Enjoy the most care-free washing as you simply turn the knob that preselects your hot or warm water to wash, warm or cold rinse . . . even your agitator and spin speed. Lint is washed away before the 1st spin. Master dial preselects normal or short cycle. Truly the easiest way to wash your clothes. After washing, simply move your clothes to the completely automatic Speed Queen dryer and for you, the washing is done. Speed Queen does the rest.
