By FLORENCE JENKINS

**Tom Williams, Crater Lake National Park superintendent,** announces two bid openings for work to be done at the Oregon Caves some 35 miles from Grants Pass. Bids will be opened at his office in the park at 3 p.m. on June 23 for construction of a 4,000 foot aerial cable power line (to be hung in trees), 2,400 volt capacity, single phase, to connect with Copco transmission line about three-quarters of a mile from Oregon Caves, to serve the residences of park personnel at the Caves. . . . at 2 p.m. on June 23, bids will be opened in the Crater Lake National Park offices, Federal Bldg., Medford, by Williams for construction of a 2-bedroom frame residence with 2-car garage and facilities to be located about a mile and a half below Oregon Caves. . . . work includes installation of oil furnace for heating and electric cooking facilities, 1,200 foot water line, 5,000 gallon water tank and a 1,000 gallon septic tank and disposal field. . . . plans and specifications on both bid invitations available only from Western Office, Division of Design & Construction, National Park Service, 1900 Geary St., San Francisco.

Group, whose national headquarters are at 3198 Findlay St., Seattle 18. . . . Mrs. Schlotfeldt turned in the most complete description of the last "fire ball" reported over Klamath Falls about two years ago and was later asked to take a compass reading of the site from which she witnessed the phenomena. . . . she is a business department employe of the Herald and News.

Bids will be opened at 2 p.m. on June 9 by the Bureau of Indian Affairs, 878 Interior Bldg., Portland, for cinder base and crushed rock surfacing of 8.25 miles of Bray Mill-Lone Pine Road, Klamath Indian Reservation, six miles northeast of Chiloquin (KIR P-21). . . . quantities, 23,500 cubic yards special subbase, grading B; 11,000 cubic yards crushed aggregate base, grading E. . . . at the same hour, the bureau will open bids for construction of reinforced concrete bridge on Ivory Pine Road on the reservation, three miles north of Beatty; KIR S-531). . . . plans with bureau office at Portland.

**Ray Summers and Keith George,** from the Portland office of Johnson-Lieber Co., were Klamath Falls visitors during last week. . . . they were introducing to local stores Container Corporation's new Pak-a-Pic heavy waxed container for all outdoor eating. . . . with disposable plates, cups, bowls and utensils, now the food containers can be equally disposable. . . . the merchandise is expected to reach Klamath Falls in two or three weeks.

**Bob Norris,** federal game management agent, is home from six weeks in Canada where he cooperated in a bird count and inspected nesting of waterfowl in the north. . . . dry conditions prevail there, too, Norris said.

Don't plan on quick whirl through Oregon's Centennial Exposition. . . . **John Hyatt,** exposition operations director, says it will take at least three days to cover the attractions in the big 11-acre building and the surrounding attractions outside. . . . there will be something for everybody at the exposition opening on June 10 and running for 100 days. . . . a major feature will be the International Trade Fair with 21 foreign nations exhibiting as well as a large number of importers. . . . from June 9 through 14 there will be an art festival in the Park Blocks in Portland. . . . Rose Festival activities will be held the same date with the grand floral parade on June 13. . . . Ice Capades at the Centennial Exposition Arena will open to the public the evening of June 12 and run to the 25th.

**William Wales, Jr.,** local civil and structural engineer, recently attended the invitational Prestressed Concrete Seminar at Eugene, sponsored by Prestressed Concrete Producers Association of Oregon. . . . representatives from Morse Bros. Prestressing, Harrisburg, Ross Island Sand & Gravel and Empire Prestressed Concrete of Oregon, both of Portland, formed the panel. . . . principal talks on history, development and forecast for prestressed concrete were given by Dr. T. Y. Linn, professor of civil engineering, University of California at Berkeley and partner in T. Y. Linn & Associates. . . . prestressing concrete has really gained acceptance just since 1951. . . . 100,000 pounds of tension per square inch is applied to the beams, etc., are heavy, weighing about 150 pounds per cubic foot. . . . Dr. Linn indicated that the savings in labor and materials through the use of precast concrete are more than offset by transportation costs if hauling dis-

June is Dairy Month and the Klamath Country has the finest dairy products available anywhere. . . . remember the dairy people's admonition. . . . "You never outgrow your need for milk."

**Klamath Fence Co.,** 1740 Riverside St., Klamath Falls, has been awarded a contract for construction of 20 miles of barbed wire fence near Cedarville for the Bureau of Land Management and James H. Davis, according to Mark Carman of the local company. . . . Klamath Fence Co. has added a new department in addition to fence construction, Carman states. . . . it now has for sale a complete line of chain link wire and fittings, both wholesale and retail.

A nationwide conference of high-level plywood executives will be held in Atlantic City on June 15, 16 and 17, sponsored by National Plywood Distributors Assn. . . . Portland office is at 530 Terminal Sales Bldg.

**Marple's Business Roundup,** published by Elliot Marple, 407 Bay Bldg., Seattle, a twice-a-month business letter, observed its tenth anniversary in May with a double-size issue. . . . the double issue was chosen to give perspective to present-day developments by highlighting some of the changes of the past 10 years. . . . "the second section looks to the challenge of the next 10 years."

**Marie Schlotfeldt,** 3248 So. 6th St., has been asked to serve as Klamath district representative of Aerial Phenomena Research

**PARADE** organizers for the Klamath Falls Junior Chamber of Commerce are, from left, John DeShazo, chairman; John Heilbronner, music chairman and Bill Bright, chairman of floats. They need entries for their annual Fourth of July Parade.

## Dean Of Oregon Papers Celebrates 90th Birthday

**GRANTS PASS (UPI)—Amos E. Voorhies,** the dean of Oregon newspaper publishers, celebrated his 90th birthday Saturday feeling much better "than so many much younger men I see."

Voorhies is still busy every day at the Grants Pass Courier, which he purchased 62 years ago when it was a struggling weekly. And recently he served as grand marshal of the city's Centennial parade on Memorial Day.

He now shares the publishing load with his son, Earle E. Voorhies, and his grandson, John E. Voorhies. His own working routine includes the filing of photographs in his picture-conscious afternoon paper, compiling of items from the paper of 30, 40, 50 and 60 years ago used as a Saturday feature, and supervision of a 75th anniversary edition scheduled for publication April 3, 1960.

He is known affectionately as "The Boss" to everyone in his own shop and to nearly everyone in town.

Born on a farm near Greenville, Michigan, Voorhies went to Portland after graduating from high school and worked as a printing apprentice. Working on the Portland Sun when it ceased publication in 1895, he came to Grants Pass as printing foreman on the Oregon Observer.

He lost his job the next year because of a depression. But he recalled today that a spokesman for a group of five local businessmen came to him and said: "Amos, you have made good here and we don't want you to leave. We know you and we want you to stay. If you will get Mr. (C. S.) Price to go in with you we will sign your note for \$400."

"This was half the first payment on the purchase of the Rogue River Courier, a struggling weekly paper then for sale," Voorhies said.

"Those men had also assured me in writing that they would continue backing the note if at any time exceeds 80 to 100 miles. . . . it was reported at the seminar that four of the big precast concrete beams for the West Side Bypass broke on the 300-mile trip from Portland to Klamath Falls.

for the best interests of the community. . . . "There are more good people than bad people in every community."

Voorhies' roots go back more than half a century in many areas of Grants Pass life. He has been clerk of the Bethany Presbyterian Church congregation for 50 years and a member for 64 years. He has been a Shriner and an Elk for 50 years, a member of the Oregon Press Association for 39 years and is a former president. And he has lived on the corner of Second and Southwest B streets here for 39 years.

He has one great-grandchild, Sandra Voorhies, 6, daughter of Mr. and Mrs. John Voorhies.

## Stork Due Star's Wife

**HOLLYWOOD (AP)—Mickey Rooney** and the blonde starlet he said he secretly married in Mexico are expecting a baby in October.

"I'm so happy I could bust!" the actor said by telephone Friday from Las Vegas, where he is appearing. Rooney, 38, said he married Barbara Thomson, 22, Dec. 1 after a quickie Mexican divorce from Elaine Mahknen, his fourth wife. She divorced him in Santa Monica, Calif., May 18, but the decree won't be final in California for one year.

Rooney said the coming birth announcement, only two days after his announcement of the Mexican divorce and remarriage, made this week "kind of hectic." He said his wife told him about the baby three months ago, while their marriage was still secret.

## Jaycees Make Preparation For Fourth Of July Parade

The Klamath Basin Junior Chamber of Commerce is deep into preparation for its annual Fourth of July Parade.

Chairman John DeShazo announced that the theme of this year's parade will be "Parade of Time," to tie in with the state Centennial celebration. . . . Winning entries will be those which best depict a phase of Oregon history, modern or antique. As before, all types of organizations in the community are invited to submit parade entries. An entry blank is furnished on page 4A for that purpose, or they may be acquired at Radio Station KFLW, 227 Main Street; at the Klamath Falls Branch of the First National Bank, corner of Sixth and Main streets; at Leo's Camera Shop, 836 Main Street, or at Rogers Jewelry, 717 Main Street.

Entries should be mailed to the Klamath Jaycees Parade Chairman, P.O. Box 407, Klamath Falls; as soon as possible and no later than June 25.

Twelve trophies will be awarded, including a grand prize trophy

for the best all-around entry, a trophy for the float which best describes the theme and trophies for the best commercial, organizational and community floats.

Other awards will go to the best musical group, the best mounted group, to those wearing best costumes, to the best matched pair of horses, to the most humorous and the most unusual entries, and to the best marching group.

Others working on the parade are John Heilbronner, music chairman, Bill Bright, floats chairman and Frank Griffiths, publicity.

The local Jaycees will also operate a concession stand during the National Championship Intercollegiate Rodeo to be sponsored by Oregon Technical Institute on the Fourth of July.

## Log Crossings Requests Okayed

The state Public Utilities Commission recently granted requests for four logging access crossings of public highways to lumber companies in Klamath Falls and Gilchrist.

Weyerhaeuser Timber Company of Klamath Falls submitted requests for three of the crossings. They are on the Ashland-Klamath Falls Highway 66 near mile post 37, nine miles east of Pinehurst and 13 miles east of Pinehurst.

The Gilchrist Lumber Company was allowed to build a crossing on Highway 31 near Lapine. Crossings must be constructed and maintained to specifications put forth by state law.

## Solons Pass Adoption Law

A law passed by the 1959 Oregon Legislature will permit county welfare departments to place children for adoption.

Mrs. Julia Brown, county welfare administrator, said the law becomes effective next January 1. At present, Mrs. Brown said, private agencies only are permitted to handle adoptions in the state.

Here are other laws affecting welfare administration: Administrators of estates of decedents who had been on public welfare must notify the State Public Welfare Administration 10 days before accounts are settled.

A 10-member joint interim committee was established to study the administration of public welfare in the state. The committee is to be composed of four representatives, three state senators and three members named by the governor. It is to report to the 1961 session.

A bill sponsored by Sen. Harry Boivin and Reps. Carl Yancey and John Kerbow, all of Klamath County, changes the name of the Aid to Permanently and Totally Disabled program to Aid to Disabled.

ATTENDING WORKSHOP

Jim Allen of the Herald and News retail advertising staff will be in Portland all of this week attending the Bureau of Advertising Workshop. The workshop is an advanced training course for a selected group of newspaper advertising men.
