

STRAWBERRY CREPES
FESTIVE DESSERT

For this dessert, fresh juicy strawberries are rolled in delicate, thin pancakes, then topped with a creamy Cinnamon Fluff. The Cinnamon Fluff may be lightly sweetened whipped cream to which cinnamon is added or you can use the dessert topping (Dream Whip) which is on the market this spring. The topping is low in calories and stays fluffy on top of warm dishes.

CINNAMON FLUFF
1 package dessert topping mix
1/2 cup milk
1/2 teaspoon vanilla
1/2 teaspoon cinnamon
Combine dessert topping mix, milk, vanilla and cinnamon. Whip as directed on package. Chill.

CREPES
3 eggs
1/4 cup sifted flour
1/4 teaspoon salt
1 1/2 teaspoons sugar
1 cup milk
Butter

FROZEN MEAT
Frozen meats packaged in moisture-vapor-proof wrapping may be stored for fairly long periods in a home freezer at zero degree or lower. The storage period is eight to 10 months for beef, three to five months for fresh pork and veal, six to eight months for lamb. Cured and smoked items such as hams and picnics should be frozen no longer than two months; sliced bacon should not be frozen as there is rapid deterioration in flavor.

JETSTREAM

Fathers Day is coming along in June and it is always a fun holiday. Special dishes are chosen for dinner as Dad's favorites (whether he likes them or not) and gift-seekers come up with all sorts of things for the man in the family.

There are a few basics, however, which are always safe bets. The Yardley line of men's grooming aids bring luxury into the line of basics. The wooden shaving bowl with solid soap — the kind your man has to lather up with a brush — has been a favorite for a great many years.

Now Yardley has modernized after shaving lotion. Convenience and quality mark this latest Yardley contribution to masculine good grooming. A press of the finger releases just the right amount of after shaving lotion in a gentle stream.

New Jetstream After Shaving Lotion is packaged in a handsome lightweight metal container. Designed to be a good traveler as well as a stay-at-home, Jetstream will not spill nor evaporate, and, there is no cap to lose. Just a light pressure of the forefinger to the top of the container releases a gentle stream of lotion through the spout ready to perform its soothing after-shave function. There is no danger of leakage when traveling because the new Yardley product comes with a protective plastic cap to use en route.

Regular users of Yardley After Shaving Lotion will be pleased to discover that Jetstream contains the same formula they have long enjoyed. More than producing just a cooling sensation, it helps condition the skin so that a proper moisture balance is maintained. Yardley After Shaving Lotion is mildly astringent to give the gentle stimulation needed after a shave but strong enough to check bleeding from occasional nicks. Added to this are agents that combat infection from skin bacteria and that encourage the skin to heal itself.

ANOTHER BIG STEP forward in shaving convenience has been made with the introduction, by Yardley, of Jetstream After Shaving Lotion, the first pressurized after shave lotion on the market. A press of the finger releases just the right amount of after shave lotion in a gentle stream.
