"If that's Herbie, tell him I'm not here, but hesitate first so he won't believe you!"

Convicted Atomic Spy May Be Freed From Jail

LONDON (AP)—In a few more weeks the gates of prison will probably swing open for the man they call the deadliest spy in history.

Klaus Fuchs will be free after serving nine years for betraying Western atomic secrets to the Soviet Union — secrets that probably enabled the Soviets to produce an atomic bomb five years sooner than they could have otherwise.

Home Secretary Richard A. Butler probably will tell the House of Commons this week what happens next to the German-born scientist.

As a docile, model convict, Fuchs, 47, is believed to have earned the maximum remission of one-third of the 14-year sentence passed on him at London's Old Bailey in March 1950.

This would make him due for release early next month.

He could be deported. Although Fuchs acquired British citizenship in 1942, he lost it after being sentenced.

But demands have been raised in press and Parliament that Fuchs should be prevented from going to live in the Communist East for fear he may pass over more secrets or use his scientific learning to the Reds' advantage.

For seven years Fuchs worked with British nuclear scientists. Part of that time he was on the British team that worked with American nuclear scientists during World War II.

American and British scientists generally agree that the knowledge he acquired during that time would probably be of little use to the Soviets after all these years.

But fears have been expressed that his brilliant brain still could be put to service in Communist laboratories. It also has been argued that Fuchs' presence behind the Iron Curtain could prove a powerful propaganda fillip for the Soviet bloc.

Comedian Signs Whopping Pact

HOLLYWOOD (AP) — Jerry Lewis has signed a 10-million-dollar contract which Paramount Studios said is the biggest price paid in Hollywood for the services of one star.

The seven-year contract calls for the comedian to make 14 pictures — seven by Paramount-York Corp. and seven by Jerry Lewis Productions Inc.

Reports seeping out of Wakefield Jail in northern England say Fuchs has expressed a desire to live in East Germany with his father, Prof. Emil Fuchs, 65, of Leipzig University.

If he really wants to go, there is some doubt that British authorities could prevent him.

Other reports say Fuchs has shed his Communist convictions and wants to work again for British science. But it is certain the British would never again trust him with even the smallest secrets.

In Leipzig, Prof. Fuchs declined to comment on his son's plans. The father was honored last month with the East German Order of the Fatherland on his 65th birthday.
