Former 5th Grade Teacher Sees Graduation Of Pupils

Carl Hardin, who used to teach at Mills School, left Klamath Falls for the second time since 1953 Wednesday. And thus ended a reunion with students he taught as fifth graders. He watched them graduate from Klamath Union High School Tuesday evening. "My, how they've changed," he said during an informal get-together in Veterans Memorial Park Tuesday afternoon. "I would have known Karen, but not very many of the others." He was referring to Karen Storm who has written him and his wife and family two or three times annually at their home since leaving Klamath Falls in Plaza Del Rey, near Santa Monica. He was a guest at the home of Karen's parents, Mr. and Mrs. Paul Storm of 2237 Wantland Avenue, since he explained from Santa Monica Tuesday morning and before he flew back Thursday morning. Hardin, whose pupils at Mills School never forgot him, promised them when he left to accept a teaching position at Santa Monica.
