

MARKETS and FINANCE

Stocks WALL STREET NEW YORK (AP) — The stock market closed higher today with prices at about the best levels of the session. Final dealings were active. The ticker tape was late. Volume for the day was estimated at 2,900,000 shares compared with 2,910,000 Tuesday. Key stocks were up from fractions to about 2 points. The market was irregular in early trading then moved to the upside with dealings slow. The gains were bettered in a number of cases as the session wore on. Steels, motors chemicals and building materials were mostly higher. Rails developed a slight edge to the upside after initial backwardness. Airfares edged off. Coppers and utilities were mixed. Zenith recovered about 4 points and high-priced International Business Machines added another 6. Chrysler, ahead about a point, was about the best in the automotive group while U.S. Steel, with a similar rise, paced the steel section.

Boy Staters Meet Slated

WEED — Weed Boy Staters, Frank DeMarco and Jim Lemos, will attend the annual Boys State session at Sacramento June 20-27. DeMarco has many activities at Weed High School including band in which he will also participate at Boys State; dance band, treasurer of the Weed Unit of California Scholarship Federation, served as chairman of correspondence and advertising for the baseball team in addition to playing. He is an active football player (his favorite sport), and has been varsity manager for the A's basketball team for the past three years. He is the son of Mr. and Mrs. James DeMarco and plans to attend the University of California at Berkeley majoring in chemical engineering. Away from school DeMarco enjoys dancing and just talking. His activities away from school included being a member of the Catholic acolytes and an officer of the altar boy council of the Holy Family Catholic Church. Lemos is the newly-elected student body president for the 1960 term and has served as president of his sophomore class and vice president of the CSF. He was chosen district vice president at the recent CSF conclave. He is an active player on the WHS football, basketball, baseball and track teams. Fishing is his favorite sport away from school. Hemos has been an avid 4-H member for six years and served as secretary, vice president and president. He is the son of Mr. and Mrs. Harold Lemos of Edgewood and plans to attend San Luis Obispo Cal-Poly Tech to study engineering.

Med Student Writes Paper

A technical paper written by a Klamath Falls man, Richard E. Tracy, medical student at the University of Chicago, was accepted for presentation at the National Medical Research Convention recently in Atlantic City. The paper was judged among the top four per cent submitted for consideration. Tracy, a third year student at the University of Chicago, Department of Pathology, is a graduate of Klamath Union High School, where he was valedictorian of the 1952 class. He received a \$4,000 fellowship for his medical research studies. His report before the convention dealt with the subject on injections of proteins cast off by the body that have experimentally lowered the high concentrations of fat in the blood of diseased animals. Tracy's research is slanted at a better understanding of the nature of coronary artery disease and of nephrosis, a degeneration of the kidneys. He is the son of Mr. and Mrs. Charles H. Tracy, 2525 Applegate Avenue.

Dorris Senior Wins Bank Award

DORRIS—Nancy Wemple, a senior at Butte Valley High School, recently won a \$100 award given annually to outstanding high school seniors in Northern California by the Bank of America. Miss Wemple won in the liberal arts division of a contest held at Shasta College in Redding last April. She competed against nine other liberal arts students from the six-county zone. Twenty-eight students from Siskiyou, Tehama, Modoc, Lassen, Shasta and Trinity counties vied for the awards. Other winners from Siskiyou County in finals held at Sacramento were Jerre Melo of Mount Shasta High School, an outstanding fine arts student, and Patricia Martin of Yreka High School, who specializes in science and mathematics.

Both Sides Biding Time On Water, Budget Slate

By JAMES C. ANDERSON SACRAMENTO (UPI) — North and south played a waiting game today with the state budget and water program. The Assembly, dominated by southerners, tied a string to the budget bill and delayed final action on it until it sees what the northern Senate does with Gov. Edmund G. Brown's proposed water program. The lower House actually passed the budget to the Senate Wednesday by vote of 55-25, but Assemblyman Bruce Sumner (R-Santa Ana) kept the bill in possession of the lower house by a motion to reconsider. Sumner admitted that he was trying to delay action on the \$2,225,043,458 budget only long enough "to see if the Senate is sincere about voting a water program." Senate action on Governor Brown's water bill, SB1106 by Sen. Hugh Burns (D-Fresno), was set late today in the upper house. A water program is something the north and south have been fighting over for almost five years in the Legislature. This session, with the governor prodding both houses, the administration's compromise water proposal appears to have a good chance of passage in both the Senate and Assembly. But several southern assemblymen, both Republicans and Democrats, appeared wary and decided to try to hang on to their control over the budget bill until the Senate actually approves the water program. In its present form, the water bill proposes a \$1,750,000,000 bond issue, most of which would be spent to build the Feather River Project (FRP) to export northern water to the Bay Area, the San Joaquin Valley and southern California. The measure contains guarantees that northern counties were

SUSAN THOM, right, is valedictorian of the Dunsuir High School graduating class, and Richard Anderson is salutatorian. Forty two will be graduated at ceremonies June 5 in the school gymnasium. — Photo by Peggy Walsh

Diplomas Set For 42 Grads

DUNSMUIR — Commencement exercises for the Class of '59 at Dunsuir High School will be conducted at 8 p.m. June 5, at the high school gymnasium. Forty two graduates will receive diplomas from Joseph Kelby, chairman of the high school board of trustees. Susan Thom has been named valedictorian and Richard Anderson, salutatorian. They will speak at graduation ceremonies. These speeches and musical selections by students will constitute the evening's program. A hi-fi party for graduates and other high school students will be held at the Masonic Temple following the ceremonies. Mothers of the graduates are planning this event and will also decorate the high school gymnasium for the graduation ceremony. The Class of '59 recently chose lime green and silver as the class colors and the rose as the class flower. Its motto is "Young People, Your World." Baccalaureate services will be conducted at the high school auditorium 8 p.m. Sunday, May 31. The Rev. Martin Schabacker will address the graduates. The annual awards assembly will be held Friday morning, June 5, at the high school auditorium. Other senior events have included a "skip dinner" at Ashland, and a class dinner at the Hotel Dunsuir.

Vote Speedup Bill Approved

SACRAMENTO (UPI) — Californians will know soon after the polls close at the next general election just who they have chosen for statewide offices if the Assembly agrees with its election committee. The committee Wednesday approved a bill by Sen. James Cooney (D-Merced) which was designed to speed up the state's painfully slow vote count. Cooney's bill would require election officials to begin counting ballots as soon as the polls close and would not permit them to stop until the last vote was tallied. The lawmaker explained that passage of his proposal would provide a final election score by Thursday or Friday after the Tuesday election. A trend should be established by the next morning. The bill was sent to the lower House for final consideration. If the Assembly passes the measure it will be returned to the Senate for approval of amendments which were added to it since it was passed by the upper house. Cooney said the bill was designed to reduce the "cliff hanging" time put in by candidates involved in close races. Under present law, he said, some elections remained undecided for as long as two weeks. Under the terms of the bill, all votes must be counted at the precinct. A summary of those results would then be sent to the county clerk who would compile a running total for the county.

Sheep Rock Park Asked

By J. O. MCKINNEY MOUNT SHASTA—Clyde Parker, Siskiyou County native, and former general manager of the famed Parker Ranch, is advocating a state park for Sheep Rock. He believes that with high sheep again to be seen there, it would prove a strong tourist attraction. The Parker Ranch was a wild-life refuge for nearly a half century. People drove miles to see the deer there despite it was in a remote area. Sheep Rock is located on U.S. Highway 97 and within sight of Highway 99. The two highways are connected with a paved cutoff that skirts the base of Sheep Rock. Siskiyou County Historical Society is being asked to support the park plan. Some conservationists condemn the plan, not because of opposition to the park, but because they believe it would be impractical without a caretaker appointed to prevent the supply of animals not becoming too numerous for available food. The last bighorn sheep in the area died during the spring of 1890. It survived the winter, but during spring months became so weakened that it fell from a ledge upon which it was seeking food, and was killed on rocks below. DUNSMUIR — Hershel Lee Fields, 35, of Dunsuir, is serving 30 days in the county jail after being found guilty of battery in Dunsuir Justice Court. Fields was arrested Saturday night after a domestic fight.

SUSPECT LEAPS TO DEATH

LOS ANGELES (UPI) — While his wife and small daughter sat in a nearby courtroom, a 26-year-old narcotics suspect broke away from his guard Tuesday and leaped seven floors to his death in the Hall of Justice. Pete Alvarez was appearing for preliminary hearing. During a recess he asked to go to the rest room. When his guard removed the handcuffs, Alvarez bolted and leaped through an open window.

THIS Wagner lumberjack is the latest equipment added to the operations at the logging deck of the International Paper Company, Weed Branch last week. The jack has a lift capacity of 70,000 pounds and weighs 92,000 pounds. Its multiple purpose uses include unloading, loading, decking and unloading log loads and handles logs up to 32 feet in length. The oversized tires are approximately eight feet in diameter. — Photo by Gaynor

Child Support Suspended

LOS ANGELES (AP) — Actress Madge Meredith's ex-husband won't have to pay child support until his daughter returns from Europe and is available for visits. Dr. Charles Corley testified Wednesday that Miss Meredith took the couple's child, Christina, 4, to Europe in defiance of a court order not to remove her from California. He asked for custody and discontinuance of \$35 weekly support payments. A court commissioner granted discontinuance of the payments pending the child's return. But a hearing on the custody matter was deferred until Miss Meredith said the actress reportedly is doing a movie in Rome. She and Corley were married in 1952 and divorced last year. The actress and three men were convicted in 1947 of the kidnap-assault of her former business manager, Nick Giannacis, and his bodyguard. She was sentenced to 5 years to life but was released after two years in prison by then Gov. Earl Warren, who commuted her sentence "in the interest of justice." Miss Meredith steadfastly maintained her innocence.

Light Saves LA Autoists

SANTA MONICA, Calif. (AP)—A red traffic light saved 50 motorists from possible disaster. They were stopped on the Pacific coast highway Wednesday, waiting on the signal, when 60 tons of earth and rock crashed down from the 250-foot-high Pacific Palisades. Some of the cars would have been in the slide zone but for the light. The slide covered all lanes of U.S. 101, except a southbound parking lane, with rubble up to eight feet deep. There have been numerous slides along the cliff. "The public is playing Russian roulette every time it drives under this death trap," an inspector at the scene told newsmen. Engineers warned another landslide might occur momentarily.

BETTER TO GIVE...

DALLAS, Tex. (UPI)—Each of Mrs. J. Leonard Brewer's four-year-old twin sons, Freddy and Eddy, claimed the toy was his. Mrs. Brewer suggested they kneel and "ask God to make you tell the truth." They knelt. Before he began the prayer, Eddy confessed the toy was Freddy's, and said "but let's ask Jesus to make him share."
