

MARKETS and FINANCE

Stocks WALL STREET NEW YORK (AP) - The stock market closed mixed today after cutting back early gains. Trading was moderately active. Volume for the day was estimated at 2,900,000 shares compared with 2,800,000 Monday. Leading stocks rose from reactions to about a point. The losers moved in about the same range. Steels, motors, coppers, chemicals and oils showed a string of moderate gains. Space age stocks were ragged. Some tobacco stocks were off rather sharply. Airfracs, rubbers, rails and electrical equipments were mixed. Gains of a point or better were made by Jones & Laughlin and Lukens Steel. Chrysler was ahead around a point while Ford and General Motors added fractions. Zenith recovered about 3 and high-priced International Business Machines added about a dozen points. Lizzett & Myers dropped about 1 and American Tobacco more than a point while Lorillard held firm. Losses of about a point were taken by International Telephone and General Electric. U.S. government bonds firmed slightly after a mixed opening.

Many Partake In Revamping Of Dunsmuir Canyon Road

DUNSMUIR—To the casual observer, earth moving operations south of Dunsmuir involve the equipment of two major contractors, Morrison-Knudsen, Inc., and Gibbons and Reed. But the relocation of four and one-half miles of Highway 99 involves engineers of both government and industry with multiple concerns in the project. Gibbons and Reed was awarded the highway relocation last month for \$3,094,982. At the same time, Morrison-Knudsen was awarded a \$302,000 contract for excavating a new channel for the Sacramento River at Castle Crags and Summit and the construction of embankments for relocation of Southern Pacific right of way, according to Herbert Miles, district engineer for the state division of highways. Miles feels this project proves that government and industry can work together for a common good and proceed with rapidity toward an objective. He said surveys for this stretch of Highway 99 were well under way last year, when the Shasta Division Engineering Office of Southern Pacific noticed the highway plans would not eliminate high water hazards. By working with Rex Bazzamir, division engineer, and Albert McHenry, assistant division engineer, Miles said the state was able to adjust its plans to remove the river convolutions to the advantage of both the railroad and the highway. Beginning at the local level, last fall the plans had to be approved by SP supervisors and officials and by all governmental agencies involved including the U.S. Bureau of Public Roads, which provides federal aid for interstate highways, Miles said. The Morrison-Knudsen contract is limited to the river and embankment work with the state division of highways and Southern Pacific sharing costs on this phase of the work. Southern Pacific will then lay track along the new right of way and remove the bridges that will be bypassed by the change, Miles explained. Joe Kelly is the Southern Pacific engineer assigned to supervise the Castle Crags relocation work. Fred Clarke is the Morrison-Knudsen project superintendent and W. C. Bergeron handles the paper work for Morrison-Knudsen at Dunsmuir headquarters. The Sacramento River was diverted into its new channel at Castle Crags last week. Representatives of the Fish and Game Department were on hand to see that no trout were stranded in the dry river bed. According to Carl Hill, superintendent of the Mount Shasta Fish Hatchery, no fish salvage work was needed, the fish moved downstream as the river muddied and lowered. Miles states the contract for the final link in Highway 99 between Dunsmuir and Redding will probably be awarded in July. The cost of constructing the span of highway between Shotgun Creek and Castella will be in the neighborhood of eight million dollars, Miles said, and final bidding depends upon congressional action on interstate highway funds.

Farm Women Hold Meet

MONTAGUE - State chairman of California Farm Bureau Women, Mrs. Phyllis Kellogg, accompanied by Mrs. Judy Dickinson, regional chairman of Farm Bureau Women, who is also state vice chairman of CFBW, were honored guests at the joint meeting and potluck luncheon held by the Shasta Valley and Edgewood Farm Bureau women recently at the Edgewood Farm Bureau Hall. Election of new county officers for Farm Bureau Women, followed with installation by Mrs. Kellogg, at the business meeting held prior to the luncheon. Mrs. Ellen Tupper was re-elected as county chairman; Mrs. Don LeVey, Montague, vice chairman, and Mrs. Ernest Solas, Edgewood, secretary. Also during the business session, it was reported that Mrs. George Flock and Mrs. Larry Walters, as a committee of two, had called on Ed Mathews, manager of the county fairgrounds, with recommendations and suggestions for improving fair displays. Luncheon was served to the 30 women present. Mrs. Kellogg spoke on the freedom of people in the United States and the danger of losing this freedom, and she warned that people should become more alert to government controls. She also spoke on federal aid to schools, and which she said, if obtained would bring the schools under government control. She cited as an instance, that in order to obtain federal aid, the government had a list of seven specifications, which were required to be met before the federal aid would be given. Mrs. Kellogg also discussed briefly the privilege of having the right to vote, and stressed that people study the candidate running for office, or propositions before voting in order to acquire enough knowledge to vote intelligently. Regional chairman, Mrs. Dickinson spoke on the importance of members of Farm Bureau and Farm Bureau Women participating in the activities of the two organizations by attending all conventional meetings and state convocations; and that each group or unit of the Farm Bureau should send a delegate to the Astorian Training School for leadership training. Mrs. George Flock conducted the auction sale of dishes and cooking utensils that have accumulated over the years from Farm Bureau dinner parties.

Stop Signs Proposed

DUNSMUIR—Stop signs at the Willow Street intersection of Shasta Avenue were recommended by Dunsmuir High School seniors functioning as a city council during student government day last week and the signs were authorized by the regular council later in the evening. The students also recommended that a community hall and youth center should be built by the city and financed by a special tax levy. They suggested site and costs surveys should be made at once and the tax measure submitted to the voters at the next election. Louis Rossi, student police chief, thought the Dunsmuir police radio system should be manned on an around-the-clock basis. It is currently inactive during the early evening hours, early morning hours and on Sundays and holidays. Rossi contended the present police signal light in downtown Dunsmuir is inefficient but the student council voted down the proposal as too expensive. In another recommendation, the students suggested student government day be a senior function rather than a junior function as a stimulant to the study of civics. The regular council convened after the student adjourned. The council members approved an increase from \$50 a month to \$100 a month for fire department expenses. The city zoning ordinance was read for the second time and will go into effect 30 days after publication.

Exhibition Set By Artists Club

DUNSMUIR - Members of the Friendly Art Club are readying entries for the Second Annual Exhibition of the Siskiyou Artists Association at the Yreka Inn on June 12, 13 and 14. The group which meets weekly at the home of Mrs. Nellie Mason was host recently to four out of town artists. Among the guests was Mrs. Calla Lukes, Fort Jones, president of the Siskiyou Artists Association. Mrs. Lukes is formerly from New York where she taught art and exhibited her paintings. Another guest, Mrs. Mae O. Stevens of Etos has also taught art and received recognition for portraits and other paintings. Mrs. Ruby Churchill and Mrs. J. N. Stalcup, both of Montague, were the other guest artists who spent the afternoon viewing and commenting upon the work of the Friendly Art Club.

Hotel Purchased

COOS BAY, Ore. (AP) - Coos Bay newspaper publisher Sheldon Sackett Monday reported he had bought the Tioga Hotel here for \$275,000.

THE OUTSTANDING music student at Weed High School, Jeanne Anderson, left, was presented the John Phillip Souza plaque award at the annual spring concert recently. Melvin Soletti, president of the Lions Club, sponsoring group for the award, is at the right, and George Mattos, director of music for the Weed schools, center.

Weed Senior Given Award

WEED - Presentation of the John Phillip Souza plaque award to the most outstanding music student at the Weed High School highlighted the annual spring concert "An Evening of Music" on Thursday night, May 21, at the WHS auditorium. Jeanne Anderson, 1959 senior was the recipient of the award given for the first time and presented by the sponsoring group president Melvin Soletti of the Weed Lions Club. The winner's name each year will be engraved on the plaque which will remain at the school band room. Miss Anderson is the daughter of Mr. and Mrs. Gies Anderson and plans to attend Lewis and Clark College in Portland following her graduation here. A varied program of music was presented in excellent performance by the Weed Elementary School chorus and band, Weed High School chorus, band and dance band with 200 students participating. George Mattos, director of music department of both schools was assisted by Mrs. Jean Welch, director of the elementary school chorus and Mrs. William Davis accompanist. Miss Anderson was pianist and soloist for an outstanding number by the Weed High School band "First Movement" (sonata in C Major) by Mozart-Grieg. Another outstanding number by the band was Fanny Fatoms by Walters with Darny Rossetto as the tuba soloist.

Funeral Services for Cecil Arnold

Funeral services for Cecil Arnold (Griff) Griffin who died here on May 24 were held from the chapel of Ward's Klamath Funeral Home on Wednesday, May 27, at 2 p.m. Officers of the Klamath Lodge No. 77 A.F. and A.M. will officiate. Concluding services and interment in Klamath Memorial Park.

GRANGE NEWS

FORT ROCK - Pomona Grange members in session here Saturday went on record asking the Public Utilities Commission to have the Beaver State Telephone Company extend, if possible, service to Fort Rock and Silver Lake. June 29 is the tentative date set for a hearing at one of the North Lake County communities. Participating will be representatives of Beaver State and the Public Utilities Commission. Forrest Cooper, Lakeview attorney, is assisting with arrangements. Mrs. Helen Cooper and Marie Simms of the Valley Falls Grange were present to receive \$5 cash awards for first place in their divisions of the grange sewing contest. First place dresses were on exhibit and will be entered in state grange competition. County deputy, Mrs. Amy Cloud of Valley Falls Grange, urged all subordinate granges to send their masters or alternate delegates to the state grange session opening in Baker June 1. Mrs. Cloud is also lady assistant steward of the state grange and of the Lake County Pomona Grange. Reports from subordinate granges, read by secretary Lloyd Chandler, showed a total grange membership in the six granges of Lake County as 598. Mr. and Mrs. J. D. Carum and Jim Florian, members of Fort Rock Grange, were obligated in the fifth degree. The next Pomona session will be at Summer Lake Grange August 22.

School Patrol Given Outing

MOUNT SHASTA - The 11 boys school pupils, their families and friends attended the annual school picnic on Friday. The dinner was served indoors and games of croquet and softball were held on the school grounds. A series of cartoons were an after dinner feature. A combination of wind, dust, showers and hail threatened activities but failed to dampen spirits. The afternoon softball game was called because of a sudden local shower, with the school team leading their parents one to nothing.

SCHOOL PICNIC

FORT ROCK - More than 60 school pupils, their families and friends attended the annual school picnic on Friday. The dinner was served indoors and games of croquet and softball were held on the school grounds. A series of cartoons were an after dinner feature. A combination of wind, dust, showers and hail threatened activities but failed to dampen spirits. 'Physiological Starvation' Or Pneumonia Killed Dulles

By DELOS SMITH NEW YORK (UPI) - Medical science knows a great deal about the kind of cancer which ended the career of John Foster Dulles. Usually the direct cause of death is not cancer but is either pneumonia or "physiological starvation." Dulles' personal physician, Dr. A. D. Daughton, said in his opinion the latter was the direct killer. Multiplying cancer cells used up all the nutrition which medical science can put into the bodies of the gravely ill by one means or another, and none was left with which to maintain the vital functions of healthy body cells, he said. However, there will be no final answer, Daughton said there would be no autopsy. Experts on cancer, interviewed by this reporter, said it "needed" it self throughout the body, and a usual site of "seeding" was the lungs. There the growing colony of cancer cells interferes with the work of the lungs which is to purify oxygen into the blood and take carbon dioxide out of it, and then, in the words of one expert, "a condition follows which resembles pneumonia and is often called pneumonia." Daughton said that in Dulles' case, pneumonia had not been detected early and he had "a rugged constitution." When death came he was "nearly recovered" from it, Daughton said. He added that Dulles' case was "not different from hundreds of other cancer cases and there was a generalized dissemination of the disease." Cancers of the colon and rectum are considered one disease because the two organs form a continuous tubular structure. Last year approximately 58,000 new cases were discovered, in 30,500 women and 27,500 men, according to statistics of the American Cancer Society. It is not an uncommon cancer and less than one-third of the victims survive five years. Those who do owe their "cure" to early detection followed by surgical removal of the cancerous tissue. Dulles underwent such surgery Nov. 3, 1956. As subsequent events demonstrated so tragically, the surgeons did not get it all. The "cancers" were the cancer cells had spread away from the original colony at the time of the surgery, the experts said.

Eleven Bid For Timber

YREKA - At the auction for the Doggett No. 1 Unit in the Yreka Working Circle held at Klamath National Forest headquarters in the Warren's building in Yreka, 11 lumber companies were bidders. This is the largest number of bidders known to participate in a sale auction. Those companies submitting sealed bids as requirement for the auction, were Cal-Fir Pine, Fruit Growers Supply Company, Double D Lumber Company, Johnston - Plumley Lumber Company, Cal-Shasta Lumber Sales, Kogap Manufacturing Company, Hi-Ridge Lumber Company, J. F. Sharp Lumber Company, Lithia Lumber Company, Pine Mountain Lumber Company, and International Paper Company. A total of 97 oral bids were posted by auction officer, John Murray, before the highest was submitted by International Paper Company. Murray stated most species were raised far above advertised prices, as shown by the following volumes, advertised prices per M board feet, and the high bid prices per M board feet: ponderosa pine, 2,600 M feet, \$12.65, \$42.90; sugar pine, 1,900 M feet, \$20.95, \$42.50; white fir, 500 M feet, \$4.85, \$8.65; Douglas fir, 2,000 M feet, \$5.95, \$28.75; and incense cedar, 500 M feet, \$3.10, \$12.40. Total advertised value was \$38,820, while the value of the sale based on the International Paper Company's high bid was \$263,475.

Soroptimists Set Luncheon

DUNSMUIR - Representatives of the Soroptimist Club of Redding will lunch with professional and executive business women of Dunsmuir at the Travelers Hotel on Thursday in the interest of establishing a Dunsmuir Soroptimist Club. Mrs. Blanche Edwards of Sacramento, a federation representative of the Soroptimists, has arranged this event. Mrs. Edwards explained the organization and its objectives to a group of prospective members at a luncheon session last Thursday. The Redding club has expressed a willingness to sponsor a Dunsmuir club. Mrs. Edwards explained, Mrs. Cleo Lambert, clerk of the Dunsmuir justice court, is handling luncheon reservations for Thursday's meeting. The Soroptimist membership is open to women in business for themselves, partners or department heads. Mrs. Edwards explained and is primarily a service organization limited to weekly luncheon meetings.

KF Visit Slated By Air Officer

Lt. Robert L. Alfred, Air Force selection officer for Oregon, Washington, Montana and Idaho, will visit Klamath Falls on a recruiting mission May 28 and 29. He handles candidates for the new Air Force program, Officer Training School. The program is designed to allow new officers to serve in fields of their choice and in those relating to work they completed in college. Applicants must be between 20 1/2 and 27 1/2 years of age. They must be U.S. citizens. Single and married men are eligible. Lieutenant Alfred may be contacted at the Air Force recruiting office in the Klamath Falls Post Office from 2 p.m. to 3 p.m. May 28, and from 8:30 a.m. until noon May 29.

HUGE, 15 Ton-an-hour Capacity gives this baler BONUS EARNING POWER to PAY FOR ITSELF IN USE McCORMICK No. 56 BALER You'll bale at least 25 per cent more tonnage per hour with the new No. 56, compared with your present "big" baler. This huge increase in earning power provides the actual dollars to make the new 56 baler pay for itself in use. Your trade-in will probably cover the down payment! J. W.
