RIGHT

way to care for wood floors

The world's largest maker of hardwood floors recommends this clean-as-you-wax method as best. Just pour a little BRUCE on the floor and stubborn marks, dirt, old wax wipe away easily. The dirt comes up on the cloth. Buff very lightly and you're through in half the usual time. Try this better, easier method next time you wax. Use BRUCE CLEANING WAX for a rich coat of wax. For light waxing use BRUCE FLOOR CLEANER.
