MARYLYN METLER is a combination of beauty, poise and integrity. She is the daughter of Mr. and Mrs. Everett E. Metler and a product of the cultural activities offered by her native community, Klamath Falls. Her list of activities at KUHS, from where she was graduated last week, included the Latin, science and library clubs, the Pep Peppers, the rally squad, band, dramatics and the honor society. Her first love is the Church of Jesus Christ of Latter Day Saints where she teaches Sunday School. Her second love is ballet which she someday plans to teach. She will enter the University of Utah where she will join Barbara Blanchard, a '58 KUHS graduate, to complete her ballet training under Bill Christensen. The two girls, students for eight years of Edna Howell at the Normadean Studio, qualified for advanced placement at both the San Francisco Ballet Company and University of Utah ballet classes.

Marylyn appeared at Mills School Auditorium on Thursday evening. Local dance patrons recognized her brilliant speed as a Can-Can dancer, her emotional impact as a primitive dancer and the precise technique necessary to becoming a successful ballerina.

Following the revue Fiona Fuerstner, awarded to Marylyn a scholarship to attend summer classes at the San Francisco Ballet School of which she is a featured soloist. Because Marylyn had previous plans for the summer the scholarship will be used by the advanced students who will accompany Edna Howell for late summer classes at the ballet school in the bay city.
