

### Extension Of Korea Taxes Muled By Demo Writers

WASHINGTON (UPI) — Key Democratic tax writers secretly are considering extending for two more years the high taxes Congress levied during the Korean war on corporations, cigarettes, liquor, beer, wine and automobiles.

President Eisenhower has recommended a one-year extension to avoid loss of about two billion dollars annually in revenue which otherwise would take effect July 1.

Key Democrats believed the administration would not oppose a two-year extension. At Eisenhower's request, Congress has been continuing the levies on a year-to-year basis ever since the Korean war.

Some Democrats foresaw no

likelihood that Eisenhower or Congress would agree to let them lapse next year. Therefore, they said, Congress might as well write a two-year extension now.

In any event, the Democrats must decide soon whether to push for more than a one-year extension. The extension legislation must be enacted by midnight June 30 to avoid loss of excise tax revenue.

The House Ways and Means Committee, which initiates all tax legislation, is expected to approve an extension bill within the next week or two and speed it through the House.

A decision to push for more than a one-year extension would run into sharp opposition from the automobile industry, which wants Congress to allow the temporary 10 per cent excise tax on automobiles to drop back to the permanent seven per cent rate.

But the industry was unable to swing much weight last year in halting another extension of the temporary tax, even though it was suffering from a drop in sales which had resulted in heavy layoffs of workers.

Extension of the temporary sales would keep the tax on corporation income at 52 per cent, instead of allowing it to drop back to the permanent 47 per cent rate.

### Rules Seek Land Lease

WASHINGTON (AP) — More extensive leasing of Indian lands for underground storage of oil and gas would be permitted under new regulations proposed Sunday by the Interior Department.

The proposal, covering both tribally and individually owned lands which are in federal trust or restricted status, would permit such leasing of lands which are under oil and gas production leases as well as of those which are not. Under present regulations leasing for storage has been limited to lands not under production lease.

Rentals or storage fees to be paid the Indian owners would be established in each individual case at a rate considered adequate.

The new regulations are to implement a law enacted Aug. 1, 1958.

Interested persons may submit comments to the Indian Commissioner here within 30 days after the proposal is published in the federal register.

The storage would be in exhausted gas and oil fields which have been proven capable of acting as storage areas without too great a loss due to leakage.

### Billy Graham Flies To Europe

BRISBANE, Australia (AP) — Billy Graham was flying to Europe today, his three-month revival campaign in Australia and New Zealand a huge success.

About 5,000 people stood in a heavy rain at the airport to say goodbye to the American evangelist.

Graham planned to spend a few days in Zurich, then join his wife for a holiday in Britain.

Organizers said the total attendance at Graham's three months of meetings totaled 3,217,500. Devotions for Christ totaled more than 140,000.

### Expert Blames Worker Apathy

LOS ANGELES (AP) — An industrial relations expert says most workers are "not dissatisfied, only disinterested, in their unions."

Members rarely want to participate in union affairs, Dr. Irving Bernstein told a House Labor subcommittee Friday. Bernstein is associate director of the UCLA Institute for Industrial Relations.

But apathy is not unusual in American life, he added, and cited meager participation in local elections to prove his point.

The subcommittee ended a two-day hearing on labor reform legislation.

### SKINNY ENFORCEMENT

NEWCASTLE-ON-TYNE, England (UPI) — Two skinny constables caught a skinny burglar yesterday. The burglar broke into a warehouse through a skylight. Investigating policemen were too big around the waist to get through the opening so headquarters sent out an urgent call for skinny constables. Two of the constables managed to get through the skylight and captured the burglar.

**JACKSON, Miss.** (UPI)—W. W. Frost, who spent 22 years as a revenue agent, said Friday that years ago most moonshiners made well-aged, smooth-tasting corn whisky and generally resorted to a shotgun when "revenooers" visited them.

Today, he said, moonshine is a foul, burning potion and most present day moonshiners call a lawyer rather than shoot it out with revenue agents.

### Police Arrest Ex-Convict For Rape Of LA Girl, 18

TEMPLE CITY, Calif. (UPI)—A pretty 18-year-old blonde was kidnaped at gunpoint Sunday from her date's car and held eight hours by a rapist.

Nancy Gottfredson of South Pasadena said her attacker raped her, forced her to pose in the nude while he took photographs and threatened her life before releasing her in nearby Alhambra.

A suspect, Robert A. Smith, 32, an ex-convict who served prison terms both for robbery and rape, was arrested 15 minutes after the girl's release.

Sheriff's deputies said Smith surrendered meekly and admitted the rape-kidnaping.

Miss Gottfredson was sitting in the car at a lovers' lane with a 20-year-old Marine when a man came to the car about 1 a.m. carrying a .22-caliber rifle.

The man ordered both Miss Gottfredson and the Marine, John C. Ulrich, out of the car. They hesitated and he shoved the gun's muzzle in a window.

"When we saw the gun we were even more scared, so we got out," said Ulrich.

The attacker forced Miss Gottfredson to bind Ulrich's hands and feet with adhesive tape and then taped her hands behind her back. He also took \$1 from Ulrich and \$3 from the girl.

The young Marine freed himself from his loosely-tied bonds in a short time and managed to chase the fleeing kidnaper for several minutes before losing sight of the car.

Miss Gottfredson wasn't seen until eight hours later when two off duty deputies spotted her wand-

ering in the street and took her to the sheriff's substation here.

Disheveled and tearful, the frightened girl fell into the arms of her anxious parents.
