Scouts Raid Downtown With Signs

As an Oregon Centennial observance gesture, members of Troop 8, Peace Memorial Boy Scout Troop, made a "raid" on downtown Klamath Falls business establishments one night last week. Stickers reading: "Klamath County, Oregon's County of Sunshine," were posted on doors and windows of retail business houses. The 25 scouts were accompanied by Scoutmaster Duane Alexander, Don DerMiner of The Hobby World, and Fred Lawrence, Allstate Insurance, who took photographs.

Additional stickers, with the pelican figure and "Oregon's County of Sunshine" in white and Klamath County printed in vivid red, are available from the Klamath County Chamber of Commerce.

PLASTIC BAG SUICIDE

SACRAMENTO (UPI) — A Sacramento nurse "tired" of life climbed into a plastic clothing bag Friday night and suffocated.

Coroner's deputies said Chloe Robinson, 52, left a note explaining she killed herself because she was "tired of everything."

Second Assault Kills Secretary

LOS ANGELES (AP)—Twice in seven years Ruth Gwinn was attacked on darkened streets. She died Friday from injuries suffered in the last assault.

Police said the 57-year-old secretary was walking home early Thursday when a man sprang from behind a tree, hit her with a plank, dragged her into a parking lot and raped her. He fled when her screams aroused the neighborhood.

In the same neighborhood in 1952 she was shot in the back by a man who tried to force her into his car. He was never caught.

Audrey Hepburn Loses Her Baby

BUERGENSTOCK, Switzerland (UPI)—Actor-director Mel Ferrer said Friday night his wife, actress Audrey Hepburn, had lost the baby she was expecting.

"I regret it is true. Audrey has been in the hospital and came home last Friday," he said.

"She is staying in bed and doctors have ordered her to stay quiet for another two months."

West Point Names Leader

WEST POINT, N.Y. (AP) — Cadet James L. Abrahamson, 21, has been named top man academically in this year's graduating class at the U.S. Military Academy.

The selection of Abrahamson, of Aurora, Ill., was announced Friday. A captain in the Corps of Cadets, he will be graduated June 3 with a bachelor of science degree and will be commissioned a second lieutenant in the armored branch of the Army.

EMERGENCY ACTION

STANFORD, Calif. (UPI) — Stanford student Douglas Kilpatrick III needed a ride home in a hurry.

Police arrested him a little while later for stealing a $15,000 ambulance. Moreover, he has to pay damages caused when he crashed it into a tree.

The Pilgrims landed at Provincetown Harbor, Massachusetts, in November, 1620, then moved on to Plymouth after a few weeks.

War-Hating Tax Enemy Out Of Prison

CINCINNATI (AP)—A war-hating preacher who won't pay his taxes was due to come home from prison Saturday to an uncertain future.

Leaders of his old church want the Rev. Maurice McCrackin to return to his pulpit at St. Barnabas Church.

And more trouble with the government over nonpayment of income tax and nonfiling of tax returns is possible.

The Rev. McCrackin was released from Allenwood, Pa., federal prison farm Friday after serving five months and four days of a six-month term.

The 53-year-old clergyman is minister of a combined Presbyterian and Episcopal church with a white and Negro congregation.

A federal court jury here convicted him last Dec. 12 of failing to answer a summons by the Internal Revenue Service to discuss his taxes.

The minister attracted attention by forcing court aides to carry him in and out of the courtroom, ignoring advice of court-named lawyers and most of the trial procedure. For a time he refused to eat.

The Rev. McCrackin said he filed a tax return in 1948 through 1954 but paid only part of his tax.

After that, he said he filed no return because the government was using his return to figure out what he should have paid in full.

The minister says he will not pay the full amount because the money is used for war weapons.

Same Old Wheat Program Again

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson will issue a proclamation Monday putting the government's old wheat program into effect for the 1960 crop.

He has no alternative because Congress has failed to come up with a new program. There is general agreement among farm leaders that the present program has failed because a record surplus of the grain has accumulated despite attempts to control production.

The administration called for a new program, but congressional farm leaders do not like a plan advocated by Benson of lowering price supports and doing away with controls.

MIDDLE MAN ELIMINATED

HOLLYWOOD, Calif. (AP) — For 11 years, Mary Rushton has been a waitress at the Gourmet Restaurant.

In that time, there have been 30 managers.

Mrs. Rushton, wife of a retired government auditor, got fed up.

So she bought the place Sunday — for $50,000.

Judge Claims No Comment On FBI Case

POPLARVILLE, Miss. (AP) — Circuit Court Judge Sebe Dale, who would have tried lynch victim Mack Charles Parker, said Friday he has decided not to comment on Gov J. P. Coleman's decision to hold the FBI report on the case until the regular session of the grand jury in November.

His first reaction, Dale said, was that Coleman was unwise in deciding against a special grand jury. The judge said waiting until the regular session could give the accused a chance to learn who they are and allow them to leave the state.

Dale made the comments in calling for an end to "piecemeal leaks" from government sources on the Parker lynching.

"If the government has turned over all its evidence to Gov. Coleman, then it ought to stop these piecemeal leaks and not try the case in the newspapers," he said.

He said he could not condone the purported detail of the FBI report on the case given to the press by "authoritative government sources."

The sources said the evidence contained the names of Parker's killers and a description of a farmyard meeting where the raid allegedly was planned.

Dale said that information should have gone only to the district and county prosecutors for presentation to the grand jury.

Parker, 23, a Negro truck driver from Lumberton was accused of raping a pregnant white woman last February. He was dragged from his jail cell here before dawn April 25, two days before he was to go on trial in Dale's court. Parker's body was found in the Pearl River May 4. He had been shot.

The judge said he has never condoned lynching. But had the victim been a member of his own family, Dale said, he was fearful he might have killed the attacker himself.

Slay Charge Faces Youth

MEMPHIS, Tenn. (AP)—Police said murder charges would be filed today against a Negro boy who admitted fatally stabbing a white youth during a fight.

Ernest Smith, 16, surrendered to police Saturday night shortly after Tommy Donnell, 17, died of a stab wound near the heart.

Police said the two got into an argument and began fighting when Smith and a Negro companion met Donnell and two other white youths in front of a drive-in restaurant.

The two fought with their fists for about five minutes police said, until Donnell fell and Smith and his companion fled.

No reason was given for the fight. Smith had two superficial cuts on his back when he surrendered, police said.

Bridegroom Found Slain

FORT SMITH, Ark. (AP)—A 17-year-old bridegroom was found shot to death at his home here today, a few hours after he had eloped with his young sweetheart.

Police Capt. Bob Sult said John Louis Maddox and Peggy Stroud, 16, a high school sophomore eloped and were married Saturday. Then they returned to tell his parents.

Maddox took his bride to her home, then returned to his home.

The boy's parents said they were awakened about 1 a.m. Sunday by a loud noise. They found the youth on the floor of his bedroom, wounded in the chest. A 12-gauge shotgun was nearby.

Officer Killed By Irate Hackie

GREENSBORO, N.C. (AP) — A cab driver angered because he received a ticket for speeding from a Negro policeman shot and killed him Sunday.

Police quoted Joseph D. Herring, 31, a Negro cabbie, as saying, "I'm glad he's dead and now it won't take me long to die in the gas chamber."

Police Cpl. Joe D. Massey, 43, one of the first Negro policemen hired here 12 years ago, was slain as he sat at a desk in a service station writing out a police report shortly after giving Herring the ticket. He was shot six times.

Police who said Herring admitted the shooting, called it "one of the most cold-blooded" murder cases in Greensboro's history.

Prom Wreck Fatal To Three

EAST LIVERMORE, Maine (AP) — Three teen-agers coming from a high school prom were burned to death Friday night when their car left the road and exploded at Pike's Corner.

A fourth youngster, identified as Robert Fournier, was taken to the Franklin Memorial Hospital at Farmington in critical condition.

Tentative identifications, obtained from papers, listed the victims as Donald Richards, John Moore and James Luciano.

Police said the four boys were riding in a car that careened off the highway near Collete Brook, flipped over and exploded. They said Fournier apparently was thrown clear of the car.

The others were trapped inside.

Los Angeles Meeting

Women's Club Federation Opens Meeting Tuesday

LOS ANGELES (AP) — The ladies are coming to town today to pooh-pooh all that malarkey about a woman's place being solely in the kitchen.

To show just how far afield the little woman can go, some 3,000 of them are converging on Los Angeles for Tuesday's opening of the General Federation of Women's Clubs annual convention.

When President Chloe Gifford, a Lexington, Ky. attorney, brings the women to order, delegates representing 11½ million members in 60 countries are expected to be on hand.

They'll discuss everything from the quality of television to the effects of smog, from cheesecake to better citizenship, and the use of plastic bags which have recently caused a number of children's deaths across the United States.

One motion to be offered before the convention will be aimed at banning the bags or enforcing a more stringent law on their use.

Contrary to what some men might think, the women are going to do more than talk. They'll listen, too.

One of the speakers, who has caused some consternation to a few California delegates, is Walter Reuther, head of the United Auto Workers. Reuther is to appear Thursday night on a labor-management symposium with Charles Sligh, executive vice president of the National Assn. of Manufacturers.

Last month, the San Gabriel, Calif., division of the women's federation wired national headquarters, asking that someone other than Reuther be invited to appear as the voice of organized labor.

Other convention speakers will include Gen. C. V. R. Schuyler, U.S. chief of staff at SHAPE headquarters; author-lecturer Col. Serge Obelensky, and Dr. Lyman Ginger, past president of the National Education Assn.

Folks Slain; Son Sought

HOBART, Okla. (AP)—A prominent Oklahoma mental health worker and her dairy farmer husband were bludgeoned to death with a crowbar at their home near here Sunday night.

Officers are searching the state for their son who came home Friday on convalescent leave from a state mental hospital.

The victims were Elmer Brillhart, about 46, and his wife Florence, 45. State Crime Bureau agents and highway patrolmen sealed off the area around Hobart in the search for their son, Clark, 24.

Sheriff E. O. (Pete) Peters said young Brillhart told a neighbor Rollie Duggan, that he had killed his parents. Then he drove off in their 1956 two-tone blue auto.

Dr. Wayne Boyd, superintendent of the Western State Mental Hospital at Ft. Supply, Okla., said young Brillhart was admitted to the hospital last Jan. 26 and had been released in the custody of his parents on convalescent leave.

Mrs. Brillhart was recognized in Oklahoma as one of the state's outstanding lay workers in mental health. She also authored non-denominational religious books.

The end apparently came quickly for the couple in the modernistic home on their prosperous 500-acre dairy farm in southwest Oklahoma.

Officers found Mrs. Brillhart's body slumped in her rocking chair, a needle, thread and sewing materials in her lap.

Brillhart was found in the hallway. Nearby was a small bloody crowbar.

Young Brillhart was a senior at Oklahoma State University, studying business administration, when he entered Western State Hospital.
