutional amendment to guarantee the validity of water contracts and might be satisfactory to northern senators who have clung to the position that a constitutional amendment is unnecessary. In a carefully worded statement from the governor's office, Brown was quoted as saying he was not committed to this solution but was "hopeful" that such amendment of the bond issue "might lead the way to final agreement."

SP Seeking Tax Recovery

YREKA - Siskiyou County and five Siskiyou County towns have had suit filed against them by the Southern Pacific Railroad Company for the recovery of \$152,435.64 in taxes, paid in 1958-59 by the company under protest. The complaint was filed last week in the Siskiyou County Courthouse by Robert L. Pierce, San Francisco attorney, charging that the California State Board of Equalization has assessed the Southern Pacific properties at a market cash value of 50 per cent, while all locally assessed properties were assessed at a statewide average market value of 23.7 per cent. According to a statement by attorneys for the S.P., the board of equalization refused cutting the assessment in spite of a petition being filed for a reassessment, with the charge that the 50 per cent assessment was unconstitutional. Recovery of 52.5 of each protested tax bill is being essayed by the S.P. Protested amounts are Siskiyou County, \$144,270.29; Dorris, \$418.90; Dunsmuir, \$4,360.27; Montague, \$677.15; Mount Shasta, \$1,526.74; and Tulelake, \$1,184.29. Those named as plaintiffs in the suit were Southern Pacific Company, incorporated as a railroad in Delaware; and six of the companies operations incorporated in California, including Pacific Electric Railway Company, Northwest Pacific Railroad Company, Holton Inter-Urban Railway Company, Petaluma and Santa Rosa Railway Company, Visalia Electric Railroad Company, and Sunset Railway Company.
