Ferguson School Dedication Thursday

Dedication of the Twyla Ferguson Elementary School on Home-ale and Delaware streets in the Southeast Suburban area is planned for 8 p.m. Thursday, May 21, at the school. The public is invited to be present for the dedication ceremony, the program and to view the building.

The one story structure, named for a pioneer Klamath County educator, the late Mrs. Twyla Ferguson, was first used in September 1935 for grades one through the sixth. A later addition brought the classrooms to 16.

School officials, friends of Mrs. Ferguson and Twyla Ferguson students, will take part in the dedication ceremony. Mrs. George Clark will give the dedication address. A picture of Mrs. Ferguson with a fitting inscription of her long service in the school system and her tireless interest in the youth of Klamath County, will be presented to the school.

She lived in Klamath County from 1916 until the year of her death, in 1954. She taught in various schools and served as county school superintendent for a time. Following her retirement she continued her active interest in young people, working diligently for the establishment of Esther Applegate Girl Scout Camp at Lake of the Woods.

She contributed to the success of the Red Cross, Public Health Service, League of Women Voters and other civic, education and charitable projects. Her friendships were many.

She took part in the rush of wartime during World War I in Washington, D.C., and traveled widely in Europe and South America. She served one summer as a lookout for the forest service. Her home here was on Link River.
